Oklahoma attorney Ben Kincaid takes on his sixth case that of a former football hero who leads police on a car chase after his wife and children are found murdered      *No Grammar Tears 2* Marthus-Adden Zimboiant,2013 First of all other I find *No Grammar Tears* very informative What amazes me is the kind of dedication and patience Marthus Adden spent in writing this book This is because this kind of genre actually needs full attention Truly whatever he has written is precise and correct I really admire his generosity of sharing his knowledge about English owing to the fact that English is his second language What is good about the book is that the writer wrote it in a manner that readers can easily understand it In other words what makes this book different from the other English grammar books in the market is that it is more user friendly which means he wrote it in a manner that can easily be understood especially by those who just learned English and want to learn more Correctly put this book is a guide to those who wants to learn English on their own As a matter of fact he has a knowledge check in every subject he has discussed in this book He catered everything especially in the part on how to construct sentences which are very precise and which make it very easy to learn the book He did not change anything at all in terms of the right way to speak and learn English but instead he made it easier and more convenient for those people whose English is not their first language In point of fact he wrote this book not because he wants to show off to the world that he is a good grammarian but because he wants to help those struggling to learn English The book therefore deserves recognition because he is actually giving a favour to those who can t afford to have a private tutor to teach them how to speak English correctly I must in conclusion admit that this book will really help those people who want to learn English language those people who are striving to speak perfect English and those people that English is their second language I will therefore commend the author for this book      **Rejected by the Beta Complete Bundle (Books 1-4)** Bella Lore,2022-12-08 A bundle of books 1 4 in Bella Lore s REJECTED BY THE BETA paranormal romance series This complete bundle offers books one through four in one convenient file with over 100 000 words of reading For as long as Isabel can remember she s been a rogue Her parents are deceased she has no pack no mate and no one at all except for her older brother Ben She s grown used to being a nobody
