ACT I.

SCENE I. The King of Navarre's park

[Enter the King, BEROWNE, LONGAVILLE, and DUMAIN.]

KING.

Let fame, that all hunt after in their lives, Live regist'ed upon our brazen tombs,

And then grace us in the disgrace of death; When, spite of cormorant devouring Time, The
endeavour of this present breath may buy That honour which shall bate his scythe's keen edge,
And make us heirs of all eternity.

Therefore, brave conquerors--for so you are That war against your own affections

And the huge army of the world's desires-- Our late edict shall strongly stand in force: Navarre
shall be the wonder of the world; Our court shall be a little academe,

Still and contemplative in living art. You three, Berowne, Dumain, and Longaville, Have sworn
for three years' term to live with me, My fellow-scholars, and to keep those statutes That are
recorded in this schedule here: Your oaths are pass'd; and now subscribe your names, That his
own hand may strike his honour down That violates the smallest branch herein. If you are arm'd

Love's Labour's Lost William Shakespeare, 1998 Love's Labour's Lost now recognized as one of the most delightful and stageworthy of Shakespeare's comedies came into its own both on the stage and in critical esteem only during the 1930s and 1940s after three hundred years of neglect by the theatre and undervaluation and misuse by critics The Introduction to this new edition pays particular attention to this process of rehabilitation The text based on the quarto of 1598 and taking full account of the extensive scholarly study that text has received over recent years rests on the hypothesis that the quarto goes back probably by way of lost quarto to an authorial manuscript representing the play in a state prior to fair copy If this is so the quarto takes on a special significance because through it we can watch Shakespeare in the act of composition improvising changing his mind and revising as his play develops under his hand The editor offers a number of new readings of difficult and disputed passages together with some suggestions about the way in which the play's notorious tangles may have come about A detailed commentary offers full and helpful guidance to the play's scintillating language

Shakespeare's Modern Collaborators Lukas Erne, 2007-12-18 Recent work in Shakespeare studies has brought to the forefront a variety of ways in which the collaborative nature of Shakespearean drama can be investigated collaborative performance Shakespeare and his fellow

actors collaborative writing Shakespeare and his co authors collaborative textual production Shakespeare and his transcribers and printers What this leaves unaccounted for is the form of collaboration that affects more than any other our modern reading experience of Shakespeare s plays what we read as Shakespeare now always comes to us in the form of a collaborative enterprise and is decisively shaped by the nature of the collaboration between Shakespeare and his modern editors Contrary to much recent criticism this book suggests that modern textual mediators have a positive rather than negative role they are not simply pimps of discourse or cultural tyrants whose oppressive interventions we need to unedit but collaborators who can decisively shape and enable our response to Shakespeare s plays Erne argues that any reader of Shakespeare scholar student or general reader approaches Shakespeare through modern editions that have an endlessly complicated and fascinating relationship to what Shakespeare may actually have intended and written that modern editors determine what that relationship is and that it is generally a very good thing that they do so
