Anderson,1989 *Low-cost Wood Homes for Rural America* LeRoy Oscar Anderson,1979 **Low-cost Wood Homes for Rural America** LeRoy Oscar Anderson,1979 **Rural America** Caroline S. Kelsohn,2002 Thomas Jefferson once envisioned the United States as a nation of yeomen farmers Looking around today however illustrates that nothing could be further from the truth In a globalised world and techno centred society urban sprawl is overtaking rural America For over a century farming was the backbone of the American economy and though it is still critical to American productivity many rural areas are plagued by poverty and job reduction Agricultural issues have a hold over national politics as in the debates over farm subsidies but they cannot change several significant trends in America today the movement toward fewer and larger farms environmental pressures from urban and suburban interests and changing food consumption patterns In order to assist the remaining yeomen farmers a comprehensive and integrated agricultural policy must be initiated to sustain the nation s farming communities This book analyses the status of the farm industry in rural America providing a historical context for agriculture and assessing its future for the nation and the information provided in this book is necessary to understanding the nature of what has historically been a key component of American industry and life *Low-Cost Wood Homes for Rural America* L.
