Storytimes for Children Stephanie G. Bauman, 2010-11-10 This

text presents a compilation of the best of ideas from a group of library science graduate students providing creative and engaging programs geared especially for children ages 0-12. What are the concepts, activities, and topics that will hold the attention of today's children? And what are the best ways to provide a valuable learning experience while they're having fun and being entertained? Many of the most original, creative, and wildly effective ideas in storytime are contained in *Storytimes for Children*, a collection of fresh and vibrant programs created to be relevant, interesting, and fun for today's youngest generations. This collection of themed storytimes includes suggestions for opening and closing sessions, crafts, and activities, songs, poems, fingerplays, and movements, as well as the accompanying literature. Several of the included storytimes comprise a series of programs allowing for related activities that build upon each other. The text is organized into six chapters, each prefaced by an introduction that clarifies the strengths of the programs within. Each chapter covers a highly targeted age range to give practitioners the ability to easily choose the most appropriate storytimes for any given audience. **A to Zoo**

Rebecca L. Thomas, 2018-06-21 Whether used for thematic story times, program and curriculum planning, readers advisory, or collection development, this updated edition of the well-known companion makes finding the right picture books for your library a breeze. Generations of savvy librarians and educators have relied on this detailed subject guide to children's picture books for all aspects of children's services, and this new edition does not disappoint. Covering more than 18,000 books published through 2017, it empowers users to identify current and classic titles on topics ranging from apples to zebras. Organized simply with a subject guide that categorizes subjects by theme and topic, and subject headings arranged alphabetically, this reference applies more than 1,200 intuitive, as opposed to formal catalog subject terms, to children's picture books, making it both a comprehensive and user-friendly resource that is accessible to parents and teachers as well as librarians. It can be used to identify titles to fill in gaps in library collections, to find books on particular topics for young readers, to help teachers locate titles to support lessons, or to design thematic programs and story times. Title and illustrator indexes, in addition to a bibliographic guide arranged alphabetically by author name, further extend access to titles. **Today**

I Will Jerry Spinelli, Eileen Spinelli, 2014-10-29 Reassuring advice for every day of the year. From an esteemed husband and wife team comes a book of daily advice and insight. In dated entries meant to be read one per day, the Spinellis open with a brief quote from children's literature, write a paragraph of lively advice inspired by that quote, and end with a "Today I will promise." The entries range from the broad (self-esteem, the environment, gratitude, and open-mindedness) to the simple and specific ("Today I will call a grandparent, smile at a new kid, take a walk, and send a snail mail letter"). With wide appeal to fans of both children's literature and advice books, this cozy page-a-day volume with black and white spot art offers inspiring quotes
