Lovingly Georgia:

Lovingly, Georgia Georgia O'Keeffe, Anita Pollitzer, 1990 *Georgia* Dawn Tripp, 2017-01-17 NATIONAL BESTSELLER In a dazzling work of historical fiction in the vein of Nancy Horan's *Loving Frank* Dawn Tripp brings to life Georgia O'Keeffe her love affair with photographer Alfred Stieglitz and her quest to become an independent artist This is not a love story If it were we would have the same story But he has his and I have mine In 1916 Georgia O'Keeffe is a young unknown art teacher when she travels to New York to meet Stieglitz the famed photographer and art dealer who has discovered O'Keeffe's work and exhibits it in his gallery Their connection is instantaneous O'Keeffe is quickly drawn into Stieglitz's sophisticated world becoming his mistress protégé and muse as their attraction deepens into an intense and tempestuous relationship and his photographs of her both clothed and nude create a sensation Yet as her own creative force develops Georgia begins to push back against what critics and others are saying about her and her art And soon she must make difficult choices to live a life she believes in A breathtaking work of the imagination Georgia is the story of a passionate young woman her search for love and artistic freedom the sacrifices she will face and the bold vision that will make her a legend Praise for Georgia Complex and original Georgia conveys O'Keeffe's joys and disappointments rendering both the woman and the artist with keenness and consideration The New York Times Book Review As magical and provocative as O'Keeffe's lush paintings of flowers that upended the art world in the 1920s Tripp inhabits Georgia's psyche so deeply that the reader can practically feel the paintbrush in hand as she creates her abstract paintings and New Mexico landscapes Evocative from the first page to the last Tripp's Georgia is a romantic yet realistic exploration of the sacrifices one of the foremost artists of the twentieth century made for love USA Today Sexually charged insightful Dawn Tripp humanizes an artist who is seen in biographies as more icon than woman Her sensuous novel is as finely rendered as an O'Keeffe painting The Denver Post A vivid work forged from the actual events of O'Keeffe's life Tripp imbues the novel with a protagonist who forces the reader to consider the breadth of O'Keeffe's talent business savvy courage and wanderlust She is vividly alive as she grapples with success fame integrity love and family Salon *The Love Lives of the Artists* Daniel Bullen, 2013-02-12 As the oldest of institutions marriage seems outdated in modern times when each individual is encouraged to break with tradition in order to fulfill him or herself And so artists like Diego Rivera and Frida Kahlo seem to be paving the way toward a brave new kind of marriage where spouses would be allowed even encouraged to fulfill different aspects of themselves in outside relationships Shared creativity they believed would transcend their jealousies and compensate their sufferings through art they would rise above conventional marital fidelity and prove a higher fidelity to art and to themselves The Love Lives of the Artists tells the stories of Rainer Maria Rilke and Lou Andreas Salom Alfred Stieglitz and Georgia O'Keeffe Jean Paul Sartre and Simone de Beauvoir Diego and Frida and Henry Miller and Ana's Nin five couples who approached their relationships with the same rebellious creativity as they practiced in their art From their early artistic development and their first experiences in love to their artistic

marriages and their affairs and then to their fights and reconciliations addictions nervous breakdowns and continued creativity The Love Lives of the Artists describes the promise and the price of freedom and creativity in love *Georgia and Anita* Liza Bennett, *Alfred Stieglitz* Phyllis Rose, 2019-04-16 A fascinating biography of a revolutionary American artist ripe for rediscovery as a photographer and champion of other artists Alfred Stieglitz 1864 1946 was an enormously influential artist and nurturer of artists even though his accomplishments are often overshadowed by his role as Georgia O Keeffe s husband This new book from celebrated biographer Phyllis Rose reconsiders Stieglitz as a revolutionary force in the history of American art Born in New Jersey Stieglitz at age eighteen went to study in Germany where his father a wool merchant and painter insisted he would get a proper education After returning to America he became one of the first American photographers to achieve international fame By the time he was sixty he gave up photography and devoted himself to selling and promoting art His first gallery 291 was the first American gallery to show works by Picasso Rodin Matisse and other great European modernists His galleries were not dealerships so much as open universities where he introduced European modern art to Americans and nurtured an appreciation of American art among American artists **Introduction to Georgia Writers** Bertha Sheppard Hart, 1929 **Voices Made Flesh** Lynn C. Miller, Jacqueline Taylor, M. Heather Carver, 2003 *Voices Made Flesh* includes scripts and essays about performances of the lives of women such as Gertrude Stein Georgia O Keeffe and Anus Nin which consider issues that arise when a woman represents another woman s life In the second section seven performers tell their own stories engaging issues of sexual orientation ethnicity race loss of parent disability life and death *Voices* highlights issues of representation identity and staging in autobiographical performance It examines the links between theory and criticism of women s autobiography feminist performance theory and performance practice **The Living Line** Robin Veder, 2015-04-07 Robin Veder s *The Living Line* is a radical reconceptualization of the development of late nineteenth and early twentieth century American modernism The author illuminates connections among the histories of modern art body cultures and physiological aesthetics in early twentieth century American culture fundamentally altering our perceptions about art and the physical and the degree of cross pollination in the arts *The Living Line* shows that American producers and consumers of modernist visual art repeatedly characterized their aesthetic experience in terms of kinesthesia the sense of bodily movement They explored abstraction with kinesthetic sensibilities and used abstraction to achieve kinesthetic goals In fact the formalist approach to art was galvanized by theories of bodily response derived from experimental physiological psychology and facilitated by contemporary body cultures such as modern dance rhythmic gymnastics physical education and physical therapy Situating these complementary ideas and exercises in relation to enduring fears of neurasthenia Veder contends that aesthetic modernism shared industrial modernity s objective of efficiently managing neuromuscular energy In a series of finely grained and interconnected case studies Veder demonstrates that diverse modernists associated with the Armory Show the Soci t Anonyme the Stieglitz circle especially O
