I've learned something interesting. Dating over 40 isn't all that different from dating under 40. Really, a lot of people who are over 40 want to get back into dating but they are nervous. I was too, but you don't have to be. I can help you get back in the saddle. Many people don't really know where to meet people and find dates. I didn't either, but now I do. Even places to meet specific types of people. I can help you find the best places to meet people you'd actually like to date. Lots of folks are so disheartened and frustrated with their dating experiences that they are ready to call it quits. I know dating can be frustrating, but I can help you keep a positive attitude about dating so you can enjoy yourself instead of seeing it as a chore. Maybe your first date after reading this book won't be perfect. Your second might not be either. But this book isn't about finding the perfect date; it's about making all aspects of your dating life better. I can't promise you you'll find Mr. or Mrs. Right by reading this book. I'm still looking, but I can tell you that you can be more confident, more comfortable, a better conversationalist, and more adventurous if you take the advice in this book to heart. And most importantly, you can have more fun. I hope my book helps you become a happier and more successful participant in the over 40 dating scene. Make it a great date. Jerusha Stewart
