
Lyrics from English Airs
1596—1622

Edited and with an Introduction by
Edward Doughtie

Harvard University Press
Cambridge, Massachusetts 1970

Lyrics From English Airs 1596 16

Louise Schleiner

Lyrics From English Airs 1596 16:

Lyrics from English Airs, 1596-1622 Edward Doughtie, 1970 Elizabethan airs were finely textured charming witty even lusty reflections of contemporary life All of the collections that appeared between 1596 and 1622 except those attributed to Thomas Campion are reproduced in this delightful book Mr Doughtie's arrangement is chronological and he gives close attention to the bibliographical peculiarities of the original books The lyrics appear with only minor changes and a sample of the original tablature notation is included Mr Doughtie sets forth the available evidence concerning the date and authorship of each poem recording variants from as many contemporary printed and manuscript versions as are available He includes as well extensive incidental information foreign models explanations of difficult words and allusions original spellings which makes this volume useful as well as fascinating Edward Doughtie is Associate Professor of English at Rice University

Psalms in the Early Modern World Linda Phyllis Austern, Kari Boyd McBride, 2016-04-15 Psalms in the Early Modern World is the first book to explore the use interpretation development translation and influence of the Psalms in the Atlantic world 1400 1800 In the age of Reformation when religious concerns drove political social cultural economic and scientific discourse the Bible was the supreme document and the Psalms were arguably its most important book The Psalms played a central role in arbitrating the salient debates of the day including but scarcely limited to the nature of power and the legitimacy of rule the proper role and purpose of nations the justification for holy war and the godliness of peace and the relationship of individual and community to God Contributors to the collection follow these debates around the Atlantic world to pre and post Hispanic translators in Latin America colonists in New England mystics in Spain the French court during the religious wars and both Protestants and Catholics in England Psalms in the Early Modern World showcases essays by scholars from literature history music and religious studies all of whom have expertise in the use and influence of Psalms in the early modern world The collection reaches beyond national and confessional boundaries and to look at the ways in which Psalms touched nearly every person living in early modern Europe and any place in the world that Europeans took their cultural practices *Music in Elizabethan Court Politics* Katherine Butler (Music tutor), 2015 Music and musical

entertainments are here shown to be used for different ends by both monarch and courtiers **The Princeton Handbook of Poetic Terms** Roland Greene, Stephen Cushman, 2016-07-26 An essential handbook for literary studies The Princeton Handbook of Poetic Terms drawn from the latest edition of the acclaimed Princeton Encyclopedia of Poetry and Poetics provides an authoritative guide to the most important terms in the study of poetry and literature Featuring 226 fully revised and updated entries including 100 that are new to this edition the book offers clear and insightful definitions and discussions of critical concepts genres forms movements and poetic elements followed by invaluable up to date bibliographies that guide users to further reading and research Because the entries are carefully selected and adapted from the Princeton Encyclopedia the Handbook has unrivalled breadth and depth for a book of its kind in a convenient portable size Fully

Essays on Literature and Music (1985 – 2013) by Walter Bernhart Walter Bernhart, 2015-07-28 This volume is dedicated to the musico literary oeuvre of Walter Bernhart professor of English literature at Karl Franzens Universit t Graz Austria and pioneer in the field of intermedial relations between literature and other arts and media It renders accessible a wide variety of texts which are sometimes no longer easily retrievable The 37 texts collected here in chronological order span the period from 1985 to 2013 and thematically range from contributions to opera programmes and the discussion of musical aspects of Romantic and modernist poetry to inquiries into individual operas and composers as well as into theoretical aspects of word and music relations e g the ways of setting poetry to music musico literary comparative poetics the concept of genre in music and literature iconicity in both media their narrative as well as metareferential and illusionist capacities The volume is of relevance to literary scholars and musicologists but also to all those with an interest in intermediality studies in general and in the relations between literature and music in particular

The Matter of Song in Early Modern England Katherine R. Larson, 2019-08-29 Given the variety and richness of the sixteenth and seventeenth century English songscape it might seem unsurprising to suggest that early modern song needs to be considered as sung When a reader encounters a song in a sonnet sequence a romance and even a masque or a play however the tendency is to engage with it as poem rather than as musical performance Opening up the notion of song from a performance based perspective The Matter of Song in Early Modern England considers the implications of reading song not simply as lyric text but as an embodied and gendered musical practice Animating the traces of song preserved in physiological and philosophical commentaries singing handbooks poetic treatises and literary texts ranging from Mary Sidney Herbert s Psalmes to John Milton s Comus the book confronts song s ephemerality its lexical and sonic capriciousness and its airy substance These features can resist critical analysis but were vital to song s affective workings in the early modern period The volume foregrounds the need to attend much more closely to the embodied and musical dimensions of literary production and circulation in sixteenth and seventeenth century England It also makes an important and timely contribution to our understanding of women s engagement with song as writers and as performers A companion recording of fourteen songs featuring Larson soprano and Lucas Harris lute brings the project s innovative methodology and central case studies to life

John Dowland Diana Poulton, 1982-01-01 **George Herbert and Early Modern Musical Culture** Simon Jackson, 2022-12-01 Described by one contemporary as the sweet singer of The

Temple George Herbert has long been recognised as a lover of music Nevertheless Herbert s own participation in seventeenth century musical culture has yet to be examined in detail This is the first extended critical study to situate Herbert s roles as priest poet and musician in the context of the musico poetic activities of members of his extended family from the song culture surrounding William Herbert and Mary Sidney to the philosophy of his eldest brother Edward Herbert of Cherbury It examines the secular visual music of the Stuart court masque as well as the sacred songs of the church Arguing that Herbert s reading of Augustine helped to shape his musical thought it explores the tension between the abstract ideal of music and its practical performance to articulate the distinctive theological insights Herbert derived from the musical culture of his time The Age of Milton C. A. Patrides, Raymond B. Waddington, 1980 **English Song** Ian Spink, 1986

British Drama 1533-1642: A Catalogue Martin Wiggins, Catherine Richardson, 2012 Volume 4 covers the years 1598 1602 during which dramatic satire emerged as well as the opening of the original Globe theatre in London **Catalog of Copyright Entries** Library of Congress. Copyright Office, 1971 **Manuscript Inscriptions in Early English Printed Music** David Greer, 2016-03-03 Who were the first owners of the music published in England in the sixteenth and early seventeenth centuries Who went to the dwelling house of T East by Paules wharfe and bought a copy of Byrd s Psalmes sonets and Faire Leonilla becomes Ophelia perhaps the first mention of this character in Hamlet outside the play itself On a more practical level the users of the music sometimes made corrections to printing errors and there are indications that some of these were last minute corrections made in the printing house a useful guide for the modern editor The temptation to scribble in books was as irresistible to some Elizabethans as it is to some of us today In doing so they left us clues to their identity how they kept their music how they used it and the multifarious ways in which it played a part in their lives

Excess and the Mean in Early Modern English Literature Joshua Scodel, 2002-03-24 This book examines how English writers from the Elizabethan period to the Restoration transformed and contested the ancient ideal of the virtuous mean As early modern authors learned at grammar school and university Aristotle and other classical thinkers praised golden means balanced between extremes courage for example as opposed to cowardice or recklessness By uncovering the enormous variety of English responses to this ethical doctrine Joshua Scodel revises our understanding of the vital interaction between classical thought and early modern literary culture Scodel argues that English authors used the ancient schema of means and extremes in innovative and contentious ways hitherto ignored by scholars Through close readings of diverse writers and genres he shows that conflicting representations of means and extremes figured prominently in the emergence of a self consciously modern English culture Donne for example reshaped the classical mean to promote individual freedom while Bacon held extremism necessary for human empowerment Imagining a modern rival to ancient Rome georgics from Spenser to Cowley exhorted England to embody the mean or lauded extreme paths to national greatness Drinking poetry from Jonson to Rochester expressed opposing visions of convivial moderation and drunken excess while erotic writing from Sidney to

Dryden and Behn pitted extreme passion against the traditional mean of conjugal moderation Challenging his predecessors in various genres Milton celebrated golden means of restrained pleasure and self respect Throughout this groundbreaking study Scodel suggests how early modern treatments of means and extremes resonate in present day cultural debates *The Living Lyre in English Verse* Louise Schleiner,1984 Dowland K. Dawn Grapes,2022-10-28 Dowland recounts the story of one of the most important composers to emerge from early modern England More than a biography this book contextualizes the geographical political religious cultural and musical aspects of the life of John Dowland 1563 1626 The narrative follows the master lutenist on his journeys to France through the German and Italian lands and to the Danish and English courts of Christian IV and James I as he developed a musical style that was at once personal and cosmopolitan **In Small Proportions** Daniel Fischlin,1998 The English ayre which enjoyed a short vogue from about 1596 to 1622 is a distinctive subgenre of the lyric Based on Edward Doughtie s seminal critical edition LYRICS FROM ENGLISH AIRS 1596 1622 and published in 1970 SMALL PROPORTIONS provides the first extended examination of the ayre s literary devices and attributes 25 illustrations **William Byrd and His Contemporaries** Philip Brett,2007 Publisher description

Unwritten Poetry Scott A. Trudell,2019-03-07 Vocal music was at the heart of English Renaissance poetry and drama Virtuoso actor singers redefined the theatrical culture of William Shakespeare and his peers Composers including William Byrd and Henry Lawes shaped the transmission of Renaissance lyric verse Poets from Philip Sidney to John Milton were fascinated by the disorienting influx of musical performance into their works Musical performance was a driving force behind the period s theatrical and poetic movements yet its importance to literary history has long been ignored or effaced This book reveals the impact of vocalists and composers upon the poetic culture of early modern England by studying the media through which and by whom its songs were made In a literary field that was never confined to writing media were not limited to material texts Scott Trudell argues that the media of Renaissance poetry can be conceived as any node of transmission from singer s larynx to actor s body Through his study of song Trudell outlines a new approach to Renaissance poetry and drama that is grounded not simply in performance history or book history but in a more synthetic media history *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1973

Getting the books **Lyrics From English Airs 1596 16** now is not type of challenging means. You could not lonesome going gone book store or library or borrowing from your friends to contact them.
