Lord Lister, His Life and Work Guy Theodore Wrench, 1914 Lord Lister G. T. Wrench, 2015-06-25 Excerpt from Lord Lister His Life and Work It is impossible to separate a genius from all time His work however much it may be concerned with the special features of the period in which he lived is always founded upon the first principles of life Therein lies its distinction The work of most men is concerned only with the setting and spirit of the times in which they themselves live But the work of a genius is based upon the unchangeable foundations of human life and earns in consequence its immortality The life and work of the late Lord Lister was of this kind It affected man's relation to sickness and disease more fundamentally than the work of any other philosophic physician devoted to these problems For Lister was emphatically far more than a great surgeon he was far more the founder of modern surgery He was a great philosopher whose thought never deviated from the central problem of life the mystery and quality of vitality As a philosopher Lister is far too little known About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Lord Lister G. T. Wrench, 2014-03 This Is A New Release Of The Original 1914 Edition **Lord Lister** G. T. Wrench, 2017-11-24 Excerpt from Lord Lister His Life and Work The Egyptians were probably the most healthy people of history Herodotus Spoke of them as the healthiest nation and Diodorus said that from the king to his humblest subject the mode of life in Egypt seemed as if ordered by the physician rather than the lawyer The Egyptians staved off disease by a reverent attention to the vitality of the body They were the first people to master the question of antisepsis By cassia frankincense and myrrh they preserved the body from the microbes of dissolution But whether it was that their Vitality shielded them during life from notable microbic attack or some other reason prevailed they confined their use of anti-septics to the preservation of the dead from dissolution and not the living from disease About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Lord Lister Guy Theodore Wrench, 1914 Lister Joseph **The Living Age** , 1914 T. P.'s Weekly Thomas Power O'Connor, Holbrook Jackson, 1912 *The Saturday Review of Politics, Literature, Science and Art* , 1902 "A Time to Heal" Jerry L. Gaw, 1999

In the 19th century Joseph Lister related the germ theory of fermentation to the cause of putrefaction in wounds Listerism was adopted because its success was greater and more consistent than other methods of healing the sick The circumstances which made this possible were a theory for explaining the scientific evidence and a courageous person like Joseph Lister who was capable of bringing about the necessary changes This study records how with much pain and trial and error the prevention of nosocomial infections was achieved in the 19th century Today we have learned we must implement again Lister's prevention techniques and other precautions in our hospitals to prevent the spread of nosocomial infections Illus *The Pharmaceutical Era* ,1927
