Konrad Z. Lorenz, 1980     Homo Sapiens Antonio Vélaz Montoya, 2013-08-20 The themes discussed in this book translated to English by Australian Kieran Tapsell form part of a revolutionary discipline known under the name of evolutionary psychology a discipline that has become the most powerful tool discovered to date for man to understand himself Much of the knowledge revealed by human science is explained as a result of the evolutionary process using as a premise the theory that the majority of modern man s desires impulses interests and inclinations and mental faculties were designed by the evolutionary process of the species This new focus allows us to synthesize a group of already established findings coming from such diverse disciplines as genetics evolution ethology anthropology psychology neurology and epistemology In this way it is possible to explain an important part of complex human behavior under one sole unifying principle the direct or indirect search for a greater reproductive efficacy With this work easily readable by the general public the author completes a cycle of subjects that he had begun with From the Big Bang to Homo Sapiens 2004 a book published in Spanish by Villegas

Editores     **From Islam To Islamism, From Islamic Fundamentalism To Jihadism** Christoph S., 2024-10-16 The aim of this work is to warn of worse things to come by means of an ideology critical analysis of Islamic fundamentalism The argument Nobody could have known that which in reality should read Nobody wanted to know that is today once again beginning to promote the wishful thinking of an inherently tolerant and peaceful Islam If no balance can be achieved between Western and Quranic thinking the worst must be expected The supra naturalistic value system of Islam is to be critically reflected upon from the philosophical position of realism understood as a value neutral collective term for many philosophical currents which assumes the existence and at least partial recognizability of an extra subjectively existing external world
