Hart, 2011 This book is written primarily for young readers aged 9 to 11 years but is also of value to their teachers friends and families This story follows a group of elementary school students as they travel to a nearby Indian reservation to join with Indian children and hear an Anishinabe elder tell of the Seven Fires

Prophecy a teaching of ancient wisdom that foresaw long ago what might become of the Anishinabe people The prophets had foretold that the Anishinabe people would need to move from their Atlantic coast homeland westward throughout and beyond the Great Lakes to recognize the existence of good and bad among all people and learn how to deal with these different traits to anticipate struggles among and between people of different cultures to gather and protect their native wisdom in the face of efforts to destroy or erase it and according to the prophecy of the Seventh Fire to be prepared to recall and share that wisdom when the time was right The elder concluded his presentation by suggesting that now might be the time for all of Earth s people to consider adopting more balanced holistic world views such as those of the Anishinabe people in order to deal with the many social and environmental problems facing the modern world Indigenous people all over the world still possess the wisdom of how to think with their minds and hearts If we bring this way of decision making into our lives it will help us create the positive change we need to make We are living in the time of the Seventh Fire It s up to all of us to determine if the Seventh Fire will light the Eighth and final Fire of peace and healing If we make the right choices we will be successful Are we the new people of the Seventh Fire Could you be the Children of the Seventh Fire After finishing the story the elder asked questions of the students they responded discussions ensued ideas were formed Then they returned to their communities and in many different ways acted upon what they had learned from Kinoo s teaching of the Seven Fires Prophecy Could you your family your friends and your neighbors also be Children of the Seventh Fire Indigenous wisdom draws upon the complex holistic perspectives of traditional lifeways to help inform children and adults with a more comprehensive and balanced understanding of the modern world and its challenges Such balanced insight helps individuals to make better informed decisions in all areas of their lives Indigenous Social Work around the World Professor John Coates, Professor Michael Yellow Bird, Professor Mel Gray, 2012-12-28 This volume brings together prominent international scholars involved in both Western and indigenous social work across the globe including James Midgley Linda Briskman Alean Al Krenawi and John R Graham to discuss some of the most significant global trends and issues relating to indigenous and cross cultural social work Political Spirituality for a Century of Water Wars James W. Perkinson, 2019-04-11 This book offers resources for re imagining the biblical vision of water for a time quickly emerging as the century of water wars It takes its urgency from the author s 5 year activist engagement with a grass roots led social movement pushing back on Detroit water shutoffs as global climate crises intensify Concerned with both white supremacist biopolitics and continuing settler colonial reliance on the Doctrine of Christian Discovery and beholden to an interreligious methodology of crossing over and coming back the text creatively re reads the biblical tradition under tutelage to the mythologies and practices of various indigenous cultures Algonquian Huron Haitian Vodouisant and Celtic Norman whose embrace of water is animate and spiritual as well as political and communal Not enough today merely to engage the political battle over water rights however indigenous wisdom and biblical prophecy alike insist that recovery of water spirituality is central to a sustainable future
