Seventeen Martyrs:

The Era of the Martyrs Aaltje Hidding, 2020-08-24 One of the most traumatic experiences of Late Antique Christians was the Great Persecution begun by Emperor Diocletian and his Tetrarchic colleagues in 303 CE Here Aaltje Hidding unites research of traditional memory studies with work done by cognitive scientists to examine how they remembered the Persecution The resulting methodological framework the cognitive ecology systemically studies all what can be covered by this term social surroundings cognitive artefacts and the physical environment and bridges the gap between individual and collective memory The author analyses the remembrance of the Persecution in three different regions along the Nile river In Oxyrhynchus the thousands of papyrus fragments found at the city's rubbish dump give a vivid image of the martyrs in the daily lives of the Oxyrhynchites In Antinoopolis known for the cult of the physician saint Colluthus she zooms in on the rituals and practices at a martyr's sanctuary Finally in Dandara the rich hagiographical dossier of the anchorite Paphnutius shows how old memories of the Persecution became mixed with new monastic experiences The Bohairic and Greek Passion of Paphnutius appear in their first complete English translations **The Lives of the Fathers, Martyrs, and Other**

Principal Saints Alban Butler, 1833 **The Oxford History of British and Irish Catholicism, Volume I** James Edward Kelly, John McCafferty, 2023 The first volume of The Oxford History of British Irish Catholicism explores the period 1530-1640 from Henry VIII's break with Rome to the outbreak of the civil wars in Britain and Ireland It analyses the efforts to create Catholic communities after the officially implemented change in religion as well as the start of initiatives that would set the course of British and Irish Catholicism including the beginning of the missionary enterprise and the formation of a network of exile religious institutions such as colleges and convents This work explores every aspect of life for Catholics in both islands as they came to grips with the constant changes in religious policies that characterised this 110 year period Accordingly there are chapters on music on literature in the vernaculars on violence and martyrdom and on the specifics of the female experience Anxiety and the challenges of living in religiously mixed societies gave rise to new forms of creativity in religious life which made the Catholic experience much more than either plain continuity or endless endurance Antipope or the extent to which Catholics became a symbolic antitype for Protestants became in many respects a kind of philosophy about which political life in England Scotland and colonised Ireland began to revolve At the same time the legal frameworks across both Britain and Ireland which sought to restrict fine or exclude Catholics from public life are given close attention throughout as they were the daily exigencies which shaped identity just as much as devotions liturgy and directives emanating from the Catholic Reformation then ongoing in continental Europe **Notes and Queries**, 1915 **Augustine and Tradition** David G. Hunter, Jonathan P. Yates, 2021-11-23 An indispensable resource for those looking to understand Augustine's place in religious and cultural heritage Augustine towers over Western life literature and culture both sacred and secular His ideas permeate conceptions of the self from birth to death and have cast a long shadow over subsequent

Christian thought But as much as tradition has sprung from Augustinian roots so was Augustine a product of and interlocutor with traditions that preceded and ran contemporary to his life This extensive volume examines and evaluates Augustine as both a receiver and a source of tradition The contributors all distinguished Augustinian scholars influenced by J Patout Burns and interested in furthering his intellectual legacy survey Augustine s life and writings in the context of North African tradition philosophical and literary traditions of antiquity the Greek patristic tradition and the tradition of Augustine s Latin contemporaries These various pieces when assembled tell a comprehensive story of Augustine s significance both then and now Contributors Alden Bass Michael Cameron John C Cavadini Thomas Clemmons Stephen A Cooper Theodore de Bruyn Mark DelCogliano Geoffrey D Dunn John Peter Kenney Brian Matz Andrew McGowan William Tabbernee Joseph W Trigg Dennis Trout and James R Wetzel

Sacred and Secular Martyrdom in Britain and Ireland since 1914 John Wolffe,2019-11-28 During and immediately after the First World War there was a merging of Christian and nationalist traditions of martyrdom expressed in the design of war cemeteries and war memorials and the state funeral of the Unknown Warrior in 1920 John Wolffe explores the subsequent development of these traditions of sacred and secular martyrdom analysing the ways in which they operated sometimes in parallel sometimes merged together and sometimes in conflict with each other Particular topics explored include the Protestant commemoration of Marian and missionary martyrs and the Roman Catholic campaign for the canonization of the saints and martyrs of England Secular martyrdom is discussed in relation to military conflicts especially the Second World War and the Falklands In Ireland there was a particularly persistent merging of sacred and secular martyrdom in the wake of the Easter Rising of 1916 although by the time of the Northern Ireland Troubles in the later twentieth century these traditions diverged In covering these themes the book also offers historical and comparative context for understanding present day acts of martyrdom in the form of suicide attacks **365**
