Seven Dialogues On Goodness:

Seven Dialogues on Goodness Joseph Norio Uemura,1986 Amyntas and Philetus: or, Christian conversation, 7 dialogues Titus Knight,1770 *Universal Justice* Albert A. Anderson,2021-11-29 The modern era was dominated by conflicts between claims to certainty about justice and denials that certainty is warranted The purpose of this book is to develop a postmodern alternative to both philosophies one which is universal without being absolutist The approach is dialectical in Plato s sense of that term Dialectic is both necessary and sufficient for the theoretical and the practical aspects of living The primary symbol in this book is the Athenian Socrates who spent his days in the Agora and his evenings in the houses of his friends the active professionals of the world s first democracy His questions were unabashedly philosophical concerned with the most urgent matters What is worth living for What is worth dying for Who is best suited to rule in the state How should young people be educated The nature of justice is closely connected with other questions of value so the discussion freely moves from that central focus to related matters with the primary goal of developing a dialectical philosophy that is both applicable to life and open to all Universal Justice is concerned with how to think about justice rather than what to think about justice *A Dialogue on Giving, for Sunday School anniversaries. Arranged for three boys* DIALOGUE.,1869 Good and Evil Raimond Gaita,2004-03-01 Raimond Gaita s Good and Evil is one of the most important original and provocative books on the nature of morality to have been published in recent years It is essential reading for anyone interested in what it means to talk about good and evil Gaita argues that questions about morality are inseparable from the preciousness of each human being an issue we can only address if we place the idea of remorse at the centre of moral life Drawing on an astonishing range of thinkers and writers including Plato Wittgenstein George Orwell and Primo Levi Gaita also reflects on the place of reason and truth in morality and ultimately how questions about good and evil are connected to the meaning of our lives This revised edition of Good and Evil includes a substantial new preface and afterword by the author

Reflections on the Mind of Plato Joseph Norio Uemura,Plato,2010-07-03 Joseph Uemura guides us through six dialogues in an effort to promote a dialectical quest rather than a final resting place *The British Protestant youth's instructor, 7 dialogues* Samuel Browne (of Tadley.),1819 **The Elocutionist's Annual ...** Jacob W. Shoemaker,1888

Bernardino Ochino, of Siena: a Contribution Towards the History of the Reformation Karl Benrath,1876 The Symposium and the Phaedrus Plato,1993-01-01 The Symposium and the Phaedrus are combined here because of their shared theme a reflection on the nature of erotic love the love that begins with sexual desire but can transcend that origin and reach even the heights of religious ecstasy This reflection is carried out explicitly in the speeches and conversations in the dialogues and implicitly in the dramatic depiction of actions and characters Thus the two dialogues deal with a theme of enduring interest and are interesting for both their literary and their philosophical character In addition to the introduction the book contains substantial commentaries and thorough endnotes Key Greek terms are discussed for readers who are

unfamiliar with the language A special feature is a discussion on the importance of the dramatic and literary aspects of the dialogues for interpreting their philosophical content The introductions deal with the nature of the dialogues themselves as philosophical texts and with Plato s philosophical assumptions and key concepts as well as with the necessary background of Athenian society The endnotes clarify any ambiguities and obscurities in the original text identifying all references to people places gods et cetera The commentaries are designed to open up the dialogues for the reader showing the issues that have been debated by commentators and considering some of the responses to them They are designed to stimulate further reflection
