

A stylized, high-contrast portrait of Zara Larsson is the central focus. She is depicted from the chest up, looking slightly to the right. Her face and hair are rendered in a solid, warm orange-brown color. The background is a dense, dark teal or forest green, filled with intricate, layered patterns that resemble tropical foliage, ferns, and leaves. The overall aesthetic is modern and artistic, with a strong emphasis on color and texture.

The music Ellington said is his continuing autobiography and it reveals the man behind it.

**The Gentrification Plot** Thomas Heise, 2021-12-21 For decades crime novelists have set their stories in New York City a place long famed for decay danger and intrigue. What happens when the mean streets of the city are no longer quite so mean. In the wake of an unprecedented drop in crime in the 1990s and the real estate development boom in the early 2000s a new suspect is on the scene gentrification. Thomas Heise identifies and investigates the emerging gentrification plot in contemporary crime fiction. He considers recent novels that depict the sweeping transformations of five iconic neighborhoods the Lower East Side Chinatown Red Hook Harlem and Bedford Stuyvesant that have been central to African American Latinx immigrant and blue collar life in the city. Heise reads works by Richard Price Henry Chang Gabriel Cohen Reggie Nadelson Ivy Pochoda Grace Edwards Ernesto Qui onez Wil Medearis and Brian Platzer tracking their representations of broken windows policing cultural erasure racial conflict class grievance and displacement. Placing their novels in conversation with oral histories urban planning and policing theory he explores crime fiction's contradictory and ambivalent portrayals of the postindustrial city's dizzying metamorphoses while underscoring the material conditions of the genre. A timely and powerful book. The Gentrification Plot reveals how today's crime writers narrate the death or murder of a place and a way of life.

**Something to Live For** Walter van de Leur, 2002-01-31 Duke Ellington was one of jazz s greatest figures a composer and bandleader of unparalleled importance and influence But little attention has been given to his chief musical collaborator Billy Strayhorn who created hundreds of compositions and arrangements for his musical partner and without whom the sound of Ellington s orchestra would have been very different Now in Walter van de Leur s provocative new book *Something To Live For* Billy Strayhorn steps out from Ellington s shadow and into the spotlight Van de Leur argues that far from being merely a follower of Ellington or his alter ego Strayhorn brought a radically new and visionary way of writing to the Ellington orchestra Making extensive use for the first time of over 3 000 autograph scores Van de Leur separates Strayhorn from Ellington establishes who wrote what and clearly distinguishes between their distinctive musical styles Both Strayhorn s and Ellington s oeuvres writes Van de Leur though historically intertwined nevertheless form coherent separate musical entities especially in terms of harmonic melodic and structural design Indeed *Something to Live For* allows us to see the

characteristic features of Strayhorn's compositions and arrangements his musical fingerprints and to analyze and evaluate his music on its own terms The book also makes clear that Strayhorn's contribution to the band was much larger and more original than has been previously acknowledged Based on a decade of research and offering detailed analyses of over 70 musical examples *Something to Live For* casts new light and will surely arouse intense debate on two of the most important composers in the history of jazz
