Seven Stories Of Modern Japan:

Modern Japanese Short Stories Ivan Morris, 2019-07-16 *Modern Japanese Short Stories* is a remarkable collection of Japanese stories from the pioneers of contemporary Japanese literature. This volume's twenty-five stories by as many authors display a wide range of style and subject matter, offering a revealing picture of modern Japanese culture and society. The stories in this anthology include *Tattoo* by Junichiro Tanizaki: a large spider tattooed on the back of a young woman results in unexpected changes; *Autumn Mountain* by Ryunosuke Akutagawa: vivid memories of a beautiful painting leads a man to wonder if it ever actually existed; *The Priest and His Love* by Yukio Mishima: a Buddhist priest finds his path to enlightenment challenged after falling in love; *The Moon on the Water* by Nobel Prize winner Yasunari Kawabata: a young woman who cared for her ailing first husband through most of their marriage regrets remarriage after his death. Featuring a new foreword by Japanese literary scholar Seiji Lippit and striking woodcut illustrations by Masakazu Kuwata, the stories are translated by the editor Ivan Morris and Edward Seidensticker. George Saito and Geoffrey Sargent. This collection of short stories shows why Japanese literature is so highly valued today: it teaches not only about Japan but about the human condition and the possibilities of art.

The Columbia Anthology of Modern Japanese Literature J. Thomas Rimer, 2007-04-24 In Volume 2 of Columbia's comprehensive anthology of modern Japanese literature, thoughtfully selected and carefully translated readings portray the vast changes that have transformed Japanese culture since the end of the Pacific War. Beginning with the Allied Occupation in 1945 and concluding with the early twenty-first century, these stories, poems, plays, and essays reflect Japan's heady transition from poverty to prosperity, its struggle with conflicting ideologies and political beliefs, and the growing influence of popular culture on the country's artistic and intellectual traditions. Organized chronologically and by genre, within each period readings include fiction by Hayashi Fumiko and Oe Kenzaburo, poems by Ayukawa Nobuo, Katsura Nobuko, and Saito Fumi, plays by Mishima Yukio and Shimizu Kunio, and a number of essays among them. Eto Jun on Natsume Soseki and his brilliant novel *Kokoro*, The Heart of Things, and Kawabata Yasunari on the shape of his literary career and the enduring influence of classical Japanese literature. Some authors train a keen eye on the contemporary world, while others address the historical past and its relationship to modern culture. Some adopt an even broader scope and turn to European models for inspiration, while others look inward, exploring psychological and sexual terrain in new, often daring ways. Spanning almost six decades, this anthology provides a thorough introduction to a profound period of creative activity.

Negotiating Censorship in Modern Japan Rachael Hutchinson, 2013-08-21 Censorship in Japan has seen many changes over the last 150 years, and each successive system of rule has possessed its own censorship laws, regulations, and methods of enforcement. Yet what has remained constant through these many upheavals has been the process of negotiation between censor and artist that can be seen across the cultural media of modern society. By exploring censorship in a number of different Japanese art forms, from popular music and kabuki performance through to fiction, poetry,

and film across a range of historical periods this book provides a striking picture of the pervasiveness and strength of Japanese censorship across a range of media the similar tactics used by artists of different media to negotiate censorship boundaries and how censors from different systems and time periods face many of the same problems and questions in their work The essays in this collection highlight the complexities of the censorship process by investigating the responsibilities and choices of all four groups artists censors audience and ideologues in a wide range of case studies The contributors shift the focus away from top down suppression towards the more complex negotiations involved in the many stages of an artistic work all of which involve movement within boundaries as well as testing of those boundaries on the part of both artist and censor Taken together the essays in this book demonstrate that censorship at every stage involves an act of human judgment in a context determined by political economic and ideological factors This book and its case studies provide a fascinating insight into the dynamics of censorship and how these operate on both people and texts As such it will be of great interest to students and scholars interested in Japanese studies Japanese culture society and history and media studies more generally

Representing the Other in Modern Japanese Literature Rachael Hutchinson, Mark Williams, 2006-09-27 *Representing the Other in Modern Japanese Literature* looks at the ways in which authors writing in Japanese in the twentieth century constructed a division between the Self and the Other in their work Drawing on methodology from Foucault and Lacan the clearly presented essays seek to show how Japanese writers have responded to the central question of what it means to be Japanese and of how best to define their identity Taking geographical racial and ethnic identity as a starting point to explore Japan's vision of non Japan representations of the Other are examined in terms of the experiences of Japanese authors abroad and in the imaginary lands envisioned by authors in Japan Using a diverse cross section of writers and texts as case studies this edited volume brings together contributions from a number of leading international experts in the field and is written at an accessible level making it essential reading for those working in Japanese studies colonialism identity studies and nationalism *Paulownia*, 1918 *Seven Stories of Modern Japan* Leith Morton, 1991 The short stories of this collection deal with the lives of ordinary people in the context of the changes in Japanese society during the early years of rapid industrialization and later during the Pacific War and its aftermath **The Oxford Book of Japanese Short Stories** Theodore William Goossen, 2002 Beginning with the first writings to assimilate and rework Western literary traditions through the flourishing of the short story genre in the cosmopolitan atmosphere of the Taisho era to the new breed of writers produced under the constraints of literary censorship and the current writings reflecting the pitfalls and paradoxes of modern life this anthology offers a stimulating survey of the entire development of the Japanese short story *More Stories by Japanese Women Writers: An Anthology* Kyoko Siden, 2014-12-18 This anthology introduces sixteen modern Japanese women writers spanning a century in time and a wide range of life circumstances and literary styles No other collection offers such a diversity of women's voices **The to Z of Modern Japanese Literature and Theater** Scott J.

Miller, 2010-04 With the Meiji Restoration in 1868 Japan opened its doors to the West and underwent remarkable changes as it sought to become a modern nation Accompanying the political changes that Western trade ushered in were widespread social and cultural changes Newspapers novels poems and plays from the Western world were soon adapted and translated into Japanese The combination of the rich storytelling tradition of Japan with the realism and modernism of the West produced some of the greatest literature of the modern age The A to Z of Modern Japanese Literature and Theater presents a broad perspective on the development and history of literature narrative poetry and drama in modern Japan This book offers a chronology introduction bibliography and over 400 cross referenced dictionary entries on authors literary and historical developments trends genres and concepts that played a central role in the evolution of modern Japanese literature *The Columbia Anthology of Modern Japanese Literature: From 1945 to the present* J. Thomas Rimer, Van C. Gessel, 2005 This comprehensive anthology collects works of fiction poetry drama and essay writing from a pivotal time in Japanese history In addition to their literary achievements the texts reflect the political social and intellectual changes that occurred in Japanese society during this period including exposure to Western ideas and literature the rise of nationalism and the complex interaction of traditional and modern forces The volume offers outstanding often new translations of classic texts by such celebrated writers as Nagai Kafu Shimazaki Toson Natsume Soseki Kawabata Yasunari and Yosano Akiko The editors have also unearthed works from lesser known women writers many of which have never been available in English Organized chronologically and by genre within each period the volume reveals the major influences in the development of modern Japanese literature the Japanese classics themselves the example of Chinese poetry and the encounter with Western literature and culture Modern Japanese writers reread the classics of Japanese literature infused them with contemporary language and refashioned them with an increased emphasis on psychological elements They also reinterpreted older aesthetic concepts in light of twentieth century mentalities While modern ideas captured the imagination of some Japanese writers the example of classical Chinese poetry remained important for others Meiji writers continued to compose poetry in classical Chinese and adhere to a Confucian system of thought Another factor in shaping modern Japanese literature was the example of foreign works which offered new literary inspiration and opportunities for Japanese readers and writers Publisher's description
