

# Sex And Revolution

**Marie Josephine Diamond**

## **Sex And Revolution:**

Sex and Revolution Lois M. Smith, Alfred Padula, 1996 The Cuban revolution attempted to make equality in every sphere the basic operating principle of society Equality among the sexes it postulated would resolve the woman issue once and for all Sex and Revolution Women in Socialist Cuba is the first book length examination of revolutionary Cuba s attempt to conceptualize prioritize and implement sexual equality offering an assessment of the successes failures and dilemmas of that process In the wake of the revolution which crushed both Cuban capitalism and Catholic power a host of redistributive policies helped make Cuba one of the most egalitarian societies in the world The history of the Cuban revolution provides rich detail regarding the interplay among gender power ideology and culture Certain revolutionary efforts to transform women s lives were extraordinarily successful while others fell short of expectations This book reviews the range of revolutionary strategies encompassed in structures policies and laws to address sexual inequality and difference Ideal for courses in Latin American studies and women s studies it offers insights into the implications of the way power is organized and managed and analyzes the limitations of state policies in promoting and managing social and cultural transformations as significant as those regarding relations between the sexes

Sex in Revolution Jocelyn H. Olcott, Mary Kay Vaughan, Gabriela Cano, 2006 A collection of histories showing how women participated in Mexican revolutionary and postrevolutionary state formation by challenging conventions of sexuality work family life and religious practice

Sexual Revolutions in Cuba Carrie Hamilton, 2012 Chronicling the history of sexuality in Cuba since the 1959 revolution this book frames the relationship between passion and politics in the revolution s wider history and argues that the Cuban revolutionary regime intervened in the sexual lives of Cubans in a variety of ways and transformed key areas of Cuban life including the family reproduction sexual values and sexual relationships Drawing from a major oral history project the Memories of the Revolution oral history project conducted by a team of British and Cuban researchers Hamilton was one of the British researchers on the team between 2003 and 2007 Hamilton explores the experiences and perceptions of sexuality among Cubans across generations and social groups She contextualizes the oral histories within an array of archival and secondary sources relating them to issues of race class and gender as well as to social economic and political change Organized thematically the volume opens with a historical overview that points out that after 1959 revolutionary values continued to coexist with pre revolutionary ideologies in a potent and often contradictory mix Succeeding chapters examine discourse on love romance and passion on both personal and national levels male and female homosexuality sexual repression and changing gender roles and service to the revolution Hamilton explores conflicting notions of Cuba as a site of desire on the one hand and as a place of intense sexual repression especially with regard to homosexuality on the other She identifies many ways in which revolutionary policy affected sexual behavior including changes to policy and laws mass education programs leaders pronouncements on the relationship between good revolutionaries and private life and the

provision of incentives to encourage certain forms of sexual union and repressive measures to discourage and punish others Hamilton argues that sexual politics were central to the construction of a new revolutionary society Sex and Sexuality in Latin America Daniel Balderston, Donna Guy, 1997-02 Organized around three central themes control and repression the politics and culture of resistance and sexual transgression as affirmation of marginalized identity this intriguing collection will challenge and inform conceptions of Latin American sexuality **Sex and Revolution** Alec Craig, 1934 Women and Revolution in Africa, Asia, and the New World Mary Ann Tétreault, 1994 The contributors use a variety of theoretical approaches to analyze how women as a class have experienced specific twentieth century revolutions They identify the issues that prompted women to participate in the struggles the roles they played the contributions they made and their hopes for better lives for themselves as women in the post revolutionary society Women and Revolution Lydia Sargent, 1981 Women and Revolution deals with contemporary feminist political theory and practice It is a debate concerning the importance of patriarchy and sexism in industrialized societies are sexual differences and kin relations as critical to social outcome as economic relations What is the dynamic between class and sex Is one or the other dominant How do they interact What are the implications for social change In *The Unhappy Marriage of Marxism and Feminism* Hartmann argues that class and patriarchy are equally important and that neither a narrow feminism nor an economist Marxism will suffice to help us understand or change modern society instead we need a theory that can integrate the two analyses **Women and Revolution** Marie Josephine Diamond, 2013-06-29 Taking its starting point from women s contributions to the French revolution this important anthology goes far beyond any particular historical European or American context and expands its scope in space and time to an all inclusive global theme namely the contributions of radical women towards an ever changing world and its revolutionary transformations everywhere The superbly edited essays by diverse contributors from various continents and disciplines explore a wide platform of women s revolutionary involvements and elucidate the broad range of contributions by women scholars scientists and activists to movements of social transformation as well as to a reexamination of established methods of cultural analysis from enlightened liberalism to Marxism The contributions of women scholars and activists from Africa Asia and Latin America are particularly significant in that they transcend and expand European North American feminism as relevant primarily to its own socio cultural context and focus on women acting in terms of their own non Western traditions and cultures that is on non Western models based on indigenous strategies of social transformation This rich anthology shuns any postulation of a single global model for revolution Yet despite the emergence of a problematic relationship between Western or Western educated theorists and the causes of the oppressed women s diverse social cultural and historical experiences and strategies are united in this edition as in their common causes as emphasized by the following statement in the introduction the female body has become a privileged site for social analysis in the context of international capitalism as well as in the critique of traditional socialism Sabine Jell Bahlsen Ogbuide Films Women and Revolution covers

an enormous socio historical space four continents Europe Africa Asia and Latin America and quite a few countries within them This huge field of human experience is looked at from the focal point which runs explicitly and implicitly through all nineteen chapters the active if not revolutionary role women have played individually and collectively in various determining social situations a role regularly suppressed by the coercive power of institutionalized domination The impetus for this endeavor was the commemoration of the bicentennial of the French Revolution an occasion to take an in depth look at its less obvious agendas through a focus on the activity of women and on Olympe de Gouges in particular But as Olympe de Gouges became acquainted with Mr Guillotine the considerable role of women became suppressed not only actually but as a kind of damnatio memoriae which the old Romans had already invented As this work shows there have been multiple forms and contents through which women have taken history into their own hands and have participated in emancipatory struggles throughout the world They are at their best in their use of the resources of local village traditions of dense social contexts of mutual aid and in turning such grassroots resources into radical democratic struggles for the future A fascinating and timely book Wolf Dieter Narr Freie Universit t Berlin The vital role played by women in struggles for social transformation has scarcely been appreciated and with the sense of defeat that hangs over the revolutionary project stands to be further forgotten That is why the publication of Women and Revolution is both welcome and necessary on intellectual and scholarly grounds but also because these are stories which have to be told if we are to resume the march toward a better world Joel Kovel Bard College

**Women, Resistance and Revolution** Sheila Rowbotham, 2014-01-14 This classic book provides a historical overview of feminist strands among the modern revolutionary movements of Russia China and the Third World Sheila Rowbotham shows how women rose against the dual challenges of an unjust state system and social sexual prejudice Women Resistance and Revolution is an invaluable historical study as well as a trove of anecdote and example fit to inspire today s generation of feminist thinkers and activists

**Sex and Punishment** Eric Berkowitz, 2013-04-03 Sex and Punishment tells the story of the struggle throughout millennia to regulate the most powerful engine of human behaviour sex From the savage impalement of an Ancient Mesopotamian adulteress to the imprisonment of Oscar Wilde for gross indecency in 1895 Eric Berkowitz evokes the entire sweep of Western sex law The cast of Sex and Punishment is as varied as the forms taken by human desire itself royal mistresses gay charioteers medieval transvestites lonely goat lovers prostitutes of all stripes and London rent boys Each of them had forbidden sex and each was judged and justice as Berkowitz shows rarely had anything to do with it
