Sex And The Mysteries:

Sex and the Mysteries John M. Haffert,1970 *Sex and the Mysteries* John Mathias Haffert,1970 Mysteries of Sex Mary P. Ryan,2009-01-06 In a sweeping synthesis of American history Mary Ryan demonstrates how the meaning of male and female has evolved changed and varied over a span of 500 years and across major social and ethnic boundaries She traces how at select moments in history perceptions of sex difference were translated into complex and mutable patterns for differentiating women and men How those distinctions were drawn and redrawn affected the course of American history more generally Ryan recounts the construction of a modern gender regime that sharply divided male from female and created modes of exclusion and inequity The divide between male and female blurred in the twentieth century as women entered the public domain massed in the labor force and revolutionized private life This transformation in gender history serves as a backdrop for seven chronological chapters each of which presents a different problem in American history as a quandary of sex Ryan s bold analysis raises the possibility that perhaps if understood in their variety and mutability the differences of sex might lose the sting of inequality **Gnostic Mysteries of Sex** Tobias Churton,2015-08-17 An exploration of the sexual practices and doctrinal secrets of Gnosticism Reconstructs the lost world of Gnostic spiritual erotic experience through examination of every surviving text written by heresiologists Investigates the sexual gnosis practices of the Barbelo Gnostics of the 2nd century and their connections to the Gnostic Aeon Sophia the Wild Lady of Wisdom Explains the vital significance of the seed as a sacrament in Gnostic practice Examining every surviving text written by heresiologists accounts often ignored in favor of the famous Nag Hammadi Library Tobias Churton reveals the most secret inner teaching passed down by initiated societies the tradition of sexual gnosis higher union with God through the sacrament of sex Discovering actual sex practices hidden within the writings of the Church s authorities he reconstructs the lost world of Gnostic spiritual erotic experience as taught by initiated masters and mistresses and practiced by Christian couples seeking spiritual freedom from the world Churton explores the practices of the first Gnostic the historical Simon Magus and explains the vital significance of the seed in Gnostic practice showing it to be the sacramental substance par excellence He illuminates the suppressed truth of why the name Valentine came to be associated with ennobling erotic love and reveals profound parallels between sexual gnosis and Tantra suggesting that gnosis lies at the root of the tantric path Solving a millennia old riddle regarding the identity and secret symbol of Sophia the mysterious Gnostic Aeon Churton investigates Sophia s connections to Barbelo also known as Pruneikos the Wild Lady of Wisdom and the central focus of the Barbelo Gnostics of the 2nd century whose religious sex practices so shocked orthodox Christian contemporaries that they were condemned their cults of spiritual gnosis and redemption by sin driven underground Churton exposes the mystery of Sophia in the philosophy of the medieval Troubadours and explores William Blake s inheritance of secret Renaissance sexual mysticism through the revolutionary English poet Andrew Marvell Showing how Blake s sexual and spiritual revolution connects to modern sexual

magic Churton also examines the esoteric meaning of the free love explosion of the 1960s revealing how sex can be raised from the realm of guilt into the highest magical sacrament of spiritual transformation **Phallic Worship; A description of the mysteries of the sex worship of the ancients, with the history of the masculine cross** Hargrave

and Sun worship Astrology Sex Symbolism Mystic Meaning of Numbers the Cabala and Many Popular Customs Myths Superstitions and Religious Beliefs Preface by renowned religious researcher Jordan Maxwell who says This is a must read for those concerned about pagan influence on the modern day Church Answers questions such as How did the concept of good and evil develop What is the true origin of Easter Why is sex such a powerful force in religion What religious symbols are really sexual messages How are the Great Pyramid and numerology connected How did Astrology really start Is there a connection between Jesus and Astrology Why was prostitution once an important part of religion and many others Phallic Worship: A Description of The Mysteries of The Sex Worship of The Ancients With The History of The Masculine Cross

Anonymous, Sex Worship has prevailed among all peoples of ancient times sometimes contemporaneous and often mixed with Star Serpent and Tree Worship The powers of nature were sexualised and endowed with the same feelings passions and performing the same functions as human beings Among the ancients whether the Sun the Serpent or the Phallic Emblem was worshipped the idea was the same the veneration of the generative principle Thus we find a close relationship between the various mythologies of the ancient nations and by a comparison of the creeds ideas and symbols can see that they spring from the same source namely the worship of the forces and operations of nature the original of which was doubtless Sun worship It is not necessary to prove that in primitive times the Sun must have been worshipped under various names and venerated as the Creator Light Source of Life and the Giver of Food In the earliest times the worship of the generative power was of the most simple and pure character rude in manner primitive in form pure in idea the homage of man to the supreme power the Author of life Afterwards the worship became more depraved a religion of feeling sensuous bliss corrupted by a priesthood who were not slow to take advantage of this state of affairs and inculcated with it profligate and mysterious ceremonies union of gods with women religious prostitution and other degrading rites Thus it was not long before the emblems lost their pure and simple meaning and became licentious statues and debased objects Hence we have the depraved ceremonies at the worship of Bacchus who became not only the representative of the creative power but the God of pleasure and licentiousness The corrupted religion always found eager votaries willing to be captives to a pleasant bondage by the impulse of physical bliss as was the case in India and Egypt and among the Ph nicians Babylonians Jews and other nations Sex worship once personified became the supreme and governing deity enthroned as the ruling God over all dissent

therefrom was impious and punished The priests of the worship compelled obedience monarchs complied to the prevailing faith and became willing devotees to the shrines of Isis and Venus on the one hand and of Bacchus and Priapus on the other by appealing to the most animating passion of nature The Mystery of Sex Elizabeth Keyes,1975 What causes men and women to have almost opposite concepts of the word love Why do men feel superior to women Why do women find it easier to use intuition than logic Why can men fight shake hands and forget it but women who fight never forget it Why the importance given virginity in women but not in men Why have women revolted against their natural role of motherhood Why homosexuality Are we missing greater experiences by confining sex to a physical level These and other questions are answered in this book from sources of ancient and modern wisdom gathered by the author over many years of study and research Sex is one of the most dominating subjects of our time It is substituted for love it is used with love and without love People are confused about it Some do not know which sex they are It is the most misunderstood misused and commercialized force in our culture Polarity exists on every level and is essential to the creation of all life An understanding of this principle brings harmony out of conflict cooperation instead of competition Cross Dressing, Sex, and Gender Vern L. Bullough,Bonnie Bullough,1993 Not only surveys cross dressing and gender impersonation throughout history and in a variety of cultures but examines the medical biological psychological and sociological findings that have been presented in modern scientific literature **Eros and the Mysteries of Love** Julius Evola,1991-04 A controversial philosopher and critic of modern Western civilization Julius Evola 1898 1974 writes about the mystical and spiritual expression of sexual love This in depth study explores the sexual rites of sacred traditions and shows how religion mysticism folklore and mythology all contain erotic forms in which the deep potentialities of human beings are recognized
