Sex Is:

Mom, sex is NO big deal! Sharon Hersh, 2010-07-28 But Mom it's not the same as when you were a teenager Your daughter is right Never before have teenage girls been so inundated with the idea that sex is a natural part of teenage relationships The media the Internet and your daughter's peers reinforce this myth daily In fact the majority of teenage girls will experiment with sex And never before has the price tag of teen sexual behavior been so high disease depression and a distorted view of self This is a book of hope and empowerment The good news is that you can use the challenges your daughter faces today as catalysts to help her develop a sacred view of sex and of herself Your daughter will make critical decisions during her adolescence and those decisions will have lifelong consequences But you as a mother can have enormous influence over your daughter if you are prepared Mom Sex Is NO Big Deal will arm you with information and strategies to help your daughter arrive at a place of wholeness as she makes decisions about how she will behave sexually during the most vulnerable period of her life

Sex Is as Sex Does Paisley Currah, 2022-05-31 Winner Sexuality and Politics Book Award American Political Science Association Finalist PROSE Award Government and Politics What the evolving fight for transgender rights reveals about government power regulations and the law Every government agency in the United States from Homeland Security to Departments of Motor Vehicles has the authority to make its own rules for sex classification Many transgender people find themselves in the bizarre situation of having different sex classifications on different documents Whether you can change your legal sex to F or M or more recently X depends on what state you live in what jurisdiction you were born in and what government agency you're dealing with In Sex Is as Sex Does noted transgender advocate and scholar Paisley Currah explores this deeply flawed system showing why it fails transgender and non binary people Providing examples from different states government agencies and court cases Currah explains how transgender people struggle to navigate this confusing and contradictory web of legal rules definitions and classifications Unlike most gender scholars who are concerned with what the concepts of sex and gender really mean Currah is more interested in what the category of sex does for governments What does sex do on our driver's licenses in how we play sports in how we access health care or in the bathroom we use Why do prisons have very different rules than social service agencies Why is there such resistance to people changing their sex designation Or to dropping it from identity documents altogether In this thought provoking and original volume Sex Is as Sex Does reveals the hidden logics that have governed sex classification policies in the United States and shows what the regulation of transgender identity can tell us about society's approach to sex and gender writ large Ultimately Currah demonstrates that because the difficulties transgender people face are not just the result of transphobia but also stem from larger injustices an identity based transgender rights movement will not by itself be up to the task of resolving them
