Sex Perfect The Art Of Sexual Intercourse:

Sex Perfect David Delvin, 2003-06 Sexperfect celebrates the art of sex giving advice that is simply too precious to ignore All too often we learn about sexual intercourse by trial and error there's nobody to coach us the first time we make love In SexPerfect's eight chapters of informed yet unstuffy text Delvin shows the limitless pleasure that simple sexual intercourse can bring Lavishly illustrated with Lynn Paula Russell's beautiful drawings and unlike most guides with photos of couples having real sex this guide will become the bible for all those who take their sex lives seriously **Sex and Dehumanization** David Holbrook, 2018-04-24 Never before published in the United States David Holbrook's study offers the sort of common sense all too uncommon in this area of study His essential premise is that sex has become converted from an instrument for the expression of happiness and affection into an end unto itself In the search for sexual liberation all that has been accomplished is the mechanization of sexuality and the destruction of the full range of emotions that nourish the human search for social and biological meaning Sex and Dehumanization is one of those rare books that will immediately strike the reader as part of the common wisdom that has somehow been lost in a search for the pleasure principle unhinged from other values and goals During the past quarter century Holbrook argues not only has the concept of sex become increasingly separated from the rest of existence but sex casualties have increased disastrously The spread of AIDS has brought an ominous and deadly manifestation of this thesis into the human equation yet at the same time the response to this menace has been nothing short of manic denial A similar picture emerges in less deadly forms Whatever statistics one examines whether those of sexual activity among young children abortion or sexual disease one finds a grim antidote to any hopes of progress in the sphere of human dealings with the sexual Holbrook locates many of the problems involved in this separation of sex and affection in the emergence of the idea that our lives are governed by impersonal forces beyond human control Sex and Dehumanization is in the great tradition of social history and psychiatric analysis Robert Nye writing in the Scotsman says that Holbrook's diagnosis of our unease should be attentively studied by all who really care about sex and love and the responsibility of freedom Gabriel Pearson in the Guardian echoes this sentiment adding that never has such a secular ethic been so firmly and urgently and usefully stated And John Rex sees the book as containing the germs of important and central moral discussion *The Art of Love* Walter Franklin Robie, 1921 Chapter 1 The kama sutra chapter 2 The psychology of love chapter 3 The art of love chapter 4 The art of love for the unmarried chapter 5 1 The Oneida community and the doctrine of male continence chapter 5 2 The Oneida community continued chapter 6 An unsolicited life story with comments chapter 7 More sex and case histories chapter 8 Brief mention of case illustrating the necessity of universal knowledge of the psychology and art of love chapter 9 Article on sex education and venereal disease in Mental hygiene October 1920 chapter 10 How sex perversions arise and why they increase chapter 11 Free love doctrines discussed deplored and devitalized chapter 12 Prolegomenon and an apotheosis of love **The Art of Sex Coaching** Patti Britton, 2011-01-01 This is the

essential resource for professionals seeking sex positive approaches for their clients Britton shows therapists and counselors how to move their practices fully into sex coaching or simply integrate sex coaching techniques for encouraging sexual self understanding growth and pleasure into their existing therapeutic work Based in the empirical science of sexology and adapted for practitioners looking to enrich their work and enlarge their client base *The Art of Sex Coaching* covers what professionals need to know in order to participate in this exciting new field of coaching **Good Sex** Raymond A.

Belliotti,1993 Rules about sexuality written and unwritten have existed in every culture as have disagreements over what is and isn't acceptable Must morally permissible sex have only one function Must it be heterosexual Must it occur within the confines of the institution of marriage Must it be accompanied by requisite emotions such as love and intimacy **THE ART OF LOVE** W. F. Forbie M.D> ,1921 *Sex, the World History* John R. Gregg,2019-07-26 *Sex The World History Through Time* Religion and Culture is a daring exploration of human sexuality from the ancient to the modern world *Sex The World History* traces sexual attitudes from the transcendent to the bizarre throughout world cultures Unmasked are sexual practices and beliefs previously omitted or obscured from all historical telling In a scathing condemnation of religion and its control of sex the book explores the intricate dance between spirituality and sexuality Revealed for the first time is a history of bisexuality in the majority of human cultures Prior to Christianity bisexual orientation was common in Asia the Pacific Africa the Americas and Europe Religions have controlled sex and gender orientation throughout time The history of LGBTQ across the globe is illuminated here How have women been exploited in sexual and cultural roles from prehistory to present day How does religion affect women's sexuality throughout time The supremacy of the Mother Earth Goddess throughout most of human existence and her relatively recent fall have had drastic consequences for women's sexual expression and identity Other topics included are sex slavery and human trafficking child brides forced marriages Roman Catholic abuses war time sexual crimes Victorian licentiousness the evolution of sexual attitudes in North and South America the sexual revolution of the counter culture Offered here is an encyclopedic tour of the sexuality of humankind *New Millennial Sexstyles* Carol Siegel,2000 *New Millennial Sexstyles* questions the twin feminist orthodoxies that the 1960s sexual revolution failed women and that the sexual attitudes most prominent in current youth cultures are deplorably regressive Comparing the American sexscape she inhabits to the vision of contemporary culture produced by feminist theorists Carol Siegel considers whether the sexual revolution may have succeeded but in ways not recognized by current academic studies of gender and sexuality In discouraging undomesticated heterosexuality academic feminism ignores the connection between mainstream opposition to all unrestrained sexual expression and the growth of new forms of homophobia in our times At the same time the youth subcultures challenges to these views of sexuality and gender have been dismissed as insignificant or misunderstood as sexist In this book they receive more respectful attention Siegel draws on her own experience as a college student to create a personal history of academic feminism's early sympathy with bourgeois values She looks at the

development of American sex advice literature and at the reception of such transgressive popular films as *Basic Instinct*, *Thelma and Louise* and *Natural Born Killers* to demonstrate that the most profoundly capitalist feminist theories have always been the most culturally authoritative. A more encouraging vision emerges in the book's second half where a record of conversations about sex and gender with young people and of their responses to products designed for their consumption takes the reader through some of today's most radical youth cultures and suggests new directions for gender studies.
