Conn,1998 This volume explores the two movements in the journey to transcendence The first is the drive to be an integrated and powerful self The second is to leave that behind and move beyond the self into relationship The two movements are inextricably joined separation and attachment autonomy and relationship Humans are pulled simultaneously by the urge to be and to be for The Desiring Self is an explanation and a practical guide to the process of self transcendence Using case studies as well as insights from psychology and theology it takes readers through the steps of understanding themselves as incarnate integrated and yet transcendent beings bent on discovering their true selves as known by God It is a book to be read and relished by pastoral counselors spiritual directors readers exploring the confluence of psychology and religion and all persons on the journey of self transcendence BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Love, Human and Divine* Edward Collins Vacek,1994-04-01 Although the two great commandments to love God and to love our neighbors as ourselves are central to Christianity few theologians or spiritual writers have undertaken an extensive account of the meaning and forms of these loves Most accounts in fact make love of God and love of self either impossible or immoral Integrating these two commandments Edward Vacek SJ develops an original account of love as the theological foundation for Christian ethics Vacek criticizes common understandings of agape eros and philia examining the arguments of Aquinas Nygren Outka Rahner Scheler and other theologians and philosophers He defines love as an emotional affirmative participation in the beloved's real and ideal goodness and he extends this definition to the love between God and self Vacek proposes that the heart of Christian moral life is loving cooperation with God in a mutually perfecting friendship How to Be an Adult in Love David Richo,2014-01-07 We were made to love and be loved Loving ourselves and others is in our genetic code It's nothing other than the purpose of our lives but knowing that doesn't make it easy to do We may find it a challenge to love ourselves We may have a hard time letting love in from others We're often afraid of getting hurt It is also sometimes scary for us to share love with those around us and love that isn't shared leaves us feeling flat and unfulfilled David Richo provides the tools here for learning how to love in evolved adult ways beginning with getting past the barriers that keep us from loving ourselves then showing how we can learn to open to love others He provides wisdom from Buddhism psychology and a range of spiritual traditions along with a wealth of practices both for avoiding the pitfalls that

can occur in love relationships and for enhancing the way love shows up in our lives He then leads us on to love s inevitable outcome developing a heart that loves universally and indiscriminately This transcendent and unconditional love isn t just for a heroic few Dave shows it s everyone s magnificent calling
