Committee on the Judiciary, 1974 **Fascism: Post-war fascisms** Roger Griffin, Matthew Feldman, 2004 The nature of fascism has been hotly contested by scholars since the term was first coined by Mussolini in 1919 However for the first time since Italian fascism appeared there is now a significant degree of consensus amongst scholars about how to approach the generic term namely as a revolutionary form of ultra nationalism Seen from this perspective all forms of fascism have three common features anticonservatism a myth of ethnic or national renewal and a conception of a nation in crisis This collection includes articles that show this new consensus which is inevitably contested as well as making available material which

Lyons,2016-05-06 Right wing militias and other antigovernment organizations have received heightened public attention since the Oklahoma City bombing While such groups are often portrayed as marginal extremists the values they espouse have influenced mainstream politics and culture far more than most Americans realize This important volume offers an in depth look at the historical roots and current landscape of right wing populism in the United States Illuminated is the potent combination of anti elitist rhetoric conspiracy theories and ethnic scapegoating that has fueled many political movements from the colonial period to the present day The book examines the Jacksonians the Ku Klux Klan and a host of Cold War nationalist cliques and relates them to the evolution of contemporary electoral campaigns of Patrick Buchanan the militancy of the Posse Comitatus and the Christian Identity movement and an array of millennial sects Combining vivid description and incisive analysis Berlet and Lyons show how large numbers of disaffected Americans have embraced right wing populism in a misguided attempt to challenge power relationships in U S society Highlighted are the dangers these groups pose for the future of our political system and the hope of progressive social change Winner Outstanding Book Award Gustavus Myers Center for the Study of Bigotry and Human Rights in North America **Lyndon LaRouche Collected Works** Lyndon LaRouche, Jr.,2024-02-12 This second volume of the LaRouche Legacy Foundation s Lyndon LaRouche Collected Works brings together seventeen articles chosen from the wealth of Lyndon LaRouche s writings focused on the question of culture As the reader shall discover for him or herself in the pages that follow LaRouche considered this subject as central to his life s work as his unique economic discoveries which were the subject of Volume I of his Collected Works In fact the two are inextricably linked in his thinking NeoConservatism C. Bradley Thompson,2015-11-17 An obituary so soon Surely the reports of neoconservatism s death are greatly exaggerated C Bradley Thompson has written with Yaron Brook the most comprehensive and original analysis of neoconservatism yet published and in the process has dealt it a mortal blow Neoconservatism An Obituary for an Idea reveals publicly for the first time what the neocons call their philosophy of governance their plan for governing America This book explicates the deepest philosophic principles of neoconservatism traces the intellectual relationship between the political philosopher Leo Strauss and contemporary neoconservative political actors and provides a trenchant critique of neoconservatism from the perspective of America s founding principles The theme of this timely book neoconservatism as a species of anti Americanism will shake up the intellectual salons of both the Left and Right What makes this book so compelling is that Thompson actually lived for many years in the Straussian neoconservative intellectual world Neoconservatism therefore fits into the breaking ranks tradition of scholarly criticism and breaks the mold when it comes to informed incisive nonpartisan critique of

neoconservative thought and action **Elections A to Z** Dave Tarr,Bob Benenson,2012-07-03 Combining the rich content of the print edition with the advanced online functionality demanded by today s researchers Elections A to Z Online Edition is the ultimate 21st century research tool for finding current accurate information on U S elections Advanced Web enabled features allow users to conduct searches from A to Z on election Like all CQ Press online editions Elections A to Z Online Edition comes loaded with powerful user friendly functions such as CiteNow which lets researchers download full citations in MLA APA Bluebook and other formats Elections A to Z explains how campaigns and elections the hallmark of any democracy are conducted in the United States The new third edition has been redesigned and updated with new entries covering the vital current elections topics that readers want to know about Entries range from short definitions of terms like front runner to in depth essays exploring vital aspects of campaigns and elections such as the right to vote turnout trends and the history evolution and current state of House Senate presidential and some state level elections Readers will find essential information on Stages in the campaign process and the general election The roles of political consultants the media and political parties Debates and issues such as term limits majority minority districts and campaign finance Amendments legislation and court cases that have shaped electoral campaign and voting matters Voter turnout and voting rights in the United States Important terms and concepts like absolute majority and dark horse Highlights of presidential elections throughout U S history
