Lumen Gloriae Poems:

Lumen Gloriae Frank Samperi, 1973 **Contemporary American Poetry** Lloyd M. Davis, 1985 Lists over 5 200 titles of books published by American poets between 1973 and 1983 **The Reach of Poetry** Albert Cook, 1995 Through an insightful analysis of key poets in various Western traditions Cook demonstrates that the best poetry while subject to the language and conditions of its time also rises above these conditions by playing them back against themselves with a freedom whose ineffability is the sign of its ultimate lucidity Songs of Degrees John Taggart, 1994 Songs of Degrees brings together 19 related essays on contemporary American poetry and poetics published as journal articles between 1975 and 1989 by poet and theorist John Taggart Over the past two decades Taggart has been a significant intellectual and artistic force for a number of major American poets By focusing on the work of several major and less well known American experimental poets from the 1930s to the present Taggart not only traces the origins and evolution of this experimental tendency in recent poetry but also develops new theoretical tools for reading and appreciating these innovative and complex works The essays are written from the engaged perspective of an active poet for other poets as well as for those who would like to read and think about poetry in a participatory fashion The essays thus present inside narratives of some of the most challenging contemporary American poetry The range of Songs of Degrees extends from the Black Mountain poets Charles Olson and Robert Duncan to such language poets as Bruce Andrews and Susan Howe Taggart closely examines the work of the objectivist poets George Oppen and Louis Zukofsky Three essays are devoted to each of these poets providing detailed readings of individual poems and considerations of each poet's overall achievement Taggart also concentrates on poets whose work has not been widely recognized or is only now beginning to be recognized These include Theodore Enslin Frank Samperi and William Bronk Taggart's essay Reading William Bronk is the first extensive reading of this relatively unknown but truly outstanding poet Taggart's essays also focus on his own poetry He describes the composition process and the thinking behind it as well as the poet's own evolving sense of what the poem can and ought to be These very personal reflections are unique in their attention to current questions concerning form and the issue of spiritual vision Avoiding political and cultural reductionism Taggart throughout keeps his eye and heart on the poetic singing his own Songs of Degrees even as he discovers notes of the same music in the works of other The Crowning of a Poet's Quest Paola Loreto, 2009 This first extended study of Derek Walcott's Tiepolo's Hound 2000 defines the book as the culmination of the poetry and poetics of the Caribbean writer and Nobel Prize winner In this long poem Walcott achieves three goals pursued throughout his career to develop an original Caribbean aesthetic to meld the modes of poetry and prose and to formulate the Bildung of the island artist in terms of an autobiographical narrative The analysis provides an aesthetic and cultural evaluation of the poem in terms both of the Western poetic tradition to which it refers through its rich intertextuality and of its significance as a postcolonial milestone The commentary locates Walcott in an aesthetic tradition running from Emerson

through the American Pragmatists to modernist poets describes his experimental use of certain central narrative strategies in his semi autobiographical long poems which is compared to those of another openly admired bilingual writer Vladimir Nabokov explores Walcott's revision of the epic mode and of the genre of autobiography delineates his unfolding of a post Romantic internalization of the poet's Arthurian quest and discusses his complex treatment of the multi layered metaphor of light as major evidence of the maturity of his style and poetic with their conscious cross fertilization between the literary cultures of Europe and the Caribbean An appendix to this study contains the transcriptions of various Walcott events that took place in Italy in the summers of 2000 and 2001 including a creative writing seminar a press conference and readings This extensive material opens a window onto Walcott's gifts as a teacher to his stringent yet passionate commitment to the art of poetry and to the ways in which he and his students grapple with the challenges of literary translation Landscapes of Desire in the Poetry of Vittorio Sereni Francesca Southerden, 2012-01-12 This is the first book length study in English on Vittorio Sereni 1913-83 a major figure in Italian 20th century poetry It argues that a key innovation of Sereni's poetry is the way in which it reworks the boundaries of poetic space to construct a lyric I radically repositioned in the textual universe with respect to its predecessors *Thick and Dazzling Darkness* Peter O'Leary, 2017-11-21 How do poets use language to render the transcendent often dizzyingly inexpressible nature of the divine In an age of secularism does spirituality have a place in modern American poetry In *Thick and Dazzling Darkness* Peter O'Leary reads a diverse set of writers to argue for the existence and importance of religious poetry in twentieth and twenty first century American literature He traces a poetic genealogy that begins with Whitman and Dickinson and continues in the work of contemporary writers to illuminate an often obscured but still central spiritual impulse that has shaped the production and imagination of American poetry O'Leary presents close and comprehensive readings of the modernist late modernist and postmodern poets Robinson Jeffers Frank Samperi and Robert Duncan as well as the contemporary poets Joseph Donahue Geoffrey Hill Fanny Howe Nathaniel Mackey Pam Rehm and Lissa Wolsak Examining how these poets drew on a variety of traditions including Catholicism Gnosticism the Kabbalah and mysticism the book considers how modern and contemporary poets have articulated the spiritual in their work O'Leary also argues that an anxiety of misunderstanding exists in the study and writing of poetry between secular and religious impulses and that the religious nature of poets works is too often marginalized or misunderstood Examining the works of a specific poet in each chapter O'Leary reveals their complexity and offers a defense of the value and meaning of religious poetry against the grain of a secular society **Poetry and Censorship in Counter-Reformation Italy** Jennifer Helm, 2015-08-25 In *Poetry and Censorship* Jennifer Helm offers insight into motives and strategies of Counter Reformation censorship of poetry in Italy Materials of Roman censorial authorities reveal why the control of poetry and of its reception was crucial to Counter Reformation cultural politics Censorship of poetry should enable the church to influence human inner life that from thought and belief to fantasy and feeling was evolving considerably at that time The control of poetic genres

and modes of writing played an important part here Yet to what extent censorship could affect poetic creation emerges from a manuscript of the Venetian poet Domenico Venier The materials suggest the impact of Counter Reformation censorship on poetry began earlier and was more extensive than has yet been propagated Intricate Thicket Mark Scroggins,2015-09-15

Intricate Thicket Reading Late Modernist Poetries offers a collection of nineteen essays that deftly erodes the simplistic distinction between modernism and postmodernism showing that many attributes of postmodernist verse form not a break with but rather a continuation of modernist poetry **Niedecker and the Correspondence with Zukofsky 1931-1970**

Jenny Penberthy,1993-09-24 The forty year correspondence between Lorine Niedecker and Louis Zukofsky is one of the closest and most productive in recent literary history Beginning in 1931 the correspondence was tutelary but it quickly grew into a collaborative enterprise of emotional and artistic significance for both poets This volume presents Niedecker s side of the correspondence It opens with a substantial introduction tracing the life and work of Niedecker and how her relationship with Zukofsky influenced her poetry At the same time Jenny Penberthy attempts to disengage Niedecker from her own myth of Zukofsky She examines the emergence of Niedecker s quiet but rigorously experimental poetry her rejection of hierarchies of genre structure and syntax and her questioning of relationships among author world and text Penberthy also reconstructs the early years of Niedecker s career looking particularly at her surrealism and its impact on her poems The book is not only about the impact Zukofsky had on Niedecker s work it is also about a woman poet s struggle for recognition both within and without **VIEWS** Jack Galmitz,2012-04-26 Views is a perspectivist study of contemporary haiku and minimalist poetry
