Sex Searchlights and Sane Sex Ethics Lee Alexander Stone,1922

Sex searchlights and sane sex ethics ,1922

Sex Searchlights and Sane Sex Ethics Lee Alexander Stone,1922 [Sex Searchlights and Sane Sex Ethics \(Classic Reprint\)](#) Lee Alexander Stone,2017-07-12 Excerpt from Sex Searchlights and Sane Sex Ethics T IS a sad commentary upon the intelligence and rem purity of the thought of modern civilization that the subject of the why and wherefore of sex should be regarded by so many as something to be avoided as impure and not respectable Even the most elementary consideration of the subject must show us that a scientific knowledge of the important principles of sex manifestation is vitally essential for the best interests of race preservation and race culture About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Sex Searchlights and Sane Sex Ethics** Lee Stone,2015-10-06 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Sex Searchlights and Sane Sex Ethics** ,2019-10-26 [Birth Control Laws And The Sex Side of Life](#) Mary Ware Dennett,1928-01-01 The scope of this book does not include any general discussion of the merits of birth control or its sociological and racial ramifications That has been amply undertaken in recent years by many able people and the birth rate in all high grade communities and groups clearly indicates that the subject per se is not now to any extent a moot question Birth control is not an if It is an actuality But what does need further discussion and thinking through to a sound conclusion is the question as to whether laws affecting birth control are necessary in the United States and if so just what the provisions of those laws should be We have laws on the subject already and have had them the same ones for over fifty years They are increasingly unenforced and are generally acknowledged to be unenforceable But it is not wise to wait their slow

and complete dissolution from disuse because the diseased and dying body of these laws creates a most unsanitary morale in this fair land of ours The question is shall they be done away with altogether or shall they be modified and if so how This is a matter which potentially affects every family in the country The theory of laws in a democracy is that they reflect the wishes of the people This book therefore raises the question as to what they really want and tries to answer it or at least to give to the public in condensed and convenient form the facts on which an answer may be based In this field at present there is much muddled reasoning much jumping at conclusions much substituting of emotion for thought and much general assumption that reformers who agitate for birth control must necessarily also be wise law makers on the subject To help clarify public thought and to help crystallize public responsibility as to the legislation which is inevitably a part of the birth control question so long as the present statutes remain on the books is the aim of this volume The book is presented to American citizens in the hope that it may be a useful service It makes no pretense at literature and it is not propaganda It is not a legal brief nor a piece of academic research It simply talks over the subject in an untechnical fashion from the human standpoint with the idea that most thinking well meaning people want our laws to represent common sense justice and practicability and that they want them to harmonize with our heritage of American ideals of freedom and self government Although informal in its presentation every effort has been made to include only statements for which there is authority from original sources The main points are given in the body of the book and the appendices give detail and authorities for the use of those who are interested to check up and be more thorough in their consideration The first part of the book explains just what our present laws provide and how they happened to be the way they are The second part analyzes the various propositions that have been made for changing the laws and the reasons offered by their advocates The third part makes an effort to show the basis on which to differentiate between sound and spurious legislation and the tests by which it may be determined what the people really want underneath their upper layer of careless acquiescence inhibition or inertia If the author did not have an abiding faith in the fundamental sound sense good intentions and latent ideality of the average American citizen this book would not have been written **Sex and the Love-life** William John Fielding,1927

Pedagogical Seminary and Journal of Genetic Psychology Granville Stanley Hall,Carl Murchison,1922 Vols 5 15 include Bibliography of child study By Louis N Wilson **Library Journal** Melvil Dewey,Richard Rogers Bowker,L. Pylodet,Charles Ammi Cutter,Bertine Emma Weston,Karl Brown,Helen E. Wessells,1922 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately
