Office of Education,1942 **Lost Worlds of Ancient and Modern Greece** D. J. Ian Begg,2021-04-30 By day young Gilbert Bagnani studied archaeology in Greece but by night he socialised with the elite of Athenian society Secretly writing for the Morning Post in London he witnessed both antebellum Athens in 1921 and the catastrophic collapse of Christian civilisation in western Anatolia in 1922 While there have been many accounts by refugees of the disastrous flight from Smyrna few have been written from the perspective of the west side of the Aegean The flood of a million refugees to Greece brought in its wake a military coup in Athens the exile of the Greek royal family and the execution or imprisonment of politicians whom Gilbert knew Gilbert s weekly letters to his mother in Rome reveal his Odyssey like adventures on a voyage of discovery through the origins of western civilisation As an archaeologist in Greece he travelled through time seeing history repeat itself Minoan Knossos Byzantine Constantinople and Ottoman Smyrna were all violently destroyed but the survivors escaped to the new worlds of Mycenaean Greece Renaissance Venice and modern Greece At Smyrna in the twentieth century history was written not only by the victors but was also recorded by the victims At the same time however the twentieth century itself was so filled with reports of ethnic cleansings on such a scale that the reports brutalized the humanity of the supposedly civilized people reading about them and the tragedy of Smyrna disappeared from public awareness between the cataclysmic upheavals of the First and Second World Wars Learning from the Left Julia L. Mickenberg,2006 Publisher Description Forgotten Worlds Patrick Chouinard,2012-05-29 An examination of the mythological historical and archaeological evidence for lost civilizations throughout the world Explores unexplained mysteries such as the Caucasian mummies of China the pyramids of Caral in Peru and the genetically unique X woman of Siberia Examines evidence of lost ancient civilizations in Asia Europe and the Americas including extensive investigation into Atlantis Shows that Siberia and the Amazon may have been cradles of humanity before Africa Over and over again mainstream views of early history which state that the first civilizations arose around 3500 BCE are plagued by evidence of much older civilizations evidence ranging from artifacts and inexplicable remains to pyramids and ubiquitous myths that clearly speak of great empires prior to the rise of the Sumerian

city states and pharaonic Egypt Viewing Atlantis and its many related myths as a metaphor for a long lost global civilization Patrick Chouinard explores the mythological cultural religious and archaeological evidence for many forgotten civilizations in Europe Asia and the Americas He addresses unexplained mysteries from around the world such as Caucasian mummies found in China the pyramids of Caral in Peru the hobbit remains on Flores Island the giant heads of Easter Island the lost legacy of Lemuria the ideology and occult mysticism behind Nazi theory and the genetically unique X woman of Siberia He also examines evidence of ancient alien visits and other supernatural phenomena in the distant past Using recent archaeological findings he shows that Siberia and the Amazon may have been cradles of humanity millennia before Africa Sounding the call to continue searching ancient remote and formerly forbidden regions for lost cultures and genetic root races Chouinard offers a new chronology for the emergence of human life and civilization as well as a new mechanism for how and why societies and species change over time By finding lost peoples and their forgotten worlds we can truly begin to understand the human race and learn from its long history *Adventures in Archæology.
