## Shelley In Germany:

*Shelley in Germany* Solomon Liptzin, 1926      *Shelley in Germany* Solomon Liptzin, 1924      *Shelley's German Afterlives* S. Schmid, 2007-04-16 Schmid shows how reception processes work across linguistic national and cultural boundaries taking the English Romantic poet Shelley's German reception as a case study It also highlights Anglo German literary and cultural relations of the nineteenth and twentieth centuries and supplies a theoretical framework for further analysis      **Rambles in Germany and Italy, in 1840, 1842, and 1843** Mary Wollstonecraft Shelley, 1844      **Shelley in Germany** Solomon Liptzin (Literaturwissenschaftler, USA), 1924      **Shelley in Germany** Solomon Liptzin, 2011-10      *The South Atlantic Quarterly* John Spencer Bassett, Edwin Mims, William Henry Glasson, William Preston Few, William Kenneth Boyd, William Hane Wannamaker, 1963      *Romantic Poetry* Angela Esterhammer, 2002-01-01 Romantic Poetry encompasses twenty seven new essays by prominent scholars on the influences and interrelations among Romantic movements throughout Europe and the Americas It provides an expansive overview of eighteenth and nineteenth century poetry in the European languages The essays take account of interrelated currents in American Argentinian Brazilian Bulgarian Canadian Caribbean Chilean Colombian Croatian Czech Danish English Estonian Finnish French German Greek Hungarian Irish Italian Mexican Norwegian Peruvian Polish Romanian Russian Serbian Slovak Spanish Swedish and Uruguayan literature Contributors adopt different models for comparative study tracing a theme or motif through several literatures developing innovative models of transnational influence studying the role of Romantic poetry in socio political developments or focusing on an issue that appears most prominently in one national literature yet is illuminated by the international context This collaborative volume provides an invaluable resource for students of comparative literature and Romanticism SPECIAL OFFER 30% discount for a complete set order 5 vols The Romanticism series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism A glance at the index of each volume quickly reveals the extraordinary richness of the series total contents Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams Romantic Drama traces creative innovations that deeply altered the understanding of genre at large fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments Nonfictional

Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism's own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age

*Inventing the German Nation in Travel Literature, 1738-1839* Karin Baumgartner, 2025 Far into the nineteenth century Germany was not yet a nation state but a conglomeration of principalities The causes and consequences of its belatedness compared to other European countries such as England and France have been much debated The present book breaks new ground by identifying travel literature as an important factor in the forging of a distinct and cohesive German identity well before political unification in 1871 First foreign travelers accounts travelogues guidebooks referred to and treated Germany as a distinct place even though it was still politically divided thus enabling German readers to imagine their fragmented nation as a conceptual whole Second Germans themselves began to explore their homeland and write travelogues that solidified the nascent sense of national identity Ethnographic descriptions from places and peoples far away further aided this process as Germans learned to view themselves through this particular lens Surveying a large corpus of German and some British and French travelogues travel handbooks and popular geographic texts and bringing to bear discourses of nationalism and geography including Edward Soja's seminal concept of Thirdspace Karin Baumgartner reveals what travel writing can tell us about conceptual changes in geographic paradigms and national identity in Germany in the eighteenth and nineteenth centuries
