Loving Little Egypt:

Loving Little Egypt Thomas McMahon, 2010-08-15 In the early 1920s nearly blind physics prodigy Mourly Vold finds out how to tap into the nation's long distance telephone lines With the help of Alexander Graham Bell Vold tries to warn the phone companies that would be saboteurs could do the same thing but they ignore him Unfortunately his taps do catch the notice of William Randolph Hearst who hires Thomas Edison to get to the bottom of them and the chase is on *Loving Little Egypt* Thomas A. McMahon, 2003 *Loving Little Egypt* Thomas A. McMahon, 1987 *Loving Little Egypt* Thomas A. McMahon, 1988 McMahon mixes scientific miscellany a sprinkling of famous people and a cast of his own delightful characters to produce this thoroughly enchanting romantic novel reminiscent of Ragtime *Signs of the Literary Times* William O'Rourke, 1993-11-18 This book is O'Rourke's first volume of nonfiction since his 1972 *The Harrisburg 7* and the New Catholic Left which Garry Wills hailed as a clinical x-ray of our society's condition That book prompted Herbert Mitgang to name O'Rourke one of the finest writers of his generation *Signs of the Literary Times* provides new evidence for that assessment It brings together O'Rourke's unique mixture of literary political and cultural criticism published periodically during the last twenty-two years The collection ranges from autobiographical essays describing his generation's literary evolution to articles on free speech issues such as nude dancing and the Bush era NEA controversies as well as book reviews that provide a fresh and largely uncharted critical map of the period O'Rourke is not only interested in genre bending and expansion but in persevering during this age of academic specialization as in his phrase a person of letters In the two decades between his first work of nonfiction and this volume O'Rourke has published three highly acclaimed novels *The Meekness of Isaac* 1974 *Idle Hands* 1981 and *Criminal Tendencies* 1987 Of the last *The Virginia Quarterly Review* wrote Of all the novelists paraded in recent years by publishers as natural successors to Graham Greene this one comes the closest A thoroughly entertaining literary event *Signs of the Literary Times* is not so much a compendium of diverse pieces on various subjects as it is a cogent and continuing x-ray of our society's condition **McKay's Bees** Thomas McMahon, 2010-08-15 An impressively original novel comic in its vision yet serious constantly surprising in its twists of plot and its reflections upon life *Wall Street Journal* Moving from Massachusetts to Kansas in 1855 with his new wife and a group of German carpenters Gordon McKay is dead set on making his fortune raising bees undaunted by Missouri border ruffians newly minted Darwinism or the unsettled politics of a country on the brink of civil war Humorous and generous yet sometimes disconcertingly fatalistic McMahon's storytelling is based on an irresistible curiosity about how the world works *Alida Becker New York Times Book Review* Truly a gem an elegantly simple construct full of light and surprise *Jean Strouse Newsweek* A literary miracle a tale defying gravity and all manner of other rules that ground the narratives of most storytellers *Douglas Bauer Boston Globe* McMahon in such a short novel should not have been able to bring coherence out of Darwin and Lincoln bees and machines East and West honey and blood That he manages that wit irony gentleness passion and knowledge

conspire so successfully is a wonder of craft John Leonard New York Times McMahon's novels combine sophisticated scientific lore with a well developed sense of human ness They are learned funny spiritual and sexy It would not be disgraceful to compare them with the work of Gabriel Garcia Marquez Indeed McMahon is a kind of Yankee magic realist mixing the fantastic with the ordinary so seamlessly Toronto Globe Mail *Principles of American Nuclear Chemistry* Thomas McMahon,2010-08-15 What was life like for the scientists working at Los Alamos Thomas McMahon imagines this life through the wide eyes of young Tim MacLaurin the thirteen year old son of an MIT physicist who inspired by a young woman named Maryann worked on the project Filled with the sensuous excitement of scientific discovery and the outrageous behavior of people pushed beyond their limits *Principles of American Nuclear Chemistry* is a beautifully written coming of age story that explores the mysterious connections between love and work inspiration and history *Six Days in Marapore* Paul Scott,2014-12-08 In this swiftly paced and lyrical novel about British expatriates at the time of Indian independence Paul Scott grapples with the themes of race possession and history that dominate all four novels of his masterpiece *The Raj Quartet* especially *The Jewel in the Crown* As always Scott fills his book with vivid characters the seductive bigoted war widow the sophisticated wily Hindu politician and the athletic young American who only gradually begins to understand the legacy of pain and hatred veiling the woman he has come to rescue Set against the backdrop of a nation in violent transition a climate of exhilaration and shifting loyalties *Six Days in Marapore* unfolds amidst the possibility of reconciliation freedom and healing Scott's brief characterizations are as important to *Six Days in Marapore* as the basic plot This is not primarily a novel of India but rather more of frightened foreigners living there at the end of their era New York Times Intense abrasive the many conflicts and telltale stigmata of Hindu and Moslem white and off white give this its uncertain temper and certain suspense Kirkus Reviews **The Biography Book** Daniel S. Burt,2001-02-28 From Marilyn to Mussolini people captivate people A E's Biography best selling autobiographies and biographical novels testify to the popularity of the genre But where does one begin Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians Each entry includes a brief profile autobiographical and primary sources and recommended works Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals *Lovable Livable Home* Sherry Petersik,John Petersik,2015-09-22 This New York Times bestselling book is packed with thoughtful advice and inspiring photos to help you create a home filled with beauty and meaning In the three years since Sherry and John Petersik wrote their bestselling book *Young House Love* they have bought a new house and had a new baby and they have seen their design perspective evolve right along with their family In their latest book they've set out to prove that just because you have kids or pets doesn't mean you're sentenced to

Bell,2010-10-01 In *Real Time* David F Bell explores the decisive impact the accelerated

movement of people and information had on the fictions of four giants of French realism Balzac Stendhal Dumas and Zola Nineteenth century technological advances radically altered the infrastructure of France changing the ways ordinary citizens and literary characters viewed time space distance and speed The most influential of these advances included the improvement of the stagecoach the growth of road and canal networks leading to the advent of the railway and the increasing use of mail and of the optical telegraph Citing examples from a wide range of novels and stories Bell demonstrates the numerous ways in which these trends of acceleration became not just literary devices and themes but also structuring principles of the novels themselves Beginning with both the provincial and the Parisian communications networks of Balzac Bell proceeds to discuss the roles of horses and optical telegraphs in Stendhal and the importance of domination of communication channels to the characters of Dumas whose Count of Monte Cristo might be seen as the ultimate fictional master of this accelerated culture Finally Bell analyzes the cinematic vision created by the arrival of the railroad as depicted by Zola in *La B te Humaine* *Slouching Towards Kalamazoo* Peter De Vries,2012-08-30 The classic American coming of age novel of a precocious young man and the lessons learned from his tutor by a masterly entertainer and social satirist The New York Times It is 1963 in an unnamed town in North Dakota and Anthony Thrasher is languishing for a second year in eighth grade Prematurely sophisticated young Anthony spends too much time reading Joyce Eliot and Dylan Thomas but not enough time studying the War of 1812 or obtuse triangles A tutor is hired and this modern Hester Prynne offers Anthony lessons that ultimately free him from eighth grade and situate her on the cusp of the American sexual revolution In *Slouching Towards Kalamazoo* Peter De Vries finds the perfect vehicle for his erudite wit in Anthony s restless adolescent voice Demonstrating a fascination with both language and female anatomy Anthony s pitch perfect narration propels this satirical coming of age tale through theological debates and quandaries both dermatological and ethical while soaring on the De Vriesian hallmark of scrambling conventional wisdom for comic effect *The Culture of Ancient Egypt* John A. Wilson,2013-10-17 The story of Egypt is the story of history itself the endless rise and fall the life and death and life again of the eternal human effort to endure enjoy and understand the mystery of our universe Emerging from the ancient mists of time Egypt met the challenge of the mystery in a glorious evolution of religious intellectual and political institutions and for two millennia flourished with all the vigor that the human heart can invest in a social and cultural order Then Egypt began to crumble into the desert sands and the waters of the Nile and her remarkable achievements in civilization became her lingering epitaph John A Wilson has written a rich and interpretive biography of one of the greatest cultural periods in human experience He answers as best the modern Egyptologist can the questions inevitably asked concerning the dissolution of Egypt s glory Here is scholarship in its finest form concerned with the humanity that has preceded us and finding in man s past grandeur and failure much meaning for men of today New York Magazine ,1987-02-09 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country

With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

The Fisher King Anthony Powell, 2013-05-31 Arthurian legend and cruise ship gossip entwine in this profoundly touching comic novel by the celebrated author of *A Dance to the Music of Time* Chicago Tribune Aboard the Alecto prolific romance author Valentine Beals ruminates on the ship's most seemingly incongruous couple a graceful ethereal virginal dancer named Barberina Rookwood and her lover Saul Henchman a crippled emasculated war hero and photographer Fancifully Beals imagines Henchman to be the reembodyment of one of the most mysterious Arthurian legends the Fisher King the maimed and impotent ruler of a barren country of whom Perceval failed to ask the right questions A myth with many permutations and a blurred borderland between them the Fisher King legend dovetails the various explanations Powell offers from his competing narrators as to why a talented young dancer would forsake her art to care for a feeble older man Ostensibly a novel about gossip on a cruise ship *The Fisher King* is much more a highly stylized narrative infused with Greek mythology legend and satire
