Desmond Alexander, David W. Baker, 2002-12-13 Exploring the major themes and issues of the Pentateuch this encyclopedic work offers authoritative overviews detailed examinations and new insights from the world of the ancient Near East Edited by T Desmond Alexander and David W Baker **The Sacred Fire** Ben Zion Goldberg, 1931 *Fundamentalism in America*

Philip Melling, 2013-12-02 This important book challenges the idea that religious fundamentalism can adequately be understood as a paranoid xenophobic faith. It demonstrates instead how it draws upon a long tradition of evangelical and millennialist scripture in its engagement with issues at the spiritual and ethical core of postmodernity in the United States. The author examines the varieties of fundamentalism as they appear in prophecy, sermon, film, and fiction. In its wide-ranging consideration of the rhetoric of the New World Order, the literature of prophecy, Cold War films, television evangelism, cross-border texts, and post-nationalist writing, *Fundamentalism in America* provides a vital and compelling account of the present state of religious and nationality identity in the United States. The Quest for Context and Meaning Talmon, Craig A.

Evans, 2021-11-15 This collection of studies is published in honor of Professor James A. Sanders, a leading scholar in the fields of the canon of Scripture, textual criticism, and the relationship of the two Testaments. Contributors include leading scholars in these and related fields of study. The studies investigate in what ways the early sacred tradition was interpreted and how this tradition takes new shape in the Jewish and Christian communities of faith. Included are studies of Jesus' understanding of Scripture, Paul's interpretation of Scripture, and the ways in which Scripture was interpreted by the Rabbis. In many instances, novel interpretations and new approaches to old problems are offered. Advanced students and veteran scholars will enjoy the many insights and provocative new ideas.
