Setting Limits Medical Goals In An Aging Society:

Setting Limits Daniel Callahan, 1988 The author reexamines our medical and social policies concerning the aged and makes several cogent recommendations *Setting Limits* Daniel Callahan, 1995-03-01 A provocative call to rethink America's values in health care **Setting Limits** Daniel Callahan, 1995 Sparking controversy in medical social and professional circles the nation's most respected medical ethicist strikes at the heart of America's growing health care crisis the care of the aged The New York Times Book Review calls *Setting Limits* A pivotal work the benchmark for future moral medical and policy discussions of aging *The Encyclopedia of Aging* Richard Schulz, 2006 Print CourseSmart **Old Age and the Search for Security** Carole Haber, Brian Gratton, 1993-12-22 Haber and Gratton lay to rest many conventional assumptions concerning the place of older persons in American history Choice Haber and Gratton's meaty little book does more than provide an intelligent synthesis of existing old age history its new interpretations insights and shifts of emphasis will provoke responses and help move historians work away from the now threadbare original disputes in the field toward new questions and approaches American Historical Review Indeed Haber and Gratton give us a refreshingly multidimensional history of the shift in old age security from work assets or children to government annuities Contemporary Sociology the history of old age has finally come of age The authors successfully synthesize the best of the earlier social and cultural studies with new empirical evidence and recent findings of economic historians Journal of Economic History A truly revisionary interpretation of the cultural and structural forces that shaped the elderly's lives from the colonial period to the present Lucid and controversial it is bound to be widely cited and hotly contested W Andrew Achenbaum This social history of the American elderly offers a provocative new view of aging in the United States It revises traditional assumptions about the economic status of the old and challenges the long held contention that industrialization destroyed family relationships *Aging* Harry R. Moody, 2006-01-13 Welcome to the world's most unique and dynamic textbook on aging Widely praised and adopted in previous editions the Fifth Edition of *Aging* once again presents key issues in an engaging and accessible fashion Organized unlike any other traditional textbook author Harry R Moody presents basic concepts followed by controversies supported by carefully chosen adapted readings The result is the most captivating introduction to gerontology available today **Aging: Culture, Health, and Social Change** David N. Weisstub, David C. Thomasma, S. Gauthier, G.F. Tomossy, 2013-06-29 Culture Health and Social Change is the first of three volumes on Aging conceived for the International Library of Ethics Law and the New Medicine Leading scholars from a range of disciplines contest some of the predominant paradigms on aging and critically assess modern trends in social health policy How we approach and understand aging will have indelible effects on existing and future elder citizens Acknowledging the cultural variances that exist in the human experience of aging is therefore of vital importance in order to respond to individual needs in a manner that is not paternalistic discriminatory or exclusionary **Aging in Hong Kong** Jean Woo, 2012-09-06 With the longest life expectancy for men and the second

longest for women Hong Kong typifies our planet's aging population The daily lives of its older adults closely match the advantages and disadvantages experienced by urban elders in other developed countries For these reasons Hong Kong's elderly serve as a salient guide to older people's social psychological and healthcare needs concerns of increasing importance as the world grows older Aging in Hong Kong examines this emblematic population as a case study specifically in comparison with their counterparts in the West shedding light on diverse interrelated currents in the aging experience Referencing numerous international studies the book contrasts different health service arrangements and social factors and relates them to a variety of health outcomes Its wide ranging coverage documents health and illness trends reviews age friendly policy initiatives relates health literacy to patients active role in their own care and discusses elders as an underserved group in the division of limited health funding and resources This multiple focus draws readers attention to policies that need revisiting or retooling as chapters analyze major life areas including Living environment Retirement and post retirement employment issues Financial asset management Health literacy regarding aging issues Elder positive service delivery models Ageism in the prioritization of healthcare End of life issues By assembling such a wealth of data on its subject Aging in Hong Kong puts ongoing challenges into clear focus for gerontologists sociologists health and cross cultural psychologists public health policymakers and others involved in improving the quality of elders lives *The Meanings of Age* Bernice L.

Neugarten,1996-12-15 Neugarten who explains and highlights Neugarten's contributions in light of the most recent research in the fields of gerontology and social policy Carefully edited by Dail A Neugarten each chapter presents the reader with Bernice Neugarten's original formulations on topics such as age norms and age constraints the changing meanings of age and age neutral social policy *Public Health and Aging* Tom Hickey,Marjorie A. Speers,Thomas R. Prohaska,1997-05-02

The role of public health in the planning coordination and delivery of health promotion and disease prevention services to older people living outside of institutional settings Selected by Choice Magazine as an Outstanding Academic Title Current issues in the public health arena have challenged the system to broaden its traditional focus on infectious disease to include chronic disease as well As this change in emphasis takes place professionals must be prepared to address the special chronic health concerns of older people living in the community This textbook meets the training needs of those professionals Public Health and Aging examines the role of public health in the planning coordination and delivery of health promotion and disease prevention services to older people living outside of institutional settings Here experts in the areas of health care policy and care of aged persons analyze the scientific basis for the practice of public health in an increasingly aging society Reviewing a wide range of the social cultural financial and environmental factors that influence the health experiences of older population groups the authors delve into the epidemiology of age related chronic illnesses program development methodological issues data collection and analysis strategies for intervention and ethics From outlines for community based program planning and development to discussions about the future challenges for health care systems and services this book

is an ideal reference for gerontology public policy and public health professionals and professionals in training
