Seventh Horse And Other Tales:

The Seventh Horse, and Other Tales Leonora Carrington, 1988 *The Seventh Horse, and Other Tales* Leonora Carrington, 1988 *The Seventh Horse and Other Stories* Leonora Carrington, 1988 *Significant Others: Creativity & Intimate Partnership* Whitney Chadwick, 2018-04-17 Biographies of artists and writers have traditionally presented an individual's lone struggle for self-expression. In this book, critics and historians challenge these assumptions in a series of essays that focus on artist and writer couples who have shared sexual and artistic bonds. Featuring duos such as Auguste Rodin and Camille Claudel, Sonia and Robert Delaunay, Vanessa Bell and Duncan Grant, and Jasper Johns and Robert Rauschenberg, this book combines biography with evaluation of each partner's work in the context of the relationship.

Difference in View Gabriele Griffin, 1994 This collection of essays challenges conceptions of high modernism. The book focusses specifically on women's cultural production, covering a wide range of arts and genres, including chapters on painting, theatre, and magazines. *Alchemy, Jung, and Remedios Varo* Dennis Pottenger, 2021-05-03 *Alchemy, Jung, and Remedios Varo* offers a depth psychological analysis of the art and life of Remedios Varo, a Spanish surrealist painter. The book uses Varo's paintings in a revolutionary way to critique the patriarchal underpinnings of Jungian psychology, alchemy, and Surrealism, illuminating how Varo used painting to address cultural complexes that silence female expression. The book focuses on how the practice of alchemical psychology through the power of imagination and the archetypal Feminine can lead to healing and transformation for individuals and culture. *Alchemy, Jung, and Remedios Varo* offers the first in-depth psychological treatment of the role alchemy played in the friendship between Varo and Leonora Carrington, a connection that led to paintings that protest the pitfalls of patriarchy. This unique book will be of great interest for academics, scholars, and postgraduate students in the fields of analytical psychology, art history, Surrealism, cultural criticism, and Jungian studies.

The Cambridge History of the English Short Story Dominic Head, 2016-11-14 *The Cambridge History of the English Short Story* is the first comprehensive volume to capture the literary history of the English short story. Charting the origins and generic evolution of the English short story to the present day and written by international experts in the field, this book covers numerous transnational and historical connections between writers, modes, and forms of transmission. Suitable for English literature students and scholars of the English short story, generally, it will become a standard work of reference in its field. *Subversive Intent* Susan Rubin Suleiman, 1990 With this important new book, Susan Suleiman lays the foundation for a postmodern feminist poetics and theory of the avant-garde. She shows how the figure of Woman as fantasy myth or metaphor has functioned in the work of male avant-garde writers and artists of this century. Focusing also on women's avant-garde artistic practices, Suleiman demonstrates how to read difficult modern works in a way that reveals their political as well as their aesthetic impact. Suleiman directly addresses the subversive intent of avant-garde movements from Surrealism to postmodernism. Through her detailed readings of provocatively transgressive works by Andr  Breton, Georges Bataille,

Roland Barthes Alain Robbe Grillet Marcel Duchamp Max Ernst and others Suleiman demonstrates the central role of the female body in the male erotic imagination and illuminates the extent to which masculinist assumptions have influenced modern art and theory By examining the work of contemporary women avantgarde artists and theorists including H l ne Cixous Marguerite Duras Monique Wittig Luce Irigaray Angela Carter Jeanette Winterson Leonora Carrington Barbara Kruger Jenny Holzer and Cindy Sherman Suleiman shows the political power of feminist critiques of patriarchal ideology and especially emphasizes the power of feminist humor and parody Central to Suleiman s revisionary theory of the avant garde is the figure of the playful laughing mother True to the radically irreverent spirit of the historical avant gardes and their postmodernist successors Suleiman s laughing mother embodies the need for a link between symbolic innovation and political and social change

Soft Living Architecture Rachel Armstrong,2018-09-06 Soft Living Architecture explores the invention of new architectures based on living processes It crafts a unique intersection between two fast developing disciplines biomimicry and biodesign in architecture and bioinformatics and natural computing in the natural sciences This is the first book to examine both the theory and methodology of architecture and design working directly with the natural world It explores a range of approaches from the use of life like systems in building design to the employment of actual growing and living cell and tissue cultures as architectural materials creating architecture that can change learn and grow with us The use of living architecture is cutting edge and speculative yet it is also inspiring a growing number of designers worldwide to adopt alternative perspectives on sustainability and environmental design The book examines the ethical and theoretical issues arising alongside case studies of experimental practice to explore what we mean by natural in the Anthropocene and raise deep questions about the nature of design and the design of nature This provocative and at times controversial book shows why it will become ever more necessary to embrace living processes in architecture if we are to thrive in a sustainable future
