Luisa And The Silence:

Luisa and the Silence Claudio Piersanti, 2002 Piersanti uses sharp detail and nuance to construct an everyday life Luisa and the Silence is the portrait of an ordinary person distinctive neither in appearance nor in the depth of her thoughts Avoiding any pretension to social criticism Piersanti instead has created a daring novel where the main character simply is

Memory, History, Nation Susannah Radstone, 2017-09-04 In the last decade a focus on memory in the human sciences has encouraged new approaches to the study of the past As the humanities and social sciences have put into question their own claims to objectivity authority and universality memory has appeared to offer a way of engaging with knowledge of the past as inevitably partial subjective and local At the same time memory and memorial practices have become sites of contestation and the politics of memory are increasingly prominent This inter disciplinary volume demonstrates from a range of perspectives the complex cultural work and struggles over meaning that lie at the heart of what we call memory The chapters in this volume offer a complex awareness of the workings of memory and the ways in which different or changing histories may be explained They explore the relation between individual and social memory between real and imaginary event and fantasy history and myth Contradictory accounts or memories in direct contradiction to the historical record are not always the sign of a repressive authority attempting to cover something up The tension between memory as a safeguard against attempts to silence dissenting voices and memory's own implication in that silencing runs throughout the book Topics covered range from the Basque country to Cambodia from Hungary to South Africa from the Finnish Civil War to the cult Jim Jarmusch movie *Dead Man* from the Rock and Roll Hall of Fame to Australia Part I Transforming Memory is concerned primarily with the social and personal transmission of memory across time and generations Part II Remembering Suffering Trauma and History brings the after effects of catastrophe to the fore Part III Patterning the National Past the relation between nation and memory is the central issue Part IV And Then Silence reflects on the complex and multiple meaning of silence and oblivion wherein amnesia is often used as a figure for the denial of shamefu

Anthropology and Sexual Morality Carles Salazar, 2006 The history of sexual morality in Ireland has been traditionally associated with repression In the last two decades however repression seems to have given way to its exact opposite But where did this repression originate And how can we account for this sudden and sweeping transformation in sexual mores Based on solid ethnographic and historical analysis of sexual morality in rural Ireland augmented by comparative data from Papua New Guinea and being informed by Freud's emblematic concept of repression the author draws new conclusions that not only apply to the specific case of his Irish material but shed new light on the specific nature of an anthropological approach to the study of human societies

Inside the Expressive Culture of Chinese Women's Mosques Maria Jaschok, 2024-11-06 This book presents a multi voice narrative of the history and significance of current contestations over the increasing prominence of expressive piety in Hui Muslim women's mosques in central China By drawing on a Song Book of chants collected from the

tradition of women's mosques as context it reveals just how the increasing prominence of female voices has given rise to considerable misgivings among senior religious leaders over the potential destabilization of orthodox Islamic gendered practices. Providing a historical introduction to the place and function of Islamic chants, jingge and zansheng, the book gives a conceptual framing of female silence, sound and agency in local translations of Confucian and Islamic precepts and women's personal accounts of the role played by traditional and modern soundscapes in transmitting and celebrating Islamic knowledge and faith. As a study of women's soundscapes and the significance of legitimacy ambiguities and implications of female sound, this book will be of considerable interest to students and scholars of Chinese society and culture, gender studies, cultural anthropology and Islam. Unveiling Secrets of War in the Peruvian Andes Olga M. González, 2011-04-30

The Maoist guerrilla group Shining Path launched its violent campaign against the government in Peru's Ayacucho region in 1980. When the military and counterinsurgency police forces were dispatched to oppose the insurrection, the violence quickly escalated. The peasant community of Sarhua was at the epicenter of the conflict and this small village is the focus of *Unveiling Secrets of War in the Peruvian Andes*. There, nearly a decade after the event, Olga M. González follows the tangled thread of a public secret: the disappearance of Narciso Huicho, the man blamed for plunging Sarhua into a conflict that would sunder the community for years. Drawing on extensive fieldwork and a novel use of a cycle of paintings, González examines the relationship between secrecy and memory. Her attention to the gaps and silences within both the Sarhuinos' oral histories and the paintings reveals the pervasive reality of secrecy for people who have endured episodes of intense violence. González conveys how public secrets turn the process of unmasking into a complex mode of truth-telling. Ultimately, public secrecy is an intricate way of remembering to forget that establishes a normative truth that makes life livable in the aftermath of a civil war.

Narratives of the Unspoken in Contemporary Irish Fiction M. Teresa Caneda-Cabrera, José Carregal-Romero, 2023-07-21

This Open Access book is a collection of essays and offers an in-depth analysis of silence as an aesthetic practice and a textual strategy which paradoxically speaks of the unspoken nature of many inconvenient hidden truths of Irish society in the work of contemporary fiction writers. The study acknowledges Ireland's history of damaging silences and considers its legacies but it also underscores how silence can serve as a valuable even productive means of expression. From a wide range of critical

perspectives the individual essays address among other issues the conspiracies of silence in Catholic Ireland the silenced structural oppression of Celtic Tiger Ireland the recovery of silenced stories voices of the past and their examination in the present as well as millennial disaffection and the silencing of vulnerability in today's neoliberal Ireland The book's attention to silence provides a rich vocabulary for understanding what unfolds in the quiet interstices of Irish writing from recent decades This study also invokes the past to understand the present and thus demonstrates the continuities and discontinuities that define how silence operates in Irish culture Grant FFI2017 84619 P AEI ERDF EU INTRUTHS Inconvenient Truths Cultural Practices of Silence in Contemporary Irish Fiction Funded by the Spanish Research Agency AEI <http://dx.doi.org/10.13039/501100011033> and by the European Regional Development Fund ERDF A Way of Making Europe

Memories and Silences Haunted by Fascism Daniela Baratieri, 2010 Fascist and colonial legacies have been determinant in shaping how Italian colonialism has been narrated in Italy till the late 1960s This book deals with the complex problem of public memory and discursive amnesia The detailed research that underpins this book makes it no longer possible to claim that after 1945 there was an absolute and traumatic silence concerning Italy's colonial occupation of North and East Africa However the abiding public use of this history confirms the existence of an extremely selective and codified memory of that past The author shows that colonial discourse persisted in historiography newspapers newsreels and film Popular culture appears intertwined with political and economic interests and the power inscribed in elite and scientific knowledge While readdressing the often mistaken historical time line that ignores that actual Italian colonial ties did not end with the fall of Fascism but in 1960 with Somalia becoming independent this book suggests that a new post Fascist Italian identity was the crucial issue in reappraisals of a national colonial past

Subversive Silences Helene Carol Weldt-Basson, 2009 Weldt Basson Spanish Wayne State U investigates how seven Latin American women writers of the twentieth and twenty first centuries have used the concept of submissive silence in their works as a sign of women's rebellion against the passive silence imposed by patriarchy Using different theoretical perspectives in each chapter she demonstrates how Marta Brunet Maria Luisa Bombal Rosario Castellanos Isabel Allende Rosario Ferre Laura Esquivel and Sandra Cisneros have used silence thematically and stylistically through hyperbole coding irony parody and cultural symbol and how silence reflects different time periods and countries

In the Enemy's Arms Marilyn Pappano, 2012-07-01 It was supposed to be a routine trip to Cozumel to provide medical care for the orphaned girls of La Casa But instead of the bustling joy of a full house Dr Cate Calloway finds silence threats and danger And the only person she can turn to for help is the last man she wants to see The spoiled playboy buddy of her ex husband Justin Seavers has never been a man Cate could rely on But now he's her only hope to rescue their friends who run La Casa As the two set off on an international adventure the former enemies are thrown together and quickly find out that looks can be deceiving and passion can't be denied for long

Consultation has the advantage over cotherapy and supervision of requiring only a brief cost effective relationship Chapters discuss how therapists can avoid replicating errors by working closely with the client s previous therapist an eco systemic approach with chronic pain sufferers that involves medical family and community systems in Israel using consultation to evaluate therapy the creative preventive possibilities inherent in collegial consultation how a family therapist and school system personnel can be mutually helpful with a conjoint problem and a consultation that focuses on the position of the therapist rather than on the client system Finally Section IV addresses consultation as a valuable form of professional development It explores the importance of timing when using a consultant the effects on five therapists of live case demonstrations with Maurizio Andolfi as consultant and consultation to correct gender prejudice Contributors to this volume include Vincenzo F DiNicola Elizabeth Ridgely Joseph Simons David Keith Jim Guinan William Jones Lars Brok Joel Elizur Sara B Jutoran Noga Rubinstein Nabarro Bob Wendt Audrey Ellenwood Peter Liggett Marsha Purvis Mary Hotvedt and Marcella de Nichilo Students and clinicians who wish to practice consulting as well as family therapists who want to learn creative approaches to handling the dilemmas that arise in therapy will find Please Help Me With This Family to be an incomparable resource
