

Settlers Children

GROWING UP ON THE GREAT PLAINS

By Elizabeth Hampsten

Settlers Children Growing Up On The Great Plains

Karin Nielsen-Saines

Settlers Children Growing Up On The Great Plains:

Settlers' Children Elizabeth Hampsten, 1991 Letters diaries reminiscences and oral interviews explore what it was like for children in the first settlement generation of the Great Plains

Growing Up in Pioneer America, 1800 to 1890 Judith Pinkerton Josephson, 2002-09-01 Describes what life was like for young people moving to and living on the western frontier

Settling the Canadian-American West, 1890-1915 John William Bennett, 1995-01-01 This anthropological history tells the story of homesteading and community organization in the Canadian American West through personal reminiscences and locally written histories John W Bennett and Seena B Kohl interpret those stories through the lenses of history and social science and they present a view of settlement experience as one phase of the evolving postfrontier society and culture of western North America *Settling the Canadian American West 1890 1915* contains a synthesis of Canadian and U S settlement experiences giving to the extent possible equal space to both sides of the international boundary The experiences of people in these adjacent territories were virtually identical with emigrant populations from the same countries and socioeconomic strata Among other aspects of the homesteading experience the authors explore the interactive adaptation that developed in the West Networks of mutual aid reverently remembered by the voices found in these pages eased the inevitable hardships

Childhood on the Farm Pamela Riney-Kehrberg, 2023-01-13 As the United States transformed itself from an agricultural to an industrial nation thousands of young people left farm homes for life in the big city But even by 1920 the nation s heartland remained predominantly rural and most children in the region were still raised on farms Pamela Riney Kehrberg retells their stories offering glimpses both nostalgic and realistic of a bygone era As Riney Kehrberg shows the experiences of most farm children continued to reflect the traditions of family life and labor albeit in an age when middle class urban Americans were beginning to redefine childhood as a time reserved for education and play She draws upon a wealth of primary sources not only memoirs and diaries but also census data to create a vivid portrait of midwestern farm childhood from the early post Civil War period through the Progressive Era growing pains of industrialization Those personal accounts resurrect the essential experience of children s work play education family relations and coming of age from their own perspectives Steering a middle path between the myth of wholesome farm life and the reality of work that was often extremely dangerous Riney Kehrberg shows both the best and the worst that a rural upbringing had to offer midwestern youth a time before mechanization forever changed the rural scene and radio broke the spell of isolation Down on the farm truancy was not uncommon and chores were shared across genders Yet farm children managed to indulge in inventive play much of it homemade to supplement store bought toys and to get through the long spells between circuses Filled with insightful personal stories and graced with dozens of highly evocative period photos *Childhood on the Farm* is the only general history of midwestern farm children to use narratives written by the children themselves giving a fresh voice to these forgotten years Theirs was a way of life that was disappearing even as they lived it and this book offers new insight into why

even if many rural youngsters became urban and suburban adults they always maintained some affection for the farm

Daughter of the Regiment Mary Leefe Laurence, 1999-09-01 The young daughter of an English born U S infantry officer on the post Civil War frontier Mary Leefe had the childhood of an army nomad accompanying the regiment from south Texas to the boundary with Canada In faithfully recording her varied experiences as a camp follower she offers extensive and unique memoirs on life as a child and adolescent in the twilight of the Indian fighting army She considered herself a part of her father s unit ever mindful of the heritage of noblesse oblige the honor of the army and esprit de corps of the regiment We were part and parcel of this and must never disgrace it Leefe s formative memories were of the death of the regimental colonel in battle with the Cheyennes and of the dangerous thrill of watching an Ute war dance When her father s company was assigned to guard Apache prisoners of war in Alabama she came to know and fear Geronimo whose terrible eyes haunted my dreams but she developed a lasting respect and admiration for such leaders as Chihuahua Nana and Naiche Leefe offers the reader much more than frontier anecdotes of a youth who comes of age in the fading West A largely uncritical observer Leefe was indeed a product of her place and time and so can report on the military community with affection humor and sympathetic understanding

The Lonesome Plains Louis Fairchild, 2002 Loneliness pervaded the lives of pioneers on the American plains including the empty expanses of West Texas Most settlers lived in isolation broken only by occasional community gatherings such as funerals and religious revivals In *The Lonesome Plains* Louis Fairchild mines the letters and journals of West Texas settlers as well as contemporary fiction and poetry to record the emotions attending solitude and the ways people sought relief Hungering for neighborliness people came together in times of misfortune sickness accident and death and at annual religious services In fascinating detail Fairchild describes the practices that grew up around these two focal points of social life He recounts the building of coffins and preparation of a body for burial the conflicting emotions of the pain of death and the hope of heaven the funeral rite itself the lost and lonely graves And he tells the story of yearly outdoor revivals the choice of the meeting site and construction of the arbor or other shelter the provision of food the music and emotionally charged services and tangential courting and mischief Loneliness is most recognized as a feature of life in the time of the early West Texas cattle industry a period of sprawling cattle ranches and legendary cattle drives roughly from 1867 to 1885 But Fairchild shows that it also characterized the lives of settlers who lived in West Texas from the beginning of permanent settlement of the Texas Panhandle around 1876 through the population shift that occurred around the turn of the century as farmers and their families supplanted ranchers and their cattle Fairchild draws on primary materials of the early residents to give voice to the settlers themselves and skillfully weaves a moving picture of life in the open spaces of West Texas during the frontier rural period of the late nineteenth and early twentieth centuries

On the Borders of Love and Power David Wallace Adams, Crista DeLuzio, 2012-07-09 Embracing the crossroads that made the region distinctive this book reveals how American families have always been characterized by greater diversity than idealizations of the traditional family

have allowed The essays show how family life figured prominently in relations to larger struggles for conquest and control

John Muir Sally M. Miller,Daryl Morrison,2005 New information on the life of the famed environmentalist presented in
2001 at the John Muir Institute hosted by the John Muir Center **Great Plains Quarterly** ,1993 *Frontier Children*
Linda Peavy,Ursula Smith,2002-10-01 Vintage photographs accompany the stories of pioneer children and their families

The Enigmatic Realm of **Settlers Children Growing Up On The Great Plains**: Unleashing the Language is Inner Magic
