Quake City:

Quake City St John Karp, 2020-08-11 Andre met his best friend Amy on a night like tonight The way Amy tells it she had to stop him from climbing over the bar at Auntie Bob's to punch the bartender though if you ask Andre he'll say What That never happened I don't even know what you're saying to me right now Now Amy is worryingly missing in action and Andre goes to Auntie Bob's on a quest to find her No sooner does he walk in with his depressingly heterosexual date than his best hat is spirited away by a lesbian in the throes of breaking up with her girlfriend She in turn has it stolen from her when she starts a fight with two twinkies at the bar The hat makes its way around Auntie Bob's from one head to another giving glimpses into the dozens of stories playing out at the same time unaware of each other but colliding in catastrophic ways Can Andre find Amy before this party devolves into a nightmare of broken hearts malevolent drag queens and spontaneous human combustion Or has it always happened this way every night at Auntie Bob's **Quake City Club** The **Post-Earthquake City** Paul

Cloke, David Conradson, Eric Pawson, Harvey C. Perkins, 2023-02-15 This book critically assesses Christchurch New Zealand as an evolving post earthquake city It examines the impact of the 2010-13 Canterbury earthquake sequence employing a chronological structure to consider damage and displacement recovery and renewal and the city in transition It offers a framework for understanding the multiple experiences and realities of post earthquake recovery It details how the rebuilding of the city has occurred and examines what has arisen in the context of an unprecedented opportunity to refashion land uses and social experience from the ground up A recurring tension is observed between the desire and tendency of some to reproduce previous urban orthodoxies and the experimental efforts of others to fashion new cultures of progressive place making and attention to the more than human city The book offers several lessons for understanding disaster recovery in cities It illuminates the opportunities disasters create for both the reassertion of the familiar and the emergence of the new highlights the divergence of lived experience during recovery and considers the extent to which a post disaster city is prepared for likely climate futures The book will be valuable reading for critical disaster researchers as well as geographers sociologists urban planners and policy makers interested in disaster recovery Women and the Everyday City Jessica Ellen

Sewell, 2011 In *Women and the Everyday City* Jessica Ellen Sewell explores the lives of women in turn of the century San Francisco A period of transformation of both gender roles and American cities she shows how changes in the city affected women's ability to negotiate shifting gender norms as well as how women's increasing use of the city played a critical role in the campaign for women's suffrage Focusing on women's everyday use of streetcars shops restaurants and theaters Sewell reveals the impact of women on these public places what women did there which women went there and how these places were changed in response to women's presence Using the diaries of three women in San Francisco Annie Haskell Ella Lees Leigh and Mary Eugenia Pierce who wrote extensively on their everyday experiences Sewell studies their accounts of day trips to the city and combines them with memoirs newspapers maps photographs and her own observations of the buildings

that exist today to build a sense of life in San Francisco at this pivotal point in history Working at the nexus of urban history architectural history and cultural geography Women and the Everyday City offers a revealing portrait of both a major American city during its early years and the women who shaped it and the country for generations to come
