Nicholas Love's Mirror and Late Medieval Devotio-Literary Culture David J. Falls, 2016-03-31 Surviving in 59 complete manuscript versions few English texts of the late medieval period seem to have achieved the popularity of Nicholas Love's fifteenth century translation and adaptation of the Latin *Meditationes Vitae Christi* *The Mirror of the Blessed Life of Jesus Christ* *The Mirror* has received surprisingly little scholarly attention and is often contextualized in terms of its role in the theological conflict between English ecclesiastical orthodoxy and the teachings of heresiarch John Wycliff David Falls presents a new account of the text's history which de-centralises but does not disregard the influence of the Wycliffite controversy Falls interrogates preconceptions and investigates new possibilities for understanding the composition circulation function and use of Love's *Mirror* by examining both the textual modifications and additions made by Love in his adaptation of the Latin and places these alterations in context by examining individual copies of the *Mirror* The manuscript copies are read as both sites of literary consumption and nexuses of textual transition demonstrating that it was Love's ability to inscribe his work with functional diversity which explains the *Mirror*'s popularity This book presents a nuanced picture not only of the *Mirror*'s production circulation and function but also the dynamic and flourishing devotio literary culture of late medieval England in which Love's text operated

Imagining Jesus Christ in Middle English Literature, 1275-1475 Theresa Tinkle, 2024-09-16 This book interprets Jesus Christ as a complicated disunified literary character in Middle English literature where he appears variously as king traitor victorious conqueror sacrificial lamb heroic knight lover and spouse often as several contradictory figures in a single work These tropes derive from Scripture doctrines about Christ's two natures and theories of redemption This book examines the full range of representations in Southern Passion Northern Passion Pepysian Gospel Harmony Stanzaic Life of Christ Cursor Mundi Nicholas Love's *Mirror of the Blessed Life of Jesus Christ* Sir John Mandeville's *Book of the City of Ladies* the York Play and Julian of Norwich's *Revelation of Love* Although Christ's two natures are well represented in existing scholarship many traditions have been overlooked including commonplace treatments of Christ as both a traitor and king conqueror and sacrificial lamb hero and lover As writers call upon audiences to feel compassion for Jesus's suffering they almost universally express antipathy toward his Jewish torturers complicating our ideas about affective piety In these works the Virgin Mary is less exemplary for her compassion than for her understanding of doctrine In short this book offers new perspectives on vernacular Christology between about 1275 and 1475 Theresa Tinkle is a Professor within the Department of English Language and Literature at the University of Michigan USA as well as Director of the Gayle Morris Sweetland Center for Writing Previous publications include *Medieval Venuses and Cupids Sexuality and Hermeneutics in English Poetry* 1996 and *Gender and Power in Medieval Exegesis* Palgrave 2010 Theresa's academic training and publications include the study of medieval English and Latin literature the medieval reception of the Bible gender and sexuality studies paleography and manuscript studies composition and pedagogy and disability studies

Julian of Norwich Kevin Magill, 2006-07-13 Julian of Norwich was a fourteenth century woman who at the age of thirty had a series of vivid visions centred around the crucified Christ Twenty years later while living as an anchoress in a church she is believed to have set out these visions in a text called the Showing of Love Going against the current trend to place Julian in the category of mystic a classification which defines her visions as deeply private psychological events this book sets Julian s thinking in the context of a visionary project used to instruct the Christian community Drawing on recent developments in philosophy that debate the objectivity and rationality of vision and perception Kevin J Magill gives full attention to the depth and richness of the visual language and modes of perception in the Showing of Love In particular the book focuses on the ways in which Julian presented her vision to the Christian society around her demonstrating the educative potential of interaction between the isolated anchoress and the wider community Challenging Julian s identification as a mystic and solitary female writer this book argues that Julian engaged in a variety of educative methods oral visual conversational mnemonic alliterative that extend the usefulness of her text

The Visual Object of Desire in Late Medieval England Sarah Stanbury, 2015-07-10 Little remains of the rich visual culture of late medieval English piety The century and a half leading up to the Reformation had seen an unparalleled growth of devotional arts as chapels parish churches and cathedrals came to be filled with images in stone wood alabaster glass embroidery and paint of newly personalized saints angels and the Holy Family But much of this fell victim to the Royal Injunctions of September 1538 when parish officials were ordered to remove images from their churches In this highly insightful book Sarah Stanbury explores the lost traffic in images in late medieval England and its impact on contemporary authors and artists For Chaucer Nicholas Love and Margery Kempe the image debate provides an urgent language for exploring the demands of a material devotional culture though these writers by no means agree on the ethics of those demands The chronicler Henry Knighton invoked a statue of St Katherine to illustrate a lurid story about image breaking Lollards Later John Capgrave wrote a long Katherine legend that comments through the drama of a saint in action on the powers and uses of religious images As Stanbury contends England in the late Middle Ages was keenly attuned to and troubled by its culture of the spectacle whether this spectacle took the form of a newly made queen in Chaucer s Clerk s Tale or of the animate Christ in Norwich Cathedral s

patriarchy traumatize the love of equals and thus disfigure and distort our personal and political lives **Cushions, Kitchens and Christ** Louise Campion,2022-01-15 This book represents the first full length study of the prevalence of domestic imagery in late medieval religious literature It examines as yet understudied patterns of household imagery and allegory across four fifteenth century spiritual texts all of which are Middle English translations of earlier Latin works These texts are drawn from a range of popular genres of medieval religious writing including spiritual guidance texts Lives of Christ and collections of revelations received by visionary women All of the texts discussed in this book have identifiable late medieval readers which further enables a discussion of the way in which these book users might have responded to the domestic images in each one This is a hugely important area of enquiry as the literal late medieval household was becoming increasingly culturally important during the fourteenth and fifteenth centuries and these texts frequent recourse to domestic imagery would have been especially pertinent *Moral Love Songs and Laments* Susanna Greer Fein,1998-02-01 In this volume Fein presents highly emotional Middle English lyrics to a new audience of students and teachers of the Middle Ages These Middle English poems drawn widely from two hundred years of literary tradition lead readers in devotion to God by invoking an emotional response to God s love In this meditative tradition readers would be brought closer to intellectually understanding God through their affective responses With its copious footnotes introductions and glosses this volume is ideal for classes on medieval spirituality and English lyrical poetry alike *The Virgin Mary's Book at the Annunciation* Laura Saetveit Miles,2020 An overlooked aspect of the iconography of the Annunciation investigated Mary s book *Art Song in the United States, 1759-1999* Judith E. Owners and users of medieval books A tribute to Professor Takamiya **The Alchemy of Love and Romance** Peter Dome, 2016-05-30 Peter's third book that portrays him and his romantic heart so the giving sharing and dreaming about love is very much the main theme throughout alongside a few poems that portray the heartache of a lost love a great read for all to thoroughly enjoy **The Wycliffite Heresy** Kantik Ghosh, 2001-10-04 Kantik Ghosh argues that one of the main reasons for Lollardy's sensational resonance for its times and for its immediate posterity was its exposure of fundamental problems in late medieval academic engagement with the Bible its authority and its polemical uses Examining Latin and English sources Ghosh shows how the same debates over biblical hermeneutics and associated methodologies were from the 1380s onwards conducted both within and outside the traditional university framework and how by eliding boundaries between Latinate biblical speculation and vernacular religiosity Lollardy changed the cultural and political positioning of both Covering a wide range of texts scholastic and extramural in Latin and in English written over half a century from Wyclif to Thomas Netter Ghosh concludes that by the first decades of the fifteenth century Lollardy had partly won the day Whatever its fate as a religious movement it had successfully changed the intellectual landscape of England
