Besieged Beachhead J. J. Valdés, 2024-11-05 On New Year's Day 1959 Fidel Castro's revolutionary movement overthrew the ruling regime in Cuba bringing the Cold War to the United States doorstep and setting the island nation and its superpower neighbor on a collision course The clash came in April 1961 on the southern coast of Cuba at the Bahía de Cochinos the Bay of Pigs In an hour by hour chronicle that is as even handed as it is dramatic J J Valdés gets to the heart of this Cold War battle from the beaches and skies of Cuba to the corridors of power in Washington and Havana Long entangled in Cuba's economy and politics the United States watched Castro's revolution carefully and grew wary as Castro drew closer to the Soviet Union Within a few months the CIA with President Dwight Eisenhower's approval was recruiting and training Cuban exiles for a paramilitary force to topple Castro By early 1960 when John F Kennedy became president after campaigning on a hard line on Cuba policymakers believed the window for action was closing Kennedy gave the go ahead for the island's invasion but not before ordering changes aimed at concealing American involvement that weakened the operation Early on April 17 1961 1 400 men of Brigade 2506 Cuban exiles trained by the CIA in Guatemala began landing at the Bay of Pigs just over 100 miles southeast of Havana Nearly everything went wrong Boat engines failed Coral reefs snarled landing craft Castro's planes destroyed ships carrying vital ammunition and medical supplies Expected popular support within Cuba did not materialize Khrushchev rattled the nuclear saber spooking Kennedy from ordering assistance he was reluctant to provide anyway Over the course of three days the Brigade obstinately defended a rapidly shrinking beachhead but the exiles outnumbered and under supported were no match for the air and ground forces Castro threw against them By April 19 the invasion had failed and 1 200 scattered survivors were captured over the ensuing days What had been intended as a Cold War masterstroke ended in embarrassment for the U S The Bay of Pigs disaster would set the stage for the Cuban Missile Crisis eighteen months later and shape U S Cuba relations up until the present Decades in the making Besieged Beachhead draws from English and Spanish sources in the United States and Cuba to tell the story of this conflict as it has never been told before Along the way the work sheds light on events that have been shrouded in secrecy myth and propaganda for six decades

Una de las cartas incluidas constituye por su extensión y su contenido un ensayo político inteligente de Pablo. La publicamos aquí independientemente con el título *Álgebra y política*. En palabras del mismo autor esta simbiosis entre su correspondencia personal y su pensamiento es parte de su obra vital. Mis cartas son las actas oficiales de mi pensamiento. No tengo nunca miedo a escribir lo que pienso ni con vistas al presente ni al futuro porque mi pensamiento no tiene dos filos ni dos intenciones. Le basta con tener un solo filo bien poderoso y tajante que le brinda la interna y firme convicción de mis actos. No me importa tampoco nada equivocarme en política. Pienso que solo no se equivoca el que no labora el que no lucha.

Ko'ëyú latinoamericano, 1983 **Cuba heroica** Enrique Collazo, 1912 La barbería de la Almedina: los orígenes del socialismo almeriense, 1880-1903 Fernando Martínez López, 2003-01-01 La barbería de la Almedina. Los orígenes del socialismo almeriense 1880-1903 pretende acercarse a la historia social de Almería en las últimas décadas del siglo XIX y comienzos del XX. La llegada de las ideas socialistas y la lenta consolidación de la organización obrera en el espacio urbano de la capital constituyen su hilo conductor. Recoge el arraigo y la impronta anarquista entre los trabajadores de Adra y Berja y sitúa la presencia republicana en el mutualismo obrero en los debates sobre la cuestión social y las sociedades de resistencia. En realidad las directrices socialistas de fortalecimiento de la organización, moderación y prudencia en las luchas económicas impregnaron la cultura política obrera de la Almería finisecular pues el anarquismo apenas tuvo presencia en la capital durante estos años. Clasificados como de naturaleza internacional y nacional, aunque indudablemente los primeros repercutieron al interior de la sociedad cubana, se reseña el contexto general en que se desarrollaron estos acontecimientos y procesos indispensables para la interpretación del año 1967. En tal contexto regional se destaca el primer acontecimiento y proceso internacional del año: la epopeya boliviana del Che Guevara que culminaría con su asesinato y la posterior desaparición del Ejército de Liberación Nacional (ELN) creado por él.
