Operation Susannah:

The Fraud of the Fraud, 2008 THE BOOK THAT THEY DO NOT WANT YOU TO READ This Book The Fraud of the Fraud Have you been taken for a ride will change the way you look at the world forever You have heard the conspiracy theories about 9 11 The Iraq war The Freemasons The 1995 Oklahoma City Bombings The Shadow Government and many other theories This written documentary will teach you the undisputed facts about all these events This explosive documentary is packed with declassified documents congressional hearings public statements and mainstream news reports to prove as fact what is normally written off as baseless conspiracy theories Because this is a new day and time we need a new approach on how to expose the criminal elite that run this planet This written documentary offers that approach by exposing the criminal elite with cited credible facts and not just pretty colorful words *The Dispersion of Egyptian Jewry* Joel Beinin, 2023-11-15 In this provocative and wide ranging history Joel Beinin examines fundamental questions of ethnic identity by focusing on the Egyptian Jewish community since 1948 A complex and heterogeneous people Egyptian Jews have become even more diverse as their diaspora continues to the present day Central to Beinin's study is the question of how people handle multiple identities and loyalties that are dislocated and reformed by turbulent political and cultural processes It is a question he grapples with himself and his reflections on his experiences as an American Jew in Israel and Egypt offer a candid personal perspective on the hazards of marginal identities In this provocative and wide ranging history Joel Beinin examines fundamental questions of ethnic identity by focusing on the Egyptian Jewish community since 1948 A complex and heterogeneous people Egyptian Jews have become even more diverse as their d *The Egyptian Intelligence Service* Owen L. Sirrs, 2010-02-25 This book analyzes how the Egyptian intelligence community has adapted to shifting national security threats since its inception 100 years ago Starting in 1910 when the modern Egyptian intelligence system was created to deal with militant nationalists and Islamists the book shows how the security services were subsequently reorganized augmented and centralized to meet an increasingly sophisticated array of challenges including fascism communism army unrest Israel France the United Kingdom conservative Arab states the Muslim Brotherhood and others The book argues that studying Egypt's intelligence community is integral to our understanding of that country's modern history regime stability and human rights record Intelligence studies have been described as the missing dimension of international relations It is clear that intelligence agencies are pivotal to understanding the nature of many Arab regimes and their decision making processes and there is no published history of modern Egyptian intelligence in either a European language or in Arabic though Egypt has the largest and arguably most effective intelligence community in the Arab world This book will fill a clear gap in the intelligence literature and will be of much interest to students of intelligence studies Middle Eastern politics international security and IR in general **Nasser** Said K. Aburish, 2013-11-05 Nasser is a definitive and engaging portrait of a man who stood at the center of this continuing clash in the Middle East Since the death of Egyptian president Gamal Abdel Nasser in

1970 there has been no ideology to capture the imagination of the Arab world except Islamic fundamentalism Any sense of completely secular Arab states ended with him and what we see today happening in the Middle East is a direct result of Western opposition to Nasser's strategies and ideals Nasser is a fascinating figure fraught with dilemmas With the CIA continually trying to undermine him Nasser threw his lot in with the Soviet Union even though he was fervently anti Communist Nasser wanted to build up a military on par with Israel's but didn't want either the 56 or 67 wars This was a man who was a dictator but also a popular leader with an ideology which appealed to most of the Arab people and bound them together While he was alive there was a brief chance of actual Arab unity producing common honest and incorruptible governments throughout the region More than ever the Arab world is anti Western and teetering on disaster and this examination of Nasser's life is tantamount to understanding whether the interests of the West and the Arab world are reconcilable

The Myths of Zionism John Rose,2004-09-20 Ancient medieval and modern this book is a critical account of the historical political and cultural roots of Zionism Scrutinising the roots of the myths of Zionism and mobilising recent scholarship John Rose shows how many of these stories as with other mythologies have no basis in fact However because Zionism is a living political force and these myths have been used to justify very real and political ends namely the expulsion and continuing persecution of the Palestinians John Rose separates fact from fiction presenting a detailed analysis of their origins and development This includes a challenge to Zionism's biblical claims using very recent and very startling Israeli archaeological conclusions This book shows clearly how Zionism makes many false claims on Jewish religion and history

Decolonization, Sovereignty, and Peacekeeping Hanny Hilmy,2020-09-29 This book analyses three major themes decolonization sovereignty and peacekeeping Their interaction during the national liberation struggle during the Cold War culminating in the 1956 Suez War addresses the principle of national sovereignty after World War II in the framework of the UN Charter The new peacekeeping operations were used in many conflicts during which the Charter's theory and application were tested The rise of the USA as the key Western power and Israel's special role in the Middle East have created a new confrontational dynamic for the entire region The interaction between the book's main themes in the field has led to the principles of peacekeeping in international and national conflicts being reviewed in light of the discredited Capstone Doctrine The author argues that state sovereignty is sacrosanct but humanitarian interventions are equally imperative in his view Striking the right balance is crucial for

managing conflicts The author offers a well informed historical account and an authoritative political analysis was exposed to UNEF deployments and termination and knows key peacekeeping actors draws on original documents memoirs and interviews includes unpublished photos and previously unavailable documentary material has experience in government and academia [Library of Congress Subject Headings](#) Library of Congress,2002 **Russia and the Arabs** Yevgeny Primakov,2009-09-22 Part memoir part history Russia and the Arabs reveals the past half century in the Middle East from a viewpoint seldom seen by Westerners Yevgeny Primakov formerly the head of the Russian Foreign Intelligence Service Foreign Minister and Prime Minister of Russia exposes how key political events unfolded through the personal interactions and rivalries among notable leaders from Yasser Arafat and Yitzhak Rabin to Anwar Sadat and Saddam Hussein whom he knew personally He shows how the 1967 and 1973 Arab Israeli wars developed exposes Russia s previously unknown role in the 1991 Gulf War and assesses Russia s Middle East policies alongside those of other foreign players including the United States The author s first hand accounts of behind the scenes encounters and his insights into what really drove the region s key events make Russia and the Arabs an essential read for everyone interested in world affairs
