Sex Education And Counseling For Mentally Handicapped People:

Sex Education & Counseling for Mentally Handicapped People Ann Craft, 1983

Handbook of Behavior

Modification with the Mentally Retarded Johnny L. Matson, 2013-11-22 The development of behavior modification principles and procedures and the ensuing research have had a dramatic impact on services for mentally retarded persons This book is the second edition of a volume that is designed to update readers on some of these many developments Although many of the chapter titles and authors from the first edition remain unchanged we have added additional chapters to reflect new areas of research The book is thus a critical review of this literature and as such provides essential and important notions about what we know and what can be done to expand our current knowledge The authors of the chapters are all recognized experts who have been active in publishing in the research areas they critique As a result they have a good understanding of what are the major issues in the field And because they are also active in service provision to persons with identified handicaps their material will be especially useful to practitioners and it is hoped to those professionals who are working in the field in establishing data based treatments One important change in the field has concerned the terminology used to We are aware that persons with mental retardation are no longer referred to as the mentally retarded and although no disrespect is intended for the sake of continuity the original title has been retained on the advice of the publisher

Practice Issues in Sexuality and Learning Disabilities Ann Craft, 2004-08-02 Practice Issues in Sexuality and Learning Disabilities explores the sexual behaviour of people with learning difficulties and addresses issues of concern such as sexual abuse HIV and AIDS service provision for those from ethnic minorities the development of policy guidelines and the implementation of such guidelines in this intensely personal area Ann Craft draws upon professional expertise from a broad range of backgrounds including social work psychology and medicine She offers practical ideas and suggestions for service responses which acknowledge and respect the right of people with learning disabilities to express their sexuality in ways that are valued by other members of their society Practice Issues in Sexuality and Learning Disabilities will be of interest to all whose work or relationship brings them into contact with people with learning disabilities professionals carers parents advocates It will be invaluable to social workers practitioners in social work and health trainees training officers and voluntary organizations

Sexuality Counseling Kay Frances Schepp, 2013-08-21 First published in 1986 Sex education is a necessary component of sexuality counseling A practitioner needs to be a sensitive effective educator in order to help people remedy sex related problems and prevent future ones This program is about professional counseling and assumes that the reader has training or intends to obtain it in an established helping profession

Already Doing It Michael Gill, 2015-03-27 Why is the sexuality of people with intellectual disabilities often deemed risky or inappropriate by teachers parents support staff medical professionals judges and the media Should sexual citizenship depend on IQ Confronting such questions head on *Already Doing It* exposes the sexual ableism that denies the reality of individuals who despite the restrictions they face actively make decisions about their sexual lives Tracing the history of efforts in the United States to limit the sexual freedoms of such persons using methods such as forced sterilization invasive birth control and gender segregated living arrangements Michael Gill demonstrates that these widespread practices stemmed from dominant views of disabled sexuality not least the notion that intellectually disabled women are excessively sexual and fertile while their male counterparts are sexually predatory Analyzing legal discourses sex education materials and news stories going back to the 1970s he shows for example that the intense focus on stranger danger in sex education for intellectually disabled individuals disregards their ability to independently choose activities and sexual partners including nonheterosexual ones who are frequently treated with heightened suspicion He also examines ethical issues surrounding masturbation training that aims to regulate individuals sexual lives challenges the perception that those whose sexuality is controlled or rejected should not reproduce and proposes recognition of the right to become parents for adults with intellectual disabilities A powerfully argued call for sexual and reproductive justice for people with intellectual disabilities *Already Doing It* urges a shift away from the compulsion to manage deviance better known today as harm reduction because the right to pleasure and intellectual disability are not mutually exclusive In so doing it represents a vital new contribution to the ongoing debate over who in the United States should be allowed to have sex reproduce marry and raise children

Encyclopedia of Special Education Cecil R. Reynolds, Elaine Fletcher-Janzen, 2007-02-26

The Third Edition of the highly acclaimed Encyclopedia of Special Education has been thoroughly updated to include the latest information about new legislation and guidelines. In addition, this comprehensive resource features school psychology, neuropsychology, reviews of new tests and curricula that have been developed since publication of the second edition in 1999, and new biographies of important figures in special education. Unique in focus, the Encyclopedia of Special Education Third Edition addresses issues of importance ranging from theory to practice and is a critical reference for researchers as well as those working in the special education field. *Current Catalog* National Library of Medicine (U.S.), 1983. First multi-year cumulation covers six years 1965-70. **Moral Education and Development** Doret J. de Ruyter, Siebren Miedema, 2012-01-01.

Worries about the moral standard of younger generations are of all ages. The older generation tends to believe that the moral education of young people deserves special attention because their moral development does not reach the level adults hope for. This observation does not mean that the older generation is necessarily wrong, but what it indisputably does show is that they attach high importance to morality and moral education. But what characterises a moral person? What influences people to behave morally? What should moral education involve? Which interdisciplinary contributions are relevant to improving moral education? These questions continuously deserve the attention of academics, students, and professional educators. This book is divided into four parts. The first part focuses on interdisciplinary empirical research about the reasons why people act morally and the consequences for moral education. The primarily philosophical chapters of the second part address the question what it means to be a moral person and the implication of this elucidation for moral education. The third part contains five chapters that deal with moral aspects of sex education and civic education. The fourth part consists of one chapter that looks at the moral education of students who will work in a pedagogical or educational environment, arguing that one's moral development requires a lifetime commitment. This book is written for a wide academic audience. The collection of chapters will be of interest to pedagogues, educational scientists, moral philosophers, and moral psychologists, and to both newcomers and experts in the field.
