

Seventeenth Century France

Sharon Kettering

Seventeenth Century France:

Absolutism and Society in Seventeenth-Century France William Beik, 1985 This analysis of the provincial reality of absolutism argues that the relationship between the regional aristocracy and the crown was a key factor in influencing the traditional social system of seventeenth century France **Women in Seventeenth-century France** Wendy Gibson, 1989

This book aims to trace the life of the seventeenth century Frenchwoman from cradle to the grave through mainly contemporary primary sources which include just about everything from collections of laws to traveller s tales Rather than reworking and refuting the twentieth century experts in the field the author works directly through from birth and childhood through matrimony women at work and in political life manners and religion to conclusive death **Ideology and Culture**

in Seventeenth-century France Erica Harth, 1983 **Artisans of Glory** Orest Ranum, 2017-03-01 Ranum analyzes the canons of writing history and describes the lives and achievements of the royal French historiographers He examines the manner in which these writers described and in some sense created the glory that surrounded the lives of the nobility hoping by so doing to enhance their own glory Through studying the careers of these men the author demonstrates how rhetorical ideological and social beliefs determined the way history was written Originally published in 1980 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value **Salons, History, and the**

Creation of Seventeenth-Century France Faith E. Beasley, 2017-09-29 The first half of the book is a detailed study of how the salons influenced the development of literature Beasley argues that many women were not only writers they also served as critics for the literary sphere as a whole In the second half of the book Beasley examines how historians and literary critics subsequently portrayed the seventeenth century literary realm which became identified with the great reign of Louis XIV and designated the official canon of French literature Beasley argues that in a rewriting of this past the salons were reconfigured in order to advance an alternative view of this premier moment of French culture and of the literary masterpieces that developed out of it Through her analysis of how the seventeenth century salon has been defined and transmitted to posterity Beasley illuminates facets of France s collective memory and the powers that constituted it in the past and that are still working to define it today *Patronage in Sixteenth- and Seventeenth-century France* Sharon Kettering, 2002 The dual

themes of this volume are the characteristics of patronage relationships and their political uses in early modern France The first essays provide an overview of the scholarly literature and suggest that the obligatory reciprocity of the patron client exchange was a defining characteristic The third and fourth essays compare patronage relationships with kinship and friendship while the following two focus on the patronage role of noblewomen Professor Kettering then looks at the role of brokerage in state formation in early modern France comparing this with other early modern societies In the final section she

explores the role of patronage in the religious wars of the late 16th century and in the civil war of the Fronde a half century later and the ways in which it was affected by the changing lifestyles of the great nobles during the late 17th century

Ideas in Seventeenth-century France E. J. Kearns, Edward John Kearns, 1982 **Church and Culture in Seventeenth-Century France** Henry Phillips, 2002-05-02 A study of the involvement of the Catholic Church in the cultural life of France in the seventeenth century **An Introduction to Seventeenth Century France** John Lough, 1969
Culture and Society in Seventeenth-century France David Maland, 1970
