Lowell Offering Writings By New England Mill Women 1840 1845:

Lowell Offering Benita Eisler,1998 Gathers letters stories and essays written by the female employees of the textile mills of Lowell Massachusetts **The Lowell Offering** Benita Eisler,1977 **The Lowell Offering** Benita Eisler,1977

Mill Girls and Strangers Wendy M. Gordon,2012-02-01 In the nineteenth century mill towns of Preston England Lowell Massachusetts and Paisley Scotland there were specific demands for migrant and female labor and potential employers provided the necessary respectable conditions in order to attract them Using individual accounts this innovative and comparative study examines the migrants lives by addressing their reasons for migration their relationship to their families the roles they played in the cities to which they moved and the dangers they met as a result of their youth gender and separation from family Gordon details both the similarities and differences in the women s migration experiences and somewhat surprisingly concludes that they became financially independent rather than primarily contributors to a family economy What We Hold in Common Janet Zandy,2001 Restored to print in an expanded edition the pivotal text in working class studies *On Anthologies* Jeffrey R. Di Leo,2004-01-01 Over the course of the past twenty five years anthologies have shifted from playing a relatively minor role in academic culture to a position of dominance The essays in this collection explore the significant intellectual economic political pedagogical and creative resonance of anthologies through all levels of academic life They show that anthologies have consequences and are grounded in commitments Striving to articulate these consequences and commitments is a priority in higher education today Most of the contributors to this volume are editors of anthologies and they draw on personal experiences to provide a rare glimpse into the economics and logic of anthology publication Their essays illustrate the ways in which editing an anthology involves negotiation and compromise between intellectual ideal and realistic practice *On Anthologies* includes discussion of a wide range of anthologies used and produced by teachers and scholars Though the emphasis is on literature and theory anthologies the insights in this volume speak to professionals in all areas of academic life Collectively these essays establish the foundation for continuing critical analysis of anthology production and consumption in all disciplines **The Hidden Half of the Family** Christina K. Schaefer,1999 Offers information on finding female ancestors in each state highlighting those laws both federal and state that indicate when a woman could own real estate in her own name devise a will and enter into contracts In addition entries contain information on marriage and divorce law immigration citizenship passports suffrage and slave manumission Material is included on African American Native American and Asian American women as well as patterns of European immigration Period covered is from the 1600s to the outbreak of WWII Annotation copyrighted by Book News Inc Portland OR *There Is Power in a Union* Philip Dray,2011-09-20 From the nineteenth century textile mills of Lowell Massachusetts to the triumph of unions in the twentieth century and their waning influence today the contest between labor and capital for the American bounty has shaped our national experience In this stirring new history Philip Dray shows us the

vital accomplishments of organized labor and illuminates its central role in our social political economic and cultural evolution His epic character driven narrative not only restores to our collective memory the indelible story of American labor it also demonstrates the importance of the fight for fairness and economic democracy and why that effort remains so urgent today

Family Life in 19th-Century America James M. Volo, Dorothy Volo, 2007-08-30 Nineteenth century families had to deal with enormous changes in almost all of life's categories The first generation of nineteenth century Americans was generally anxious to remove the Anglo from their Anglo Americanism The generation that grew up in Jacksonian America matured during a period of nationalism egalitarianism and widespread reformism Finally the generation of the pre war decades was innately diverse in terms of their ethnic backgrounds employment social class education language customs and religion Americans were acutely aware of the need to create a stable and cohesive society firmly founded on the family and traditional family values Yet the people of America were among the most mobile and diverse on earth Geographically socially and economically Americans and those immigrants who wished to be Americans were dedicated to change movement and progress This dichotomy between tradition and change may have been the most durable and common of American traits and it was a difficult quality to circumvent when trying to form a unified national persona Volumes in the Family Life in America series focus on the day to day lives and roles of families throughout history The roles of all family members are defined and information on daily family life the role of the family in society and the ever changing definition of family are discussed Discussion of the nuclear family single parent homes foster and adoptive families stepfamilies and gay and lesbian families are included where appropriate Topics such as meal planning homes entertainment and celebrations are discussed along with larger social issues that originate in the home like domestic violence child abuse and neglect and divorce Ideal for students and general readers alike books in this series bring the history of everyday people to life

Immigrant Women's Lives Ruth A. Charles, 2018-10-24 First published in 1999 Driven by the interest of the author this study looks at the lives of immigrant women in central New York who are working in the garment industry in hope that by raising awareness Congress will current review legislation when its highlighted how it affects these women and their families Her view is that the media and public discussion tends to present these women as if they are all illegal immigrants looking for welfare benefits instead of law abiding hard working residents This research is written to describe what these women are like what their experiences regarding immigration have been and how arbitrary legislative policies and regulations affect them much these women it also illuminates how much personally the woman have sacrificed in the way of social status cultural comfort and family relationships to come to the United States

The Dawning of American Labor Brian Greenberg, 2017-11-29 A concise history of labor and work in America from the birth of the Republic to the Industrial Age and beyond From the days of Thomas Jefferson Americans believed that they could sustain a capitalist industrial economy without the class conflict or negative socioeconomic consequences experienced in Europe This dream came crashing down in 1877 when the Great Strike

one of the most militant labor disputes in US history convulsed the nation's railroads In *The Dawning of American Labor* a leading scholar of American labor history draws upon first hand accounts and the latest scholarship to offer a fascinating look at how Americans perceived and adapted to the shift from a largely agrarian economy to one dominated by manufacturing For the generations following the Great Strike the Labor Problem and the idea of class relations became a critical issue facing the nation As Professor Greenberg makes clear in this lively highly accessible historical exploration the 1877 strike forever cast a shadow across one of the most deeply rooted articles of national faith the belief in American exceptionalism What conditions produced the faith in a classless society What went wrong These questions lie at the heart of *The Dawning of American Labor* Provides a concise comprehensive and completely up to date synthesis of the latest scholarship on the early development of industrialization in the United States Considers how working people reacted both in the workplace and in their communities as the nation's economy made its shift from an agrarian to an industrial base Includes a formal Bibliographical Essay a handy tool for student research Works as a stand alone text or an ideal supplement to core curricula in US History US Labor and 19th Century America Accessible introductory text for students in American history classes and beyond *The Dawning of American Labor* is an excellent introduction to the history of labor in the United States for students and general readers of history alike

Crossings in Text and Textile Katherine Joslin,Daneen Wardrop,2015-01-06 *Crossings in Text and Textile* explores the diverse range of transatlantic representations of clothing in nineteenth and early twentieth century literature This collection of essays demonstrates that fashion history and literary history when examined together prompt fresh understandings of the complexities of race class and sexual identity By bridging material culture and discourse *Crossings* establishes the significance of fashion while neglecting none of its aesthetic appeal to offer historicized readings on a variety of topics from Jane Austen's nuanced display of social interactions through the economics of muslin to the 1871 Park and Boulton cross dressing trial and Jessie Fauset's selection of apparel to express racial power The geographic span of textiles from different economic areas around the globe includes Asia Africa Europe and North America By making use of transatlantic texts to consider the political and social positioning of both workers and consumers the collection further expands upon the emerging cross disciplinary study of reading dress A true state of the field work *Crossings in Text and Textiles* charts new scholarly ground at the nexus between fashion textiles and literature appealing to a broad interdisciplinary audience of scholars and students

Kids on Strike! Susan Campbell Bartoletti,1999 Describes the conditions and treatment that drove workers including many children to various strikes from the mill workers strikes in 1828 and 1836 and the coal strikes at the turn of the century to the work of Mother Jones on behalf of child workers

The World of the Civil War Lisa . Tendrich Frank,2015-07-28 Covering everything from the arts to food and drink religion social customs and technology this two volume set provides an in depth accessible look at the social cultural economic and political aspects of the American Civil War The American Civil War caused dramatic changes in

every aspect of life and society affecting combatants and noncombatants at all levels of the socioeconomic scale The World of the Civil War A Daily Life Encyclopedia offers an accessible and reliable reference for the major topics that defined American life during the nation's most tumultuous era Taking a blended approach to history this book covers the military and political history of the era and examines the social and human experiences of the war thereby offering a comprehensive look at the Civil War era's most significant events people places and experiences The thematic organization of this encyclopedia helps readers to more readily explore related topics The subject matter explored in some 250 entries includes religious beliefs and practices rites of passage soldiers' lives and experiences rural and urban life social structure of the Civil War era aristocrats landowners and slaves men's and women's roles and responsibilities holidays festivals and other celebrations tools machinery and inventions and justice and punishment Readers will come away with an understanding of many aspects of daily life during the Civil War era and gain appreciation for the vast differences between life today and 150 years ago **Women's**

Studies Quarterly (98:1-2) Renny Christopher, Lisa Orr, Linda J. Strom, 1998-06 This vital and engaging collection expands and builds upon Women's Studies Quarterly's groundbreaking 1995 volume honored with an award from the Council of Editors of Learned Journals The poetry testimony analysis history and theory collected here which includes works by Patti See and Janet Zandy not only suggests connective threads for understanding working class experiences and literatures but also explores intersections of race ethnicity gender sexual orientation and class Such explorations are arranged around the issue's four themes family education the workplace and identity From South African sexual relationships to teaching Medieval studies to working class students to the politics of a deaf worker's publication to poems written in prison this issue testifies to the growing depth and scope of working class studies Essential reading for all interested in the field this issue offers an invaluable framework for discussing working class literature culture and artistic production while also attending to the material conditions of working class people's lives Nature's Aristocracy, Or, Battles and Wounds in Time of Peace

Jennie Collins, 2010-05-01 In 1871 Jennie Collins became one of the first working class American women to publish a volume of her own writings Nature's Aristocracy Merging autobiography social criticism fictionalized vignettes and feminist polemics her book examines the perennial problem of class in America Collins loosely structures her series of sketches around the argument that nineteenth century U.S. society by deviating dangerously from the ideals set forth in the Constitution and the Bill of Rights had created a corrupt aristocracy and a gulf between the rich and the poor that the United States founders had endeavored to prevent Collins's text serves as a mouthpiece for the little heard voices of nineteenth century poor and laboring women employing sarcasm irony and sentimentality in condemning the empty philanthropic gestures of aristocratic capitalists and calling for justice instead of charity as a means to elevate the poor from their destitution She also explores the necessity of suffrage for female workers who while expected to work alongside men as their equals in labor were hampered by lower wages and lack of control by their exclusion from the voting process The Early Republic and Antebellum

America: An Encyclopedia of Social, Political, Cultural, and Economic History Christopher G. Bates, 2015-04-08 First Published in 2015 This text holds four volumes of essays and entries on the early Republic and Antebellum era in America spanning the end of the American Revolution in 1781 to the outbreak of Civil War in 1861 The Americans forged a new government in theory and then in practice with the beginnings of industrialisation and the effects of urbanisation widespread poverty labour strife debates around slavery and sectional discord By the end of the nineteenth century American had a powerhouse economy new technologies and the emergence of major social reform movements creation of uniquely American art and literature and the conquest of the West This encyclopaedia offers a historic reference *Encyclopedia of Women's History in America* Kathryn Cullen-DuPont, 2014-05-14 A collection of biographical information about outstanding women in American history *Archives of Labor* Lori Merish, 2017-05-04 In *Archives of Labor* Lori Merish establishes working class women as significant actors within literary culture dramatically redrawing the map of nineteenth century US literary and cultural history Delving into previously unexplored archives of working class women's literature from autobiographies pamphlet novels and theatrical melodrama to seduction tales and labor periodicals Merish recovers working class women's vital presence as writers and readers in the antebellum era Her reading of texts by a diverse collection of factory workers seamstresses domestic workers and prostitutes boldly challenges the purportedly masculine character of class dissent during this era Whether addressing portrayals of white New England factory girls fictional accounts of African American domestic workers or the first person narratives of Mexican women working in the missions of Mexican California Merish unsettles the traditional association of whiteness with the working class to document forms of cross racial class identification and solidarity In so doing she restores the tradition of working women's class protest and dissent shows how race and gender are central to class identity and traces the ways working women understood themselves and were understood as workers and class subjects **Voices of Antebellum America** John A. Wagner, 2025-01-09 Uncover the history of Antebellum America through the voices of those who lived it This book analyzes more than 70 primary documents from the antebellum period of American history shedding light on various aspects of life in the USA from 1815 to 1861 From these document excerpts organized into 40 topical sections readers will come away with a first hand account of what life was like in a period characterized by growing political social and economic tensions through exploring documents relating to society economy religion foreign relations war literature and more Documents are supported by commentary biographical profiles a chronology and glossary of terms Connecting the glory of the American Revolution Early National era with the tragedy of the Civil War the antebellum period often receives less attention in history books than either of these major events Yet to understand antebellum America is to gain a fuller picture of American history and the significant events that followed it especially many political and social developments of the early twenty first century This is a key resource for students wanting to delve into the history of this period aided by an expert guide
