*The Illusion Of Victory* Thomas Fleming, 2008-08-05 The political history of the American experience in World War I is a story of conflict and bungled intentions that begins in an era dedicated to progressive social reform and ends in the Red Scare and Prohibition Thomas Fleming tells this story through the complex figure of Woodrow Wilson the contradictory president who wept after declaring war devastated because he knew it would destroy the tolerance of the American people but who then suppressed freedom of speech and used propaganda to excite America into a Hun hating mob This is tragic history inexperienced American military leaders drove their troops into gruesome slaughters progressive politics were put on hold in America an idealistic president's dreams were crushed because of his own negligence Wilson's inability to convince Congress to ratify U S membership in the League of Nations was one of the most poignant failures in the history of the American presidency but even more heartrending were Wilson's concessions to his bitter allies in the Treaty of Versailles In exchange for Allied support of the League of Nations he allowed an unfair peace treaty to be signed a treaty that played no small role in the rise of National

Socialism and the outbreak of World War II Thomas Fleming has once again created a masterpiece of narrative American history This incomparable portrait shows how Wilson sacrificed his noble vision to megalomania and single mindedness while paying homage to him as a visionary whose honorable spirit continues to influence Western politics Power, Space, and Time J. **Clash of the Capital Ships** Eric Brose,2021-09-15 The Battle of Jutland May 31 June 1 1916 pitted Great Britain and Imperial Germany the two largest fleets of World War I against one another for the first time At that time it would be the largest clash of capital ships in the history of modern naval warfare Arguably the outcome of World War I was at stake Focusing on the many fine studies of naval encounters in the North Sea and the primary sources that appeared as the centennial of this clash approached Eric Dorn Brose seized an opportunity to reexamine Jutland its pre history and aftermath Considering new scholarship within the context of extant literature the author reveals why each side claimed a victory that belonged to Britain and its cautious admiral Sir John Jellicoe by examining the key roles naval and political leaders in Germany and Great Britain played during the fight With an awareness of previous research and a lively fresh approach Brose provides a concise history of the Jutland clash and the era of naval combat itself The United States in World War I James T. **Cleopatra and Antony** Diana Preston,2009-07-01 On a stifflingly hot day in August 30 B C the thirty nine year old Queen of Egypt Cleopatra took her own life rather than be paraded in chains through Rome by her conqueror Octavian the future emperor Augustus A few days earlier her lover of eleven years Mark Antony had died in her arms following his own botched suicide attempt Oceans of mythology have grown up around them all of which Diana Preston puts to rest in her stirring history of the lives and times of a couple whose names more than two millennia later still invoke passion curiosity and intrigue This book sets the romance and tragedy of Antony and Cleopatra s personal lives within the context of their political times There are many contemporary resonances the relationship between East and West and the nature of empire the concealment of personal ambition beneath the watchword of liberty documents forged edited or disposed of special relationships established constitutional forms and legal niceties invoked when it suited Indeed their lives and deaths had deep political ramifications and they offer a revealing perspective on a tipping point in Roman politics and on the consolidation of the Roman Empire Three hundred years would pass before the east would with the rise of Constantinople and the Byzantine Empire once again take a share of political power in the Mediterranean In an intriguing postscript Preston speculates on what might have happened had Antony and Cleopatra defeated Octavian at the Battle of Actium in 31 B C

**The Dark Defile** Diana Preston,2012-02-21 The consequences of crossing the Indus once to settle a government in Afghanistan will be a perennial march into that country The Duke of Wellington 1838 There is nothing more to be dreaded or guarded against in our endeavor to re establish the Afghan monarchy than the overweening confidence with which Europeans are too often accustomed to regard the excellence of their own institutions and the anxiety that they display to introduce them in new and untried soils Claude Wade January 1839 Convinced in 1839 that Britain s invaluable empire in India was threatened by Russia Persia and Afghan tribes the British government ordered its Army of the Indus into Afghanistan to oust from power the independent minded king Dost Mohammed and install in Kabul the unpopular puppet ruler Shah Shuja Expecting a quick campaign the British found themselves trapped by unforeseen circumstances eventually the tribes united and the seemingly omnipotent army was slaughtered in 1842 as it desperately retreated through the mountain passes from Kabul to Jalalabad Only one man survived Diana Preston vividly recounts the drama of this First Afghan War the opening salvo in the strategic rivalry between Britain and Russia for supremacy in Central Asia As insightful about geography as she is about political and military miscalculation Preston draws on rarely documented letters and diaries

to bring alive long lost characters Lord Auckland the weak British Governor General in India his impetuous aide William McNaghten the prescient adventurer envoy Alexander Burnes whose sage advice was steadfastly ignored A model of compelling narrative history The First Afghan War is a cautionary tale that resonates loudly today **Taj Mahal** Diana Preston,2009-05-26 While Galileo suffered under house arrest at the hands of Pope Urban VIII the Thirty Years War ruined Europe and the Pilgrims struggled to survive in the New World work began on what would become one of the Seven Wonders of the World the Taj Mahal Built by the Moghul emperor Shah Jahan as a memorial to his beloved wife Mumtaz Mahal its flawless symmetry and gleaming presence have for centuries dazzled everyone who has seen it and the story of its creation is a fascinating blend of cultural and architectural heritage Yet as Diana at its height it contained 100 million people from Afghanistan in the north and present day Pakistan in the west to Bengal in the east and southwards deep into central India With the storytelling skills that characterize their previous books Diana Michael Preston bring alive both the grand sweep of Moghul history and the details that make it memorable the battles and dynastic rivalries that forged the Empire alongside an intimate chronicle of daily life within the imperial palace A tale of overwhelming passion the story of the Taj has the cadences of Greek tragedy and the ripe emotion of grand opera and puts a memorable human face on the marble masterpiece
