From time immemorial medicine has remained one of the most respected professions Trust formed the unshakeable foundation of the doctor patient relationship and for long doctors were treated next to God In recent times though this sacred relationship is suffering from an erosion of faith We often hear discouraging stories of doctors being abused and hospitals vandalised The narrative is gradually turning negative a dismal reality for both doctors and patients We tend to forget that there are many great things happening in the medical world Today we are living much longer we have managed to eradicate many diseases we have vaccines that prevent our children from dying life saving surgeries are being performed while the baby is still in the womb and we can give the gift of life to someone by transplanting vital organs Medical miracles are happening every day in hospitals worldwide This book is a collection of heartfelt stories by doctors and patients from across the globe These are stories of triumph empathy positivity loss and sometimes failure It goes one step ahead and captures the experience of people who surround a doctor the mother of a doctor a surgeon's husband and an acid attack survivor stories that underline that a doctor too is a human being after all Human resilience can often break barriers and these stories serve as inspiration to both patients and doctors alike Riveting and absolutely unputdownable Dear People gives an inside view of the world of medicine and hopes to inspire millions to retain faith in this beautiful relationship
