pondering the literary desire to make death speak in the face of its cultural silencing      **Plutarch's Morals**

Plutarch, 2021-12-24 Plutarch's Morals Plutarch Plutarch who was born at Chironea in Boetia probably about A.D. 50 and was a contemporary of Tacitus and Pliny has written two works still extant the well known Lives and the less known Moralia The Lives have often been translated and have always been a popular work Great indeed was their power at the period of the French Revolution The Moralia on the other hand consisting of various Essays on various subjects only twenty six of which are directly ethical though they have given their name to the Moralia are declared by Mr Paley to be practically almost unknown to most persons in Britain even to those who call themselves scholars Habent etiam sua fata libelli In older days the Moralia were more valued Montaigne who was a great lover of Plutarch and who observes in one passage of his Essays that Plutarch and Seneca were the only two books of solid learning he seriously settled himself to read quotes as much from the Moralia as from the Lives And in the seventeenth century I cannot but think the Moralia were largely read at our Universities at least at the University of Cambridge For not to mention the wonderful way in which the famous Jeremy Taylor has taken the cream of Conjugal Precepts in his Sermon called The Marriage Ring or the large and copious use he has made in his Holy Living of three other Essays in this volume namely those On Curiosity On Restraining Anger and On Contentedness of Mind proving conclusively what a storehouse he found the Moralia we have evidence that that most delightful poet Robert Herrick read the Moralia too when at Cambridge so that one cannot but think it was a work read in the University course generally in those days For in a letter to his uncle written from Cambridge asking for books or money for books he makes the following remark How kind Arcisilaus the philosopher was unto Apelles the painter Plutarch in his Morals will tell you In 1882 the Reverend C. W. King Senior Fellow of Trinity College Cambridge translated the six Theosophical Essays of the Moralia forming a volume in Bohn's Classical Library The present volume consists of the twenty six Ethical Essays which are in my opinion the cream of the Moralia and constitute a highly interesting series of treatises on what might be called The Ethics of the Hearth and Home I have grouped these Essays in such a manner as to enable the reader to read together such as touch on the same or on kindred subjects      **The Lute of Zion** Isaac Baker Woodbury, 1853      *The Pleasures of Life* John Lubbock, 1893
