Beauty and the Soul Piero Ferrucci, 2009-08-20 The bestselling author of *The Power of Kindness* shows how the ability to appreciate beauty far from being a luxury or an afterthought is vital to leading a happy balanced and satisfying life Beauty is all around us in a flower a song the sound of falling water or a dramatic painting We often think of it as just window dressing But it s not It is the balm of our existence

and we cannot live full and satisfying lives without it Transpersonal psychologist Piero Ferrucci helps us to see everyday beauty in a whole new way and to understand its powers to guide us through periods of darkness or stress to speed recovery to make life feel purposeful He uses stories case studies clinical histories and anecdotes to explain how different kinds of beauty complement and complete our lives in different ways So much of the malaise and low grade depression we may find in our lives and those of people we love is due to our inability to understand the extraordinary power and necessity of taking time to smell the flowers Ferrucci shows how we can place ourselves in closer proximity to the therapeutic healing that only beauty can bring **The Book Review Digest** ,2005 **Newsletter** New Zealand Mathematical Society,2004
