The Publishers Weekly ,1924 **Science and Civilisation in China: Volume 2, History of Scientific Thought**

Joseph Needham,Ling Wang,1956-01-03 The second volume of Dr Joseph Needham s great work Science and Civilisation in China is devoted to the history of scientific thought Beginning with ancient times it describes the Confucian milieu in which arose the organic naturalism of the great Taoist school the scientific philosophy of the Mohists and Logicians and the quantitative materialism of the Legalists Thus we are brought on to the fundamental ideas which dominated scientific thinking in the Chinese middle ages The author opens his discussion by considering the remote and pictographic origins of words fundamental in scientific discourse and then sets forth the influential doctrines of the Two Forces and the Five Elements Subsequently he writes of the important sceptical tradition the effects of Buddhist thought and the Neo Confucian climax of Chinese naturalism Last comes a discussion of the conception of Laws of Nature in China and the West **The**

World's Work ,1930 Illinois in the Eighteenth Century Edward Gay Mason,1882 **The Second Generation** Andreas

W. Daum,Hartmut Lehmann,James J. Sheehan,2015-12-01 Of the thousands of children and young adults who fled Nazi Germany in the years before the Second World War a remarkable number went on to become trained historians in their adopted homelands By placing autobiographical testimonies alongside historical analysis and professional reflections this richly varied collection comprises the first sustained effort to illuminate the role these men and women played in modern historiography Focusing particularly on those who settled in North America Great Britain and Israel it culminates in a comprehensive meticulously researched biobibliographic guide that provides a systematic overview of the lives and works of this second generation Bookseller and Print Dealers Weekly ,1928 Secret Lives of the Underground Railroad in New

York City Don Papson,Tom Calarco,2015-01-28 During the fourteen years Sydney Howard Gay edited the American Anti Slavery Society s National Anti Slavery Standard in New York City he worked with some of the most important Underground agents in the eastern United States including Thomas Garrett William Still and James Miller McKim Gay s closest associate was Louis Napoleon a free black man who played a major role in the James Kirk and Lemmon cases For more than two years Gay kept a record of the fugitives he and Napoleon aided These never before published records are annotated in this book Revealing how Gay was drawn into the bitter division between Frederick Douglass and William Lloyd Garrison the work exposes the private opinions that divided abolitionists It describes the network of black and white men and women who were vital links in the extensive Underground Railroad conclusively confirming a daily reality *Classified Catalogue, Not*

Simon,1994 In this revised edition of his earlier biography Paul Simon provides an inspiring account of the life and work of Elijah Lovejoy an avid abolitionist in the 1830s and the first martyr to freedom of the press in the United States Lovejoy was a native New Englander the son of a Congregational minister He came to the Midwest in 1827 in pursuit of a teaching career

and succeeded in running his own school for two years in St Louis Teaching failed to challenge Lovejoy however so he bought a half interest in the St Louis Times and became its editor In 1832 after experiencing a religious conversion he returned east to study for the ministry at Princeton Theological Seminary After his graduation Lovejoy was called back to St Louis by a group of Christian businessmen to serve as the editor of a new religious newspaper the Observer promoting religion morality and education It was through this forum that Lovejoy took an ever stronger stance against slavery In the slave state of Missouri such a view was not only unpopular but in the eyes of many criminal As a result Lovejoy and his family suffered repeated persecution and acts of violence from angry mobs In July 1836 in hopes of finding a more tolerant community in a free state he moved both his printing press and his family across the Mississippi River to Alton Illinois The move to Alton was a fateful one Lovejoy s press was dismantled and thrown into the river by a mob on the night of its arrival Lovejoy ordered a new printing press and it too was destroyed eleven months later A determined and dedicated man Lovejoy ordered a third press and city officials took special precautions to ensure its safety after delivery Nevertheless an organized and angry mob rolled this third press still in its crate into the river exactly one month after Lovejoy s second press had been destroyed A fourth press housed in a large stone warehouse and guarded by Lovejoy and his supporters met the same fate but only after a drunken mob had killed Lovejoy himself He was buried two days later 9 November 1837 on his thirty fifth birthday No one was ever convicted of his murder Rather than suppressing the abolitionist movement Lovejoy s death caused an eruption of antislavery activity throughout the nation At a protest meeting in Ohio John Brown dedicated his life to fighting slavery and Wendell Phillips emerged from a Lovejoy protest meeting in Boston to become a leader in the antislavery fight Simon defines Lovejoy s fight as a struggle for human dignity and the oppressed He distinguishes Lovejoy as a courageous and admirable individual and his story as an important and enduring one for both the cause of freedom for the slaves and the cause of freedom of the press
