

A person with curly, light-colored hair is seen from behind, wearing a bright red jacket. The jacket has a white patch on the back with the text "Lost Americana" in a bold, black, serif font. The person is standing behind a blue, pointed-top fence. The background is a clear blue sky with some power lines and a utility pole visible.

Lost America:

Who Lost America? Bromwell Ault, 2011-10 Bromwell Ault is an essayist and a moralist He presents here a group of essays examining the changes and weaknesses he has seen growing in American society over the past half century Central to his thesis is the prospect of institutional failure as American politics and society break down from multiple causes One cause is population growth Political polarization and the corrupting role of money are among the others It is a sobering book but a valuable one You will probably agree with much of it You will find all of it enlightening Lindsey Grant Santa Fe NM 6 28 2011 The highly educated cosmopolitan patriots who imagined and constructed the world's first truly functioning republic with its proud Rule of Law and its careful checks and balances could not have foreseen how their present day successors might abuse their accomplishments to our current dangerous level of disorder Author Ault a retired businessman has dramatically traced the process by which the US has been brought to a state of moral and financial dysfunction in a new book which provides a strong wake up call to all citizens Donald A Collins Washington DC author and journalist 5 12 2011 Bromwell Ault authors a unique book from an even more profound perspective His four score years have given him a front row seat to the rise and demise of the United States of America Whether this civilization understands its dilemma or not Ault clearly identifies every aspect of America's current predicament His compelling prose connected to basic realities renders an adroit understanding of what America faces and what actions her people must take if future generations expect to enjoy viable lives in the 21st century It's a must read for every member of Congress as well as the president Frosty Wooldridge Golden CO teacher journalist and author 5 31 2011

Breaking History: Lost America Don Rauf, 2019-01-15 Breaking History books offer a front row seat to history as it broke like breaking news and give the blow by blow of historical discovery what we learned when we learned it who made the discovery and how Lost America is an illustrated look at fascinating places in the United States that have existed only in myth and have never been found those that were abandoned and why and those that were lost to social upheaval or natural disaster The book reviews the history behind these places how they began how long they endured why they were lost and how many have been rediscovered Included are accounts of the mysterious disappearance of the Anasazi from the Southwest the abandonment of the Roanoke Colony in 1590 the environmental disaster that caused the population of Centralia Pennsylvania to evacuate the town in the 1980s and the nearly intact ghost town of Bodie California The book also includes places that were thought to exist but did not or not yet anyway legendary Norse settlements lost cities of gold and The Fountain of Youth

The Men Who Lost America Andrew Jackson O'Shaughnessy, 2020-08-11 Questioning popular belief a historian and re-examines what exactly led to the British Empire's loss of the American Revolution The loss of America was an unexpected defeat for the powerful British Empire Common wisdom has held that incompetent military commanders and political leaders in Britain must have been to blame but were they This intriguing book makes a different argument Weaving together the personal stories of ten prominent men who directed the British

dimension of the war historian Andrew O Shaughnessy dispels the incompetence myth and uncovers the real reasons that rebellious colonials were able to achieve their surprising victory In interlinked biographical chapters the author follows the course of the war from the perspectives of King George III Prime Minister Lord North military leaders including General Burgoyne the Earl of Sandwich and others who for the most part led ably and even brilliantly Victories were frequent and in fact the British conquered every American city at some stage of the Revolutionary War Yet roiling political complexities at home combined with the fervency of the fighting Americans proved fatal to the British war effort The book concludes with a penetrating assessment of the years after Yorktown when the British achieved victories against the French and Spanish thereby keeping intact what remained of the British Empire A remarkable book about an important but curiously underappreciated subject the British side of the American Revolution With meticulous scholarship and an eloquent writing style O Shaughnessy gives us a fresh and compelling view of a critical aspect of the struggle that changed the world Jon Meacham author of Thomas Jefferson The Art of Power *Lost America : The Abandoned Roadside West* Troy Paiva,

American Revolutions Alan Taylor,2016-09-06 Alan Taylor is featured in THE AMERICAN REVOLUTION a film by Ken Burns Sarah Botstein and David Schmidt on PBS Excellent deserves high praise Mr Taylor conveys this sprawling continental history with economy clarity and vividness Brendan Simms Wall Street Journal The American Revolution is often portrayed as a high minded orderly event whose capstone the Constitution provided the nation its democratic framework Alan Taylor a two time Pulitzer Prize winner gives us a different creation story in this magisterial history The American Revolution builds like a ground fire overspreading Britain s colonies fueled by local conditions and resistant to control Emerging from the continental rivalries of European empires and their native allies the revolution pivoted on western expansion as well as seaboard resistance to British taxes When war erupted Patriot crowds harassed Loyalists and nonpartisans into compliance with their cause The war exploded in set battles like Saratoga and Yorktown and spread through continuing frontier violence The discord smoldering within the fragile new nation called forth a movement to concentrate power through a Federal Constitution Assuming the mantle of We the People the advocates of national power ratified the new frame of government But it was Jefferson s expansive empire of liberty that carried the revolution forward propelling white settlement and slavery west preparing the ground for a new conflagration *The Pageant of America: Builders of the Republic*, by F.A.
