side by side with John Steinbeck's letter to the woman who inspired much of his late work Distinguished scholar Cathy Davidson argues that the love letter is a form of literature all its own a genre whose language may have changed from ancient Rome to twentieth century America but whose basic form and content remain the same For if all literature is a kind of seduction then the love letter becomes the perfect vehicle for writers to hone their seductive skills With novelistic flair Ms Davidson has arranged these letters as though they were all part of one romance a romance in which any of us may have played a part From the joy of Falling in Love to the pain of Unrequited Love we chart the evolution of that most hard to define emotion These pages are filled with glorious examples of writers being just like the rest of humanity to wit willing to stake so much on what at times seems like nothing more than a promise and an act of faith How delightful to discover the master of light verse Ogden Nash writing tenderly to a woman he first saw across a crowded room nine months earlier This is a particularly gifted and intelligent pen Look what it's writing now I love you That's a phrase I can't get out of my head but I don't want to I've wanted to try it out for a long time I like the look of it and the sound of it and the meaning of it Of course what writers do better than anyone else is to write about love Through Ms Davidson's deft touch The Book of Love becomes a treasure trove of literary discovery She      **Cassette Books** Library of Congress.
