Two Charlestonians at War Barbara L. Bellows, 2018-02-21 Tracing the intersecting lives of a Confederate plantation owner and a free black Union soldier Barbara L Bellows *Two Charlestonians at War* offers a poignant allegory of the fraught interdependent relationship between wartime enemies in the Civil War South Through the eyes of these very different soldiers Bellows brings a remarkable new perspective to the oft told saga of the Civil War Recounted in alternating chapters the lives of Charleston natives born a mile apart Captain Thomas Pinckney and Sergeant Joseph Humphries Barquet illuminate one another's motives for joining the war as well as the experiences that shaped their worldviews Pinckney a rice planter and scion of one of America's founding families joined the Confederacy in hope of reclaiming an idealized agrarian past and Barquet a free man of color and brick mason fought with the Union to claim his rights as an American citizen Their circumstances set the two men on seemingly divergent paths that nonetheless crossed on the embattled coast of South

Carolina Born free in 1823 Barquet grew up among Charleston's tight knit community of the colored elite During his twenties he joined the northward exodus of free blacks leaving the city and began his nomadic career as a tireless campaigner for black rights and abolition In 1863 at age forty he enlisted in the 54th Massachusetts Volunteer Infantry the renowned Glory regiment of northern black men His varied challenges and struggles including his later frustrated attempts to play a role in postwar Republican politics in Illinois provide a panoramic view of the free black experience in nineteenth century America In contrast to the questing Barquet Thomas Pinckney remained deeply connected to the rice fields and maritime forests of South Carolina He greeted the arrival of war by establishing a home guard to protect his family's Santee River plantations that would later integrate into the 4th South Carolina Cavalry After the war Pinckney distanced himself from the racist violence of Reconstruction politics and focused on the daunting task of restoring his ruined plantations with newly freed laborers The two Charlestonians chance encounter on Morris Island where in 1864 Sergeant Barquet stood guard over the captured Captain Pinckney inspired Bellows compelling narrative Her extensive research adds rich detail to our knowledge of the dynamics between whites and free blacks during this tumultuous era Two Charlestonians at War gives readers an intimate depiction of the ideological distance that might separate American citizens even as their shared history unites them

The State of Native America M. Annette Jaimes, 1992 Essays by Native American authors and activity on contemporary Native issues including the quincentenary **The Anxious Triumph** Donald Sassoon, 2019-06-27 A magnum opus an accessible and genuinely global history This is a book for today and tomorrow Financial Times Capitalist enterprise has existed in some form since ancient times but the globalization and dominance of capitalism as a system began in the 1860s when in different forms and supported by different political forces states all over the world developed their modern political frameworks the unifications of Italy and Germany the establishment of a republic in France the elimination of slavery in the American south the Meiji Restoration in Japan the emancipation of the serfs in Tsarist Russia This book magnificently explores how after the upheavals of industrialisation a truly global capitalism followed For the first time in the history of humanity there was a social system able to provide a high level of consumption for the majority of those who lived within its bounds Today capitalism dominates the world With wide ranging scholarship Donald Sassoon analyses the impact of capitalism on the histories of many different states and how it creates winners and losers by constantly innovating This chronic instability he writes is the foundation of its advance not a fault in the system or an incidental by product And it is this instability this constant churn which produces the anxious triumph of his title To control or alleviate such anxieties it was necessary to create a national community if necessary with colonial adventures to develop a welfare state to intervene in the market economy and to protect it from foreign competition Capitalists needed a state to discipline them to nurture them and to sacrifice a few to save the rest a state overseeing the war of all against all Vigorous argumentative surprising and constantly stimulating The Anxious Triumph gives a fresh perspective on all these questions and on its era It is a masterpiece
