Sex In The Worlds Religions:

Religion, the Body, and Sexuality Nina Hoel, Melissa Wilcox, Liz Wilson, 2020-09-10 How does religion relate to bodies and sexualities Many people would answer simply through repression but the relationship is much more complicated than that While many religions draw boundaries between what they consider to be appropriate and inappropriate use of the human body especially in the realm of sexuality the same religions often celebrate human sexuality and even expect sexual partners to provide each other with sexual pleasure Celibacy too is more than just repression and sometimes it is even seen as providing the practitioner with great spiritual power in other settings the sex act itself is understood to provide this power Religion the Body and Sexuality offers students and general readers a sophisticated and accessible exploration of the connections between religion sexuality and the body through case studies and overviews in the following thematic chapters Celibacy Regulation Controversy Violence Innovation Instrumentalization Ecstasy Each chapter includes suggestions for further reading questions for further thought and a list of relevant media resources This engaging book is an excellent addition to introductory courses on religion or sexuality and is a much needed new volume for advanced courses on the intersections of these areas of human experience **Love, Sex and Gender in the World Religions** Nancy M.

Martin, Joseph Runzo, 2000-08 This new volume offers enlightening new perspectives on the roles of love sex and gender in different faiths and covers issues from gender politics to religious ecstasy *Sex in Religion* Eliza Gamble, 2019-01-09 As the conception of a deity originated in sex or in the creative agencies female and male which animate Nature we may reasonably expect to find in the history of the development of the two sex principles and in the notions entertained concerning them throughout past ages a tolerably correct account of the growth of the god idea We shall perceive that during an earlier age of human existence not only were the reproductive powers throughout Nature and especially in human beings and in animals venerated as the Creator but we shall find also that the prevailing ideas relative to the importance of either sex in the office of reproduction decided the sex of this universal creative force We shall observe also that the ideas of a god have always corresponded with the current opinions regarding the importance of either sex in human society In other words so long as female power and influence were in the ascendancy the creative force was regarded as embodying the principles of the female nature later however when woman's power waned and the supremacy of man was gained the god idea began gradually to assume the male characters and attributes The God-Idea of the Ancients; Or, Sex in Religion Eliza Burt

Gamble, 2025-08-31 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Sex in the World's Religions** Edward Geoffrey Parrinder, 1980-01-01 *When Sex Was Religion* Dr. Larry Falls, 2010-03-26 Evidence of the connection between sex and religion can be found in fertility cults in all nations of the past When Sex Was Religion takes a comprehensive look at how sexual practices were originally considered a religion before

the introduction of Christianity Dr Larry Falls a registered clinical sexologist specializing in sexual abuse trauma and emotional health spent five years traveling throughout the United States Canada and Europe learning about different religions cultural history and sexual behavior while working on his doctoral thesis In his fascinating exploration into the beginning of human reason and the birth of religious thought includes the importance of reproduction virgins and temple prostitutes the original meaning of the cross Devil worship witches Sabbath and the curse of the evil eye Dr Falls also proves that the Kama Sutra an ancient Hindu religious narrative about pleasure love and sexuality was really a Bible designed for the purpose of teaching others to gain favor from the gods by engaging in sexual intercourse Dr Falls examination into sex worship demonstrates that phallic reverence was not only a religion but also a cause for dominance and sexual exploitation that to this day remains part of our social structure

Sex Symbolism in Religion James Ballantyne Hannay,1922 **Sex, the Illustrated History: Through Time, Religion, and Culture** John R. Gregg,2018-07-30 Sex the Illustrated History Volume III continues a courageous exploration of sexual customs and conflicts into the modern world This work explores the fight for sexual freedom in a world of often repressed sexuality The conflict with the church and its control of sexuality and law has stood as a barrier against freedom of human sexuality The focus of this work is primarily the European and American theater as they strive to rise above the ancient precepts that have girdled sexuality The fight was a long and hard fought one prejudice and prudery and claims of morality and law stood rigidly against a new rationalism beginning in the Reformation The book explores in depth historical and contemporary worldwide slavery forced marriage child brides abuses of the Catholic Church and sexual trafficking Also explored are the history of homosexual movements bisexuality and the larger LGBT movements

The Routledge International Handbook of Sex Therapy and Religion Caleb Jacobson,2025-09-30 The Routledge International Handbook of Sex Therapy and Religion is an invaluable resource for clinicians religious scholars clergy and anyone interested in the intersection of religion and sexual health By weaving together psychological theories religious ethics and cultural competence this volume provides a holistic approach to sex therapy that honors the faith and values of diverse religious traditions This handbook is not only a testament to the importance of integrating religious and cultural perspectives in therapeutic practice but also a vital tool for religious scholars and clergy in understanding and addressing sexual health issues within their communities It serves as a call to action for greater competency in addressing the complex needs of religious clients in matters of sex sexuality and gender

Sex, Death, and Sacrifice in Moche Religion and Visual Culture Steve Bourget,2010-06-28 The Moche people who inhabited the north coast of Peru between approximately 100 and 800 AD were perhaps the first ancient Andean society to attain state level social complexity Although they had no written language the Moche created the most elaborate system of iconographic representation of any ancient Peruvian culture Amazingly realistic figures of humans animals and beings with supernatural attributes adorn Moche pottery metal and wooden objects textiles and murals These actors which may have represented both living individuals and

mythological beings appear in scenes depicting ritual warfare human sacrifice the partaking of human blood funerary rites and explicit sexual activities In this pathfinding book Steve Bourget raises the analysis of Moche iconography to a new level through an in depth study of visual representations of rituals involving sex death and sacrifice He begins by drawing connections between the scenes and individuals depicted on Moche pottery and other objects and the archaeological remains of human sacrifice and burial rituals He then builds a convincing case for Moche iconography recording both actual ritual activities and Moche religious beliefs regarding the worlds of the living the dead and the afterlife Offering a pioneering interpretation of the Moche worldview Bourget argues that the use of symbolic dualities linking life and death humans and beings with supernatural attributes and fertility and social reproduction allowed the Moche to create a complex system of reciprocity between the world of the living and the afterworld He concludes with an innovative model of how Moche cosmological beliefs played out in the realms of rulership and political authority
