Setting The East Ablaze Lenins Dream Of An Empire In Asia:

Setting the East Ablaze Peter Hopkirk,1985 Setting the East Ablaze Peter Hopkirk,2006 Let us turn our faces towards Asia exhorted Lenin when the long awaited revolution in Europe failed to materialize The East will help us conquer the West Peter Hopkirk s book tells for the first time the story of the Bolshevik attempt to set the East ablaze with the heady new gospel of Marxism Lenin s dream was to liberate the whole of Asia but his starting point was British India A shadowy undeclared war followed Among the players in this new Great Game were British spies Communist revolutionaries Muslim visionaries and Chinese warlords as well as a White Russian baron who roasted his Bolshevik captives alive Here is an extraordinary tale of intrigue and treachery barbarism and civil war whose violent repercussions continue to be felt in Central Asia today **Setting the East Ablaze** Peter Hopkirk,1984 Setting the East Ablaze Peter Hopkirk,2001 Peter Hopkirk s book tells for the first time the story of the Bolshevik attempt between the wars to set the East ablaze with the new gospel of Marxism Lenin s dream was to liberate the whole of Asia but his starting point was British India A shadowy undeclared war followed Among the players in this new Great Game were British Indian intelligence officers and the professional revolutionaries of the Communist International There were also Muslim visionaries and Chinese warlords as well as a White Russian baron who roasted his Bolshevik captives alive Here is an extraordinary tale of intrigue and treachery barbarism and civil war whose echoes continue to be heard in Central Asia today **Rivalry and Revolution in South and East Asia** Partha S. Ghosh,2019-05-23 First published in 1997 this study reveals the forces of nationalism and internationalism at work side by side in the populous and volatile regions of South and East Asia which make up the 11 chapters of this volume They cover regional security political economy territorial disputes and national unification Problems such as those of Cambodia and the nuclearization of India Pakistan and North Korea create serious international concern while unresolved regional issues force nationalistic and military conflict The irresistible popular pressure for economic integration with the global system often without any corresponding commitment to political freedom underlies it all The cumulative effect of these diverse processes creates an explosive mix of international rivalries and national revolutions which raises the question of the possible arrival of the Asian Century Super Continent Kent E. Calder,2019-04-30 A Eurasian transformation is underway and it flows from China With a geopolitically central location the country s domestic and international policies are poised to change the face of global affairs The Belt and Road Initiative has called attention to a deepening Eurasian continentalism that has argues Kent Calder much more significant implications than have yet been recognized In Super Continent Calder presents a theoretically guided and empirically grounded explanation for these changes He shows that key inflection points beginning with the Four Modernizations and the collapse of the Soviet Union and culminating in China s response to the Global Financial Crisis and Crimea s annexation are triggering tectonic shifts Furthermore understanding China s emerging regional and global roles involves comprehending two ongoing

transformations within China and across Eurasia as a whole and that the two are profoundly interrelated Calder underlines that the geo economic logic that prevailed across Eurasia before Columbus and that made the Silk Road a central thoroughfare of world affairs for close to two millennia is reasserting itself once again Revolution, Defeat and Theoretical Underdevelopment Loren Goldner,2016-08-01 The historical studies presented here examine four ideologies Leninism Trotskyism anarchism and anti imperialism still with us however different and diffuse in form They are a contribution to the worldwide Marx renaissance of recent decades which has helped clear away the legacies of the Second Third and Fourth Internationals not to mention of the real existing socialism of the Soviet Union and its bastard progeny These revolutionary predecessors did not fail because they had the wrong ideas in contrast to today they were merely embedded in an earlier dynamic where capitalism globally was not yet fully dominant The cases of Russia Turkey Spain and Bolivia allow us to measure the distance between their epoch and our own and to clear away their problematic legacies **Great Game On** Geoff Raby,2024-11-12 Great Game On is the story of the remaking of the world order Historically China has sought its security by building dominant relationships with pliant states that accept its pre eminence Its expanding role and influence in Central Asia has been as incremental and piecemeal as it has been deliberate Without firing a shot China could potentially end the United States international primacy to become the most consequential global power With its emergence as the leading power in Eurasia based on its inexorable economic rise and Putin s folly in Ukraine China has been released from its past existential anxieties about land based threats from Eurasia It now has the chance to project its power globally as the US did from the early twentieth century when it became the dominant power in the western hemisphere What threats and risks must China address And what happens when China becomes the established stable dominant power in Eurasia Australia s former ambassador to China Geoff Raby takes the reader on a journey across Eurasia to understand the forces shaping its geopolitics Raby enriches this analysis by weaving his own travel stories experiences and adventures into the fabric of his narrative This book is geopolitics on a grand canvas written from the ground up The Caspian World Abbas Amanat,Kevin Gledhill,Kayhan A. Nejad,2025-08-15 The Caspian World is a wide ranging exploration of the strategic political and commercial significance of the Caspian Sea a site where empires Russian Persian Ottoman and British competed warred and collaborated As with the Mediterranean the Indian Ocean or the Black Sea the geography of the Caspian Sea creates a sphere of unique political dynamics and possibilities and the essays in this volume describe the role of the Caspian as a force of connection as well as a source of threats to the states on its shores Rather than narrating history through binary state to state relationships however The Caspian World uncovers the sea as a space of multi sided exchanges and numerous centers tracing how the Caspian has shaped the commercial intellectual diplomatic and imperial projects throughout the region Contributors Ulfat Abdurasulov Abbas Amanat Elena Andreeva George Bournoutian Iurii Demin Layla S Diba Etienne Forestier Peyrat Kevin Gledhill Guido Hausmann Kayhan A Nejad Matthew P Romaniello Saghar Sadeghian Alisa

Shablovskaia Ernest Tucker Denis V Volkov Murat Ya ar Rustin Zarkar *Sword of Islam* John Francis Murphy, 2010-07-30

Undoubtedly timely and full of fascinating detail *Sword of Islam* is a thorough well researched and revealing account of global Islamic terrorism A military historian John F Murphy Jr traces the intricate interconnections among various terrorist cells including Osama Bin Laden s Al Qaeda and its relationship with the Taliban of Afghanistan the Muslim Brotherhood of Egypt Islamic Moro extremists in the Philippines obscure Algerian terrorist groups and other sympathetic underworld organizations in Lebanon the West Bank and the Gaza Strip Syria Libya Yemen Pakistan and even South America He also puts recent terrorist attacks in historical context by discussing such key events as the rise of Arab nationalism following Israel s victory in the 1948 war the Black September killings of Israeli athletes at the 1972 Olympics the 1976 rescue at Entebbe by Israeli commandos of hostages abducted by German terrorists the terrorist plots of the infamous Carlos the Jackal the bombing of the US Marine barracks in Beirut in 1983 and the impact of the 1979 Iranian Revolution and the Mujahideen resistance of the Russian invasion of Afghanistan in the same year This book supplies the answer to the question that has been on the minds of all Americans since September 11 Why do they hate us Murphy makes it clear that as the chief backer of Israel the United States is seen by extremists as the evil power behind the hated Zionist enemy But he also emphasizes that in the final analysis we are the only country with the power to bring these attacks to a halt
