Shaw and Science Fiction Milton T. Wolf, 1997-01-01 Shaw's speculations about human destiny align him with many other writers of the time and later who forged a new genre of literature that ultimately took the name in 1928 of science fiction Ray Bradbury affirms Greg Bear's statement about the little known but significant relationship that Bernard Shaw has with science fiction Bradbury who frequently emphasizes Shaw's influence on his own work asks Isn't it obvious at last Those that do not live in the future will be trapped and die in the past Susan Stone Blackburn comparing Shaw's *Back to Methuselah* with Olaf Stapledon's *Last and First Men* discusses why science fiction scholars have been reluctant to acknowledge Shaw's role in the genre Tom Shippey examines aspects of Shaw's theory of Creative Evolution to show why many have dismissed Shaw's science fiction as insufficiently scientific Surveying the science fiction milieu Ben P. Indick shows that while Shaw was not interested in writing science fiction per se he knew the genre and how to use it Jeffrey M. Wallmann chronicles the science fiction techniques that Shaw foreshadowed Rodelle Weintraub analyzes dream related elements of the fantastic that Shaw frequently employed in his drama John Barnes focuses on Shaw's radical superman a stock in trade of science fiction Like H. G. Wells Shaw understood that human intervention was becoming the dominant mechanism of evolution and that new approaches to theatrical drama would be required to convey the social and political impact of the scientific revolution Elwira M. Grossman compares similar dilemmas facing Shaw and the Polish dramatist Witkacy J. L. Wisenthal examines the utopian tradition that underlay the English literary experience and Julie A. Sparks contrasts Karel Capek's anti utopian concepts with Shaw's utopian vision Also included is an 1887 lecture by Shaw entitled *Utopias* published here for the first time Several of the contributors emphasize the significant influence that Shaw had on major science fiction writers Elizabeth Anne Hull explores Shaw's affinities with Arthur C. Clarke John R. Pfeiffer discusses the many connections between Shaw and Ray Bradbury and George Slusser explores Shaw and Robert A. Heinlein's recurrent fascination with the possibilities of life extension Like his friend Einstein Shaw knew that imagination is more important than knowledge Peter Gahan's article demonstrates that Shaw's ambition was to engage the reader's imagination the only sufficient backdrop for his vision Also

included are reviews of recent additions to Shavian scholarship including the Shaw Wells correspondence and John R Pfeiffer's Continuing Checklist of Shaviana

The Fundamentals of Video Game Literacy Ryan Zhao, 2025-04-16 This book posits a novel framework for sense making and meaning making in the play of video games Extending a modern process oriented audience inclusive philosophy of artistic meaning generation this book grapples with the question of how to personally and critically examine video games as artistic artifacts that do not have set predetermined standardized forms until live play is enacted The resulting artistic product live gameplay expresses both the game's developers and its players This book argues that players hold three separate concurrent perspectives during play the embodied avatar within the simulated space the role playing participant in the narrative fantasy and the external strategist manipulating the game's software affordances The exciting dynamics that arise from live gameplay are the result of the tensions and harmonies between these three parallel layers of play Video games are systems with designed behaviors capable of a great diversity of instantiated expressions Players are brought into that system of instantiated generation to produce truly emergent and personal gameplay As such players directly impact the shape and form of the gameplay artifact itself This creates a relationship between the art the player and its meaning radically different from all previous art forms This book builds around this central premise with examinations of related subjects pertaining to video game meaning making such as the ways in which video games facilitate play that is expressive of their players and the ways in which it is appropriate to compare and contextualize the differences in players instantiated play activities These subjects are designed to give readers an in depth understanding of the dynamics of gameplay in order to facilitate richer more meaningful encounters with video games as cultural artifacts This book Provides a useful framework for enriching players experiences with video game play Helps players identify and distinguish aspects of their own and game developers expression in gameplay Posits a novel framework examining the role of player as embodied avatar role player and strategist Gives players appropriate questions to better interrogate the generation of meaning from within and surrounding the system of gameplay

Shaw Gale K. Larson, 2001 SHAW 21 offers readers an eclectic perspective on Shaw his works and his contemporaries Basil Langton actor and director reminisces about his early development as an actor his meeting with Shaw and his career as director of many of Shaw s plays He focuses upon Shaw s stagecraft augmenting his views with those of Sybil Thorndike and Sir Lewis Casson whom he interviewed in 1960 Galen Goodwin Longstreth analyzes the correspondence between Shaw and Ellen Terry and argues that the exchange is itself a literary genre a dramatic performance that reveals their personal identities The next two contributors Stanley Weintraub and Andrea Adolph examine the Shaw Virginia Woolf relationship Weintraub focuses on those occasions when their respective lives touched each other what their feelings for each other were and how those occasions were obliquely woven into Shaw s plays most notably Heartbreak House Professor Adolph argues that in Woolf s only dramatic text Freshwater A Comedy she was conforming to the traditional theatrical mode of the day dominated of course by Shaw but that she subverted his traditional literary depiction of paternity as for example the paternity dramatized in Major Barbara Sidney Albert and Bernard Dukore provide unique perspectives on reading Major Barbara Albert shows how John Bunyan s The Pilgrim s Progress serves as Shaw s source for Barbara s progress toward enlightened understanding Dukore focusing on the perspective of the familial relationship within the play concludes that Shaw s dialectic gives the kids the future and not the dad It will be the next generation not Father Undershaft who will determine where society will go next Julie Sparks and Martin Bucco approach Shaw from a comparative basis juxtaposing him with two American writers contemporaries of Shaw Mark Twain and Sinclair Lewis respectively Sparks explores the commonality that exists in Shaw s and Twain s thinking about evolution namely their heretical visions of a post Darwinian Eden Both viewed conventional Christianity iconoclastically but both arrived at different conclusions about human origin and destiny a view Sparks describes as emanating from the deist pessimist evolutionary determinist perspective versus the mystic optimistic creative evolutionist perspective or the Personal Godhead versus the Impersonal Force Professor Bucco enumerates the many references Sinclair Lewis makes to Bernard Shaw throughout his writings both prose and fiction to underscore the American novelist s admiration for the Irish playwright both recipients of the Nobel Prize for Literature The final two contributors to SHAW 21 Rodelle Weintraub and William Doan provide the readers with distinctive perspectives on John Bull s Other Island and The Doctor s Dilemma respectively Weintraub recasts the play into a dream sequence whereby Doyle s dream becomes an artifice for problem solving Implied within Father Keegan s lines in the play Every dream is a prophecy every jest is an earnest in the womb of Time is the resolution of Doyle s problem with Nora the girl he had left behind and of the dream of modernizing Roscullen Doan suggests that in The Doctor s Dilemma Shaw uses the idea of unconsummated adultery to argue for the efficacy of art over science In the conflict between

the artist and the scientist the latter plans to have the artist's muse In the end not only is he deprived of the wife but also of the works of art themselves and the spirit that animates them SHAW 21 also includes three reviews of recent additions to Shavian scholarship as well as John R Pfeiffer's Continuing Checklist of Shaviana *Braj, Centre of Krishna Pilgrimage* Alan W. Entwistle, 1987-01-01 This book presents a comprehensive study of the region where Krishna one of the most popular gods of devotional Hinduism is believed to have spent his early years as a cowherd boy The area of Braj lying between Delhi and Agra is visited annually by hundreds of thousands of pilgrims who come to see the sacred sites associated with the romantic legends of Krishna's youth Many of them follow a pilgrimage circuit over 300 km in length that takes up to eight weeks to complete and includes such famous places as Mathura Vrindaban and Gokul For many centuries the Krishna legends have been a source of inspiration for poets and devotees all over India Since the turn of the 16th century Braj has been a focus of their attention devotees who came to settle there related its topography to their conception of a transcendent realm in which Krishna is eternally engaged in his divine play with his consort Radha The local dialect served as the medium for most of the vernacular literature written in northern India up to the end of the last century The opening chapters survey the development of the Krishna cult from the earliest times to the present day with reference to the extensive literature in Sanskrit and modern Indian languages as well as to the numerous studies that have been written about the relevant mythology theology archaeology and political history Modern pilgrimage and associated beliefs and practices are described and related to what is known about Krishna worship in Braj prior to the 16th century The various Sanskrit and later vernacular texts dealing with the sacred places are examined in detail in order to show how they evolved and are related to each other On the basis of these sources the full itinerary of the sacred circuit is described illustrated with plates and maps As well as being a valuable handbook for anyone visiting Braj this detailed study will be of use to all those who are interested in the Krishna cult and Hindu devotionalism *The Dream Structure of Pinter's Plays* Lucina Paquet Gabbard, 1976 Approaches the problems of obscurities ambiguities and interrelationships in Pinter's plays through the mechanisms of the dream and shows that the plays group around the oedipal wish **Approaching the Millennium** Deborah R.
