Solitude John B. Hough,2007-04-30 Patricia Dailey psychiatrist and ceramic artist 08 17 2007 A Spiritual JourneyI think this book is the author s way of sharing his trail through the wilderness of spiritual development It is really quite wonderful to see that his way has worked for him I think it took great courage to write it down for all of the rest of us to see Making connections to the greater world or the inner world seems to lead to the same place one of inner happiness and contentment It just depends on your own temperament and disposition as to whether or not the path takes an inward or outward course Respecting your own inner experience is key to that process

Men

After God's Heart Isaac Hayes, MDiv, 2022-08-13 Men After God's Heart is an in depth examination of how Christian men relate to each other Now more than ever it is imperative for men to develop healthy meaningful relationships with their spiritual brothers The Western masculinity persona has prevented men from experiencing healthy male bonding creating a distorted perception of masculinity But Jesus sets the example for how Christian men can and should display brotherly love Birthed out of a men's seminar he taught entitled 10 Principles of Brotherly Love Hayes explores Jesus's final moments with His disciples in the upper room which he calls the Disciples Ship In John chapters 13 through 17 Jesus teaches and illustrates ten principles of love that they were to continue in their relationship with each other Men After God's Heart will help you audit the male relationships in your life and challenge you to go beyond your personal convenience to brotherly commitment This resource aims to build disciples who live in relationship grow in fellowship and engage in stewardship It is a must have resource for personal devotion men's groups and seminary's spiritual integration labs SILs **Wholeness** Christy Wimber, Katherine Welby-Roberts, 2019-04-19 The world is changing culture is shifting Never has safety and security been more desired What shakes also spills Pressure spills to the surface And when struggles become visible safety becomes more invaluable We only encounter true freedom and wholeness when we know we can speak and hear truth with no fear of retribution Look at the ministry of Jesus He created spaces of safety He also never blamed people for how they got sick Jesus' invitations are never based on whose struggles are more easily dealt with In His Kingdom in His house and under His care there is no us and them Jesus said over and over that He came for the sick the broken the oppressed depressed those caught in chains He came for us Each person as well as every part of who we are body soul and spirit matters to God And if it matters to God it must matter to us With the world changing so are people's struggles In years past what worked in prayer and ministry may not work today because people's concerns and experiences of personal difficulties have changed And just with anything else we should be growing in how we learn and deliver ministry God wants to bring people into wholeness And one of the greatest acts of kindness we can do is provide a safe place in order to witness people's struggles so that we may love care for and pray and minister to them more effectively **The Primitive Methodist Magazine**, 1881 **Lectures Upon the Whole Epistle of St. Paul to the Philippians** Henry Airay, 1864 **Living on the Other Side** Lisa M. Hess, 2025-05-15 Living on the Other Side recounts and aims to redress the unspoken largely unconscious abandonment of the Feminine in ecclesial and academic settings through an economic trinity of voices a feminist with a forgiveness problem a conscious feminine theologian serving in academic and ecclesial environments unconsciously hostile to the Feminine and a preacher's wife coming to voice about the realities of congregational Christianity held redemptively in covenantal love Fruit of decades in theological education these pages demonstrate the necessity of sacred bewilderment for deepening spiritual maturity the purposes of rage becoming holy when able to acknowledge its limitation and an unexpected freedom that arises when forgiveness finds us in faith renewed in the Body of Humanity Current and prospective students in theology and

religion seasoned pastors and willing congregations will find a compelling narrative and theological sense making of one woman's life in the Spirit disrupted so to become regrounded in a renewed and renewing trinitarianism arising out of historic Christian traditions

D., 2024-07-30 This is our time Whether you are in the middle of your work years near the end of your work years or into your retirement years it is an exciting time to be an older adult We have so much more living loving and learning to do and so much more to share We only get to be here once and we don't know how much time we have left What we do know is time is a non renewable resource Once passed it cannot be replaced made up or anything else It is gone leaving us with much regret So make the most of it The game is not over In fact the game is just beginning The purpose of this book is to encourage and empower each of us to ignite our spirit identify our purpose take action continue to grow get out and play This is our time to do what we love connect to our purpose and live life to the fullest To experience life in all its abundance **Space, Philosophy and Ethics** William H. U. Anderson, 2025-01-28 Space is infinitely interesting Space has both scientific and cultural currency because it has captured the imagination of human beings from ancient times until today What seemed like science fiction centuries and only decades ago is now science fact Technological developments present and on the cusp are putting more and more of space into our hands That is both exciting and frightening at the same time think Lovecraft This book attempts to speak to the philosophical and ethical issues raised by space Who owns space Who should pay for space exploration and what is the impact on human beings on earth today What happens if we're not alone in the universe What is the value and meaning of space exploration What are the ethical implications of AI and Technology in relation to space exploration what if they get away from us Questions Questions Questions The Call for Chapters for this book Space Philosophy and Ethics read For space science people this conference is a platform to discuss the subconscious philosophical and ethical implications of their research that have been in the back of their minds while researching For philosophers and non specialists it is an opportunity to learn together and struggle to find solutions for the philosophical and

ethical quandaries that space science exploration and technology present to humanity The approaches to space seem endless Physics as Aristotle discovered inevitably leads to metaphysics and metaphysics always have ethical concerns The book loosely follows this outline It begins and ends with the metaphysical implications of space the spiritual if you will It leads with poetry That seems appropriate since while we may ask many questions regarding space we are likely to find very few answers Then the book briefly looks at the ethical implications of AI and Technology for space exploration There are chapters that deal with the material ethics of space commerce and ontology Telos and Axiology Value are also explored This book hopes to facilitate human struggle with the ethical implications of space rather than presuming to solve all its problems
