The New York Times Book Review ,1981

Young Adult Fiction by African American Writers, 1968-1993 Deborah Kutenplon, Ellen Olmstead,2014-04-08 Comprehensive and up to date The first contemporary publication to go beyond examining broad themes and trends in the field this timely volume looks closely at specific authors and texts The book is comprehensive and as current as possible covering works by African American authors for young adults published between 1968 1993 some 200 titles by close to 50 writers In addition to established authors and bestselling titles the coverage includes material overlooked by previous studies such as works from small presses and talented new authors Guidelines for evaluation An extensive introduction reviews important milestones in this body of literature and analyzes noteworthy bibliographical and critical

publications about such writing. It includes suggested guidelines for evaluating a work in terms of its direct and indirect treatment of such issues as race, gender, class, ability, age, sexuality, and sexual orientation. The book also offers specific guidance for determining the appropriate readership for a work with regard to age and gender. Unusually extensive annotations. The main body of the book is an annotated bibliography, alphabetical by author, with the works arranged chronologically by publication date. The annotations are much more extensive than those in other bibliographies. Each annotation reads more like a full-length book review and is from one to two pages long and explores themes, plot, and character development, evaluates the quality of the writing, judges the handling of issues of race, class, and gender, and provides a readership recommendation. Written in accessible language, this user-friendly book presents a wide range of factual information, evaluations, and analyses. It is a valuable tool for all teachers, librarians, counselors, and young adults.

Black Authors and Illustrators of Books for Children and Young Adults Barbara Thrash Murphy, 1999. The Third Edition of this renowned reference work illuminates African American contributions to the genre of books for children and young adults with the biographies of 274 authors and artists, including 121 new biographies not included in previous editions. The book presents the user with a rich source of accessible, in-depth biographical data on each individual author or artist, including birthplace, education, their approach to art or literature, career development, and awards and honors received. Over 160 photographs of the subjects bring the biographies to life, and 46 covers of important children's books are reproduced. Also included is a comprehensive index of books, an index of authors and illustrators, and useful listings of publishers, distributors, and bookstores arranged by state.

Teaching U.S. History Through Children's Literature Wanda Miller, 1998-11-15. Similar to *U.S. History Through Children's Literature: From the Colonial Period to World War II* in format and approach, historical fiction and nonfiction are integrated into modern U.S. history. For each of these topics, Miller suggests two or more titles, one for use with the entire class and one for use with small reading groups. Summaries of the books, author information, activities, and topics for discussion are supplemented with vocabulary lists and ideas for research topics and further reading. This integrated approach makes history more meaningful to students and helps them retain historical details and facts by immersing them in stories surrounding historical events. A well-researched and thorough resource.

Comics to Classics Arthea J. S. Reed, 1994-10-01. For each developmental stage between the ages of 10 and 18, educator Arthea J. S. In addition to a detailed bibliography, Reed focuses on the particular challenges for each age group and highlights strategies for parents to persuade their children to read. This guide will help parents and teachers choose the right books for every reading level and interest.
